1815 Gregor Dallas, 2011-09-30 The seventeen months from April 1814 to August 1815 were an extraordinary period in European history a period which saw two sieges of Paris a complete revision of Europe's political frontiers an international Congress set up in Vienna civil war in Italy and international war in Belgium Gregor Dallas tells the story of these days through the perspectives of three very different European cities the great metropolis of London post revolutionary Paris and baroque Vienna The writing is almost cinematic in its power to evoke and bring to life the Europe of Tolstoy the ebb and flow of power of armies and of peoples across Europe's northern plains Working essentially from primary sources Dallas is as interested in the weather conditions before battle as in the way cartoonists reacted to court intrigues and fashions It is also Europe seen through the eyes of its central players Talleyrand who has served nearly every French regime since the Revolution of 1789 Metternich who devises new plans for a Germany that does not yet exist and for a Europe that remains divided Wellington who reveals himself a diplomat as well as a soldier Tsar Alexander an idealist seeking to impose a uniform plan for all Europe and Boney himself who has his own ideal of Europe and though banished to Elba does not abandon his dream to realise it *No Escape from Love* Barbara Cartland, 2013-02-14 When the Armistice between France and England came to an end in 1803 Napoleon interned ten thousand British tourists who were in France at that time Most of these tourists had committed no crime and had simply been travelling when captured Many to save being arrested went into hiding among them the widow and daughter of Sir Edward Waltham who had died that winter A year later plunged into poverty and the seedier side of Paris life beautiful Vernita Waltham is keeping her sick mother precariously alive on the money she obtains from making exquisitely embroidered lingerie for a famous shop that supplies Napoleon's sister Her Imperial Highness Princess Pauline Borghese Vernita discovers the shop is cheating and desperate to raise money for food and medicine decides to approach the Princess directly with a negligee she has just finished disguised as a petite bourgeoisie

Extravagant and self obsessed Princess Pauline is enchanted with Vernita s skills as a needlewoman and convinced that the silk and lace creations will only enhance her reputation as the most beautiful woman in Paris She immediately determines that Vernita must move to the Palace and join the legion of servants that already pander to her vanity From that moment on Vernita is thrust into complications with the Princess s lover handsome Count Axel de Storvik and the all powerful Emperor Napoleon himself Unsure of whom to trust in a Palace filled with secret assignments and political intrigue Vernita soon finds herself in a position that could ruin her reputation for ever But how long can an English lady of quality remain hidden amongst the loyal family and servants of the enemy French Emperor Terrified of discovery and fearful of the future Vernita dreams of escape and a return to her home in England only to find an ally waiting like a guiding star in the most unlikely of places
