Pauline Theology And Mission Practice:

Pauline Theology and Mission Practice Dean S. Gilliland, 1996-08-01 Not since Roland Allen's book in 1912 has there appeared such a thorough study of the Apostle Paul's mission theology and methodology. The value of this comprehensive survey, writes Harry R. Boer in the foreword, lies in part in its grounding in careful expository studies of Paul's ministry as revealed in Acts and in the corpus of the Pauline epistles. Again and again the author illustrates the abiding relevance of Paul's first-century insights for missionary thought and practice in the twentieth century. He draws not only on Scripture but also on personal insights and illustrations arising from two decades of missionary service. And he enters into significant dialogue with representative missionary literature of the modern period. The book's five parts cover theology, the sources and nature of Paul's theology, and his theological assumptions for mission conversion. Paul's conversion in Acts, conversion as reality, experience and process, and conversion and the real world, the convert's new life, what its spiritual basis is, and how to live it, the church, its oneness, diversity, and contextuality, its leadership, worship, discipline, and finance, and the missionary, his or her credentials and ministry. Paul's theology was irresistible because it was energized by a fresh life-changing experience and supported by a new love for all people, writes the author in the introduction. He then elaborates on four characteristics of that theology: it is dynamic, evangelical, pastoral, and holistic. The absolute commitment of mind and body, soul and spirit, that was Paul's, his love for the Lord Jesus and lost people everywhere, concludes the author in the epilogue, must be the very heart of the church.

Global Dictionary of Theology William A. Dyrness, Veli-Matti Kärkkäinen, 2009-10-25 Theological dictionaries are foundational to any theological library. But until now there has been no Global Dictionary of Theology, a theological dictionary that presumes the contribution of the Western tradition but moves beyond it to embrace and explore a full range of global expressions of theology. The Global Dictionary of Theology is inspired by the shift of the center of Christianity from the West to the Global South. But it also reflects the increase in two-way traffic between these two sectors, as well as the global awareness that has permeated popular culture to an unprecedented degree. The editorial perspective of the Global Dictionary of Theology is an ecumenical evangelicalism that is receptive to discovering new facets of truth through listening and conversation on a global scale. Thus a distinctive feature of the Global Dictionary of Theology is its conversational approach. Contributors have been called on to write in the spirit of engaging in a larger theological conversation in which alternative views are expected and invited. William A. Dyrness, Veli-Matti Kärkkäinen, Juan F. Martínez, and Simon Chan edit approximately 250 articles written by over 100 contributors representing the global spectrum of theological perspectives. Pastors, theological teachers, theological students, and lay Christian leaders will all find the Global Dictionary of Theology to be a resource that unfolds new dimensions and reveals new panoramas of theological perspective and inquiry. Here is a new launching point for doing theology in today's global context.

Paul as Missionary Trevor J. Burke, Brian S. Rosner, 2011-03-17 Paul as Missionary Identity. Activity Theology and Practice takes the view that before anything else Paul

must first and foremost be identified as a missionary Using the entire Pauline corpus the contributors to this volume assess what Paul s correspondence can tell us about how he perceived his role and identity The work comprises four parts in section one Paul s identity as priest eschatological herald and missionary pastor are explored while in part two topics such as the apostle s activity among pagans his suffering and Paul s missionary message to the church at Rome are considered Section three comprises essays on the Spirit as the governing dynamic the glory of God as the apostles missionary goal and the importance of Paul s Christology in shaping his mission to the Gentiles Finally part four addresses Paul s missionary praxis including his support of his missionary enterprise

Transcending Mission Michael W. Stroope,2017-02-28 Is the language of mission clearly evident across the broad reaches of time Or has the modern missionary enterprise distorted our view of the past Michael Stroope investigates how the modern church has come to understand speak of and engage in the global expansion of Christianity offering a hopeful way forward in this pressing conversation

The Holy Spirit and Mission Dynamics C. Douglas McConnell,1997 Over the past decade there have been few forums in which the controversial subject of this book could be openly discussed During the 1994 and 1996 annual conferences of the Evangelical Missiological Society this subject was a central topic of discourse These ten chapters represent an attempt to reflect the concerns and present understanding of evangelical missiologists on the Holy Spirit and mission dynamics

What Jesus Started Steve Addison,2012-11-14 Sometimes we get so caught up in the power of Jesus shouting from the cross It is finished that we forget that Jesus started something too Uncovering the inner dynamics of Jesus s work with the disciples veteran church planter Steve Addison reminds us that Christianity is a movement with a unique design for expansion

The Church in the Bible and the World D. A. Carson,2002-09-16 As Christianity makes its impact upon widely different social contexts around the world new questions arise about the interpretation of the church s biblical identity and mission Contributors include Edmund P Clowney P T O Brien Russell P Shedd Ronald Y K Fung D A Carson Sunand Sumithra and David Adeney Among the topics dealt with are mission ministry worship syncretism persecution the church as a heavenly and eschatological entity and the biblical theology of the church Published on behalf of the World Evangelical Fellowship

Missiological Hermeneutics Shawn B. Redford,2012-10-18 How have those engaged in the mission of God been challenged to reinterpret Scripture through their experience In what ways were the missionaries in the Bible challenged to reevaluate Scripture in their own time Redford attempts to give shape to the nature of missional hermeneutics by examining Scripture present day cultural values historical struggles and the experience of those who are engaged in the mission of God In order for missionaries to overcome the scientific polarization in Western hermeneutics they must be able to perceive and learn from the overarching missional and spiritual hermeneutics found throughout Scripture so that they can balance missional spiritual historical critical and even unforeseen hermeneutical paths providing increased confidence in biblical interpretation

Mision en el camino Charles E. Van Engen,2019-02-28 Durante los

pasados cincuenta años el nfasis sobre la pr ctica y estrategia de la obra misionera ha menoscabado el valor de la importancia de la teología de la misión Sin embargo en las últimas décadas teólogos y misioneros de todas las tradiciones cristianas han comenzado a reexaminar y repensar las suposiciones teológicas que fundamentan la obra misionera En Misión en el Camino Charles Van Engen articula con claridad muchos de los conceptos fundamentales de la teología de la misión Charles Van Engen en este volumen aborda numerosos temas misionológicos centrales Examina la cuestión de construir teologías en contextos específicos tales como en la ciudad También nos muestra tanto los beneficios como las preocupaciones que experimentamos cuando alentamos a los creyentes a teologizar dentro de su propio entorno cuando tomamos con seriedad el sacerdocio de todos los creyentes Hace un delineamiento de los debates actuales sobre asuntos levantados por el pluralismo religioso y batalla con la manera en que podemos proclamar el carácter único de Cristo sin ser arrogantes y triunfalistas Echa una mirada al impacto que la modernidad y la posmodernidad están teniendo sobre el movimiento misionero en Occidente y hace un llamado a la renovación de nuestro compromiso como seguidores de Jesucristo en los duros ambientes culturales de nuestros días Explora los roles cambiantes de misioneros y ministros en iglesias jóvenes y levanta preguntas difíciles relacionadas con la unidad de la iglesia en medio de su proliferación diversidad y fragmentación de carácter global Son de excepcional valor la manera en que Van Engen traza la historia de la discusión reciente sobre cada uno de estos asuntos y la riqueza de fuentes bibliográficas que nos presenta para más estudio Igualmente importantes son las repuestas que l ofrece a estas cuestiones respuestas que nos ayudan a movernos más allá de los caminos sin salida que tanto caracterizan nuestro pensamiento actual Tomado del Pr logo escrito por Pablo Hiebert Theology of Mission J. D. Payne,2022-02-16 God's mission is on every page of Scripture In Theology of Mission A Concise Biblical Theology J D Payne traces the theme of mission throughout Scripture The Bible is a story of God's mission God takes initiative to dwell with humanity He desires to be known To this end he sends and is sent Through Christ God redeems sinful humans and recreates the cosmos And he has invited his people to join in this mission Payne shows that God's mission is on every page of the Bible and is foundational to the church's own existence With reflection questions following concise chapters all readers can consider their place in God's work *The 1 and 2 Thessalonians Commentary Collection* Michael W. Holmes,Gary Shogren,John Byron,2017-04-25 This 1 and 2 Thessalonians commentary bundle features volumes from the NIV Application Commentary Series Zondervan Exegetical Commentary Series and Story of God Bible Commentary Series authored by Michael W Holmes Gary S Shogren and John Byron The diverse features from each of the volumes gives you all the tools you need to master the books of 1 and 2 Thessalonians Baptism, Why Wait? Rees Bryant,1999 Is baptism symbolic or sacramental In this book you will follow Dr Bryant into a study of Paul's conversion and the relationship between conversion and baptism The author has tackled an important topic in today's church and has done so with competence and without compromise This is a great resource in the hands of students ministers and laymen **Roland Allen II** Steven Richard Rutt,2018-04-25 In Roland Allen A Theology of

Mission a companion work with Roland Allen A Missionary Life Steven Richard Rutt completes a portrait of Roland Allen 1868 1947 in this intellectual biography Extensive archival evidence discloses how apostolic principles formed the basis for Allen s missionary theology Although it is well known that Allen s hermeneutical ideas were born of Pauline principles Steven Richard Rutt expounds the ways in which Allen s missionary experiences had profoundly impacted Allen s theological beliefs Allen wrote about his findings in letters sermons articles and books some of which were never published Allen s writings tenaciously challenged the methodology of colonial missionary societies and exposed the causes hindering Church expansion failures occurred in missions due to the imposition of Western missionary paternalism and institutional devolution Allen advocated the empowerment of indigenous churches to apply the principles of self government and self support He asserted the importance of the Pauline concept of Spirit and order which encompasses both the doctrine of the Holy Spirit as well as that of the Church Allen s diagnosis of the missionary situation and the proposed ways to restore apostolic order presented contemporary controversy but since his death we have seen the importance of Allen s ideas in Mission studies grow steadily With an expert evaluation of Allen s theological insight Roland Allen A Theology of Mission also offers a superb contribution to the discipline of historical theology and historical missiology as Rutt delves into a contextual assay into the missionary landscape of the nineteenth and the twentieth centuries *Waging Reconciliation* Ian T. Douglas, 2002 On September 20 2001 the planned date of the meeting of the Community of Bishops of the Episcopal Church was radically altered by the events of the previous week The planned topic was God s Mission God s Work in a Global Communion of Difference which was to focus on reconciliation within the Anglican Communion World events changed that The essays of this book are the papers delivered at that meeting which evoked a perspective at once personal and yet global in a new way In the chapel where the meeting was held there was a cross with Christ holding a hammer The Presiding Bishop spoke of this cross as being about the concept described in the Hebrew phrase tikkun olam or repair of the world The ensuing bishops pastoral letter to the church stated Let us therefore wage reconciliation Let us offer our gifts for the carrying out of God s ongoing work of reconciliation healing and making all things new To this we pledge ourselves and call our church **Paul the Missionary** Eckhard J. Schnabel, 2010-01-28 Drawing on his monumental scholarly study *Early Christian Mission* Volume 2 Eckhard J Schnabel s gives us an overview of Paul s missionary practices strategies and methods and then weighs contemporary evangelical missiology and practice in light of Paul **Appropriate Christianity** Charles H. Kraft, 2005-06-01 *Appropriate Christianity* consists of 28 chapters by 18 authors approaching contextualization in three dimensions truth allegiance and spiritual power Over the years there have been quite a number of helpful discussions of the contextualization of theological truth Though we have been helped greatly by them it is high time we began to deal also with allegiance and spiritual power two additional dimensions that Jesus considered of great importance Any adequate and appropriate treatment of the contextualization of biblical Christianity needs to deal with all three of these crucial dimensions For allegiance to

Christ is the basis for all we do that makes us Christian and Jesus was very much into spiritual power. If we are to be truly biblical we must deal also with these areas. This book is not a festschrift even though it is dedicated to Dr Dean S Gilliland who joined the faculty of Fuller's School of Intercultural Studies in 1977 and has since been developing an emphasis on teaching and research concerning contextualized theology. This is a new textbook aimed at expanding our understanding of contextualization and better enabling us to effectively and appropriately communicate biblical Christianity. 1 and 2 Thessalonians Zondervan, 2016-05-24. Concentrate on the biblical author's message as it unfolds. Designed to assist the pastor and Bible teacher in conveying the significance of God's Word, the Zondervan Exegetical Commentary on the New Testament series treats the literary context and structure of every passage of the New Testament book in the original Greek. With a unique layout designed to help you comprehend the form and flow of each passage, the ZECNT unpacks the key message. The author's original translation, An exegetical outline, Verse by verse commentary, Theology in application. While primarily designed for those with a basic knowledge of biblical Greek, all who strive to understand and teach the New Testament will benefit from the depth, format, and scholarship of these volumes. *Church Planting at the End of the Twentieth Century* Charles L. Chaney, 2013-01-01. More than 80 million Americans claim no church affiliation. Only six other nations have a total population of more than 80 million. Another 90 million who claim membership or affiliation don't attend church. It is obvious that this many people will not. **Receptor-Oriented Communication for Hui Muslims in China** Enoch Jinsik Kim, 2018-04-18. There are many books that highlight the need and importance of mission toward unreached people. Unfortunately, few of them deal with the importance of understanding the real life of unreached people and how to analyze them. This book identifies conceptual issues for the development of receptor-oriented communication strategies among young, educated urban Hui. YEU Hui Muslims in China's northwestern cities in order to achieve culturally relevant churches in those areas. It is written to help not only those who are interested in the unreached but also those who are interested in Muslim evangelism, urban sociology, biblical exegesis, contextual church planting, communication, and mission strategy. Enoch Jinsik Kim utilizes a new approach: virtual community mission for planting offline churches that integrates the use of local church-driven Internet, community, traditional media, and offline task teams from a multi-ethnic local church. While the research focuses on the Chinese Muslim context, the identification of the young urban and educated as a strategic group for mission can be applied in other Muslim and non-Muslim contexts. This research is useful to cross-cultural communicators, church planters, and all those interested in interpersonal relationships.
