Pauline Theology Ministry And Theology:

Pauline Theology E. Earle Ellis, 2005-02-08 The book should provide a lively counterpoint to both the standard liberal and conservative treatments in courses on Paul's view of ministry Theology Today Ellis judicious treatment and penetrating analysis of the relevant biblical material will force many of us to think more precisely about the concept of ministry in Paul's writings how ministry manifested itself in the churches of his day and what are its implications for us today Westminster Theological Journal Ellis gives a sound critique of liberation theology and sociopolitical action as ministry He gives a balanced view of the gifts and the fruit of the Spirit and on biblical grounds he defends the ordination of single and with qualifications married women Challenging but meant for the intelligent church member Librarian's World It's a gem It is a delightful summary in popular form of themes that Ellis has been at work on throughout his years of productive scholarship It is copiously footnoted with concise bibliographies on the points at hand Hence this short book becomes encyclopedic Calvin Theological Journal A splendid tour de force in the best sense James G D Dunn These essays represent in many respects a valuable corrective to much of what passes for biblical theology in our times Paul J Achtemeier *A Pauline Theology of Church Leadership* Andrew D. Clarke, 2008-01-29 Scholarly studies consider Paul's views on leadership tend to fall into one of three camps 1 the historical development view which in large measure identifies developments in church practice with developments in Pauline and deuterio Pauline ecclesiology 2 the synchronic historical reconstruction typically making use of Graeco Roman social context sources or social scientific modelling focusing on a single congregation and sometimes distinguishing between the situation to which Paul was responding and the pattern he sought to impose and 3 the theological hermeneutical analysis identifying Paul's particular approach to power and authority often independently of any detailed reconstruction of the situations to which Paul was responding Andrew Clarke has explored in an earlier work *Serve the Community of the Church* Eerdmans 2000 the distinctive local and historical situations in the various Pauline communities and concluded that there is no evidence that they organised themselves according to a common set of governmental structures which clearly developed with the passage of time Rather each community was influenced by its own localized social and cultural context The present project builds on this and necessarily focuses on leadership style rather than church order It seeks to recover from Paul's critical responses his generic ethos of church leadership including the ideal qualities characteristics and task of leaders and the nature of appropriate interaction and engagement with church members In the light of current theoretical discussions about power and gender the study focuses particularly on Paul's attitude towards hierarchy egalitarianism authority responsibility and privilege **Pauline Theology and Mission Practice** Dean S. Gilliland, 1996-08-01 Not since Roland Allen's book in 1912 has there appeared such a thorough study of the Apostle Paul's mission theology and methodology The value of this comprehensive survey writes Harry R Boer in the foreword lies in part in its grounding in careful expository studies of Paul's ministry as revealed in Acts and in the corpus of the Pauline epistles

Again and again the author illustrates the abiding relevance of Paul's first century insights for missionary thought and practice in the twentieth century. He draws not only on Scripture but also on personal insights and illustrations arising from two decades of missionary service. And he enters into significant dialogue with representative missionary literature of the modern period. The book's five parts cover theology, the sources and nature of Paul's theology and his theological assumptions for mission, conversion, Paul's conversion in Acts, conversion as reality, experience and process, and conversion and the real world, the convert's new life, what its spiritual basis is, and how to live it, the church, its oneness, diversity, and contextuality, its leadership, worship, discipline, and finance, and the missionary, his or her credentials and ministry. Paul's theology was irresistible because it was energized by a fresh life-changing experience and supported by a new love for all people, writes the author in the introduction. He then elaborates on four characteristics of that theology: it is dynamic, evangelical, pastoral, and holistic. The absolute commitment of mind and body, soul and spirit that was Paul's, his love for the Lord Jesus, and lost people everywhere, concludes the author in the epilogue, must be the very heart of the church.

Pauline Theology Edward Earle Ellis, 1989 **Pauline Theology** Edward Earle Ellis, 1989 Pastoral Ministry according to Paul James W. Thompson, 2006-02-01 What is the ultimate purpose of pastoral ministry? What emphases and priorities should take precedence? In the day-to-day emphasis on various pastoral roles and pragmatic concerns, what can sometimes get lost is the theological foundation for understanding pastoral ministry. James Thompson is a New Testament scholar with a concern for relating biblical studies to practical ministry. Here he does a careful study of several of Paul's epistles in order to see what Paul's vision and purpose were for his own ministry. He finds that Paul's aim was an ethical transformation of the communities, not just individuals, with which he worked, so that they would live lives worthy of the gospel until Christ's return. Using this as a framework, Thompson offers suggestions for practical application to contemporary ministry.

Towards a Pauline Theology of Ministry Robert Wayne Smith, 2001 A Theology of Paul and His Letters Douglas J. Moo, 2021-10-26 A landmark study of the apostle's writings by one of the world's leading Pauline scholars. Winner of the 2022 ECPA Christian Book Award for Bible Reference Works. This highly anticipated volume gives pastors, scholars, and all serious students of the New Testament exactly what they need for in-depth study and engagement with one of Christianity's most formative thinkers and writers. *A Theology of Paul and His Letters* is a landmark study of the apostle's writings by one of the world's leading Pauline scholars. Douglas J. Moo. Fifteen years in the making, this groundbreaking work is organized into three major sections. Part 1 provides an overview of the issues involved in doing biblical theology in general and a Pauline theology in particular. Here Moo also sets out the methodological issues, formative influences, and conceptual categories of Paul's thought. Part 2 moves on to Paul's New Testament writings, where Moo describes each Pauline letter with particular relevance to its theology. Part 3 offers a masterful synthesis of Paul's theology under the overarching theme of the gift of the new realm in Christ. Engaging, insightful, and wise, this substantive evangelical treatment of Paul's theology offers

extensive engagement with the latest Pauline scholarship without sacrificing its readability This volume brings insights from over thirty years of experience studying teaching and writing about Paul into one comprehensive guide that will serve readers as a go to resource for decades to come ABOUT THE SERIES The Biblical Theology of the New Testament BTNT series provides upper college and seminary level textbooks for students of New Testament theology interpretation and exegesis Pastors and discerning theology readers alike will also benefit from this series Written at the highest level of academic excellence by recognized experts in the field the BTNT series not only offers a comprehensive exploration of the theology of every book of the New Testament including introductory issues and major themes but also shows how each book relates to the broad picture of New Testament Theology

Pauline Theology ,1991 The Social Significance of Reconciliation in Paul's Theology Corneliu Constantineanu,2010-04-08 This is an assessment of the social dimension to reconciliation as displayed in Paul s Letter to the Romans Traditional exegetical scholarship has treated Paul s presentation of reconciliation as referring to reconciliation between people and God and has primarily focused use of the word *katallage* traditionally translated as atonement Constantineanu challenges this view and argues that Paul s understanding of the concept is more complex employing rich symbolism to describe reconciliation with God and between human beings forming together an inseparable reality The discussion is placed within Paul s overall religious social and political contexts showing that an analysis of the social dimension of reconciliation in his thought is both plausible and necessary Constantineanu offers an analysis of two major sections of Romans chapters 5 8 and 12 15 Special emphasis is placed on Paul s use of the story of Jesus for community formation for the shaping of identity values and community practices It is thus demonstrated that for Paul God s reconciling initiative shown in the crucifixion is not only the pronouncement of God s reconciling the world but also the ground and model for reconciliation among human beings It was formerly the Journal for the Study of the New Testament Supplement a book series that explores the many aspects of New Testament study including historical perspectives social scientific and literary theory and theological cultural and contextual approaches

The Anointed Son Myk Habets,2010-01-01 Spirit Christology complements Logos Christology in the same way in which Christ and the Spirit are mutually constitutive Or at least this should be the case The history of Christian thought shows that Logos Christology has dominated resulting in both an eclipse of Trinitarian doctrine and a diminution of pneumatology Recently there have been calls to reclaim a theology of the Third Article in order to present a Trinitarian theology that is faithful to Scripture the Great Tradition and one that is existentially viable While studies examine various aspects of Spirit Christology there has yet to appear a work that introduces the doctrine examines the various mutually exclusive proposals and offers a constructive trinitarian proposal The present work does just this introducing the constituent features of a Spirit Christology that is Trinitarian orthodox and contemporary The current work proposes a model of Spirit Christology that complements rather than replaces Logos Christology and does so in a robustly Trinitarian framework Within contemporary theology a

pneumatically oriented approach to Christology is being advanced across denominational and traditional lines Those wanting to navigate their way through the many competing proposals for a Third Article theology will find a comprehensive map here

Apostle of Persuasion James W. Thompson, 2020-05-19 This book is the culmination of a career of researching and teaching Paul's letters Highly respected senior New Testament scholar James Thompson offers a unique approach to Pauline theology focusing on Paul's attempts to persuade his audience toward moral formation Thompson recognizes Paul as a pastor who brought together theology and rhetoric to encourage spiritual formation in his communities Attempts to find total consistency in Paul's writings fail says Thompson because Paul's persuasive tactics changed depending on the situation he was addressing *Paul, Apostle of God's Glory in Christ* Thomas R. Schreiner, 2006-02-01 Thomas R Schreiner gives a sound and insightful exposition and assessment of Paul's theology that is well geared to the needs of seminary students and working pastors **An Old Testament Theology** Bruce K. Waltke, 2011-04-19 The Old Testament is more than a religious

history of the nation of Israel It is more than a portrait gallery of heroes of the faith It is even more than a theological and prophetic backdrop to the New Testament Beyond these the Old Testament is inspired revelation of the very nature character and works of God As renowned Old Testament scholar Bruce Waltke writes in the preface of this book the Old Testament's every sentence is fraught with theology worthy of reflection This book is the result of decades of reflection informed by an extensive knowledge of the Hebrew language the best of critical scholarship a deep understanding of both the content and spirit of the Old Testament and a thoroughly evangelical conviction Taking a narrative chronological approach to the text Waltke employs rhetorical criticism to illuminate the theologies of the biblical narrators Through careful study he shows that the unifying theme of the Old Testament is the breaking in of the kingdom of God This theme helps the reader better understand not only the Old Testament but also the New Testament the continuity of the entire Bible and ultimately God himself **Dictionary of Paul and his letters** GERALD F HAWTHORNE, RALPH P MARTIN, DANIEL G REID, 2020-05-21

The Dictionary of Paul and his letters is a one of a kind reference work Following the format of its highly successful companion volume the Dictionary of Jesus and the Gospels this Dictionary is designed to bring students teachers ministers and laypeople abreast of the established conclusions and significant recent developments in Pauline scholarship No other single reference work presents as much information focused exclusively on Pauline theology literature background and scholarship In a field that recently has undergone significant shifts in perspective the Dictionary of Paul and His Letters offers a summa of Paul and Pauline studies In depth articles focus on individual theological themes such as law resurrection and Son of God broad theological topics such as Christology eschatology and the death of Christ methods of interpretation such as rhetorical criticism and social scientific approaches background topics such as apocalypticism Hellenism and Qumran and various other subjects specifically related to the scholarly study of Pauline theology and literature such as early catholicism the centre of Paul's theology and Paul and his interpreters since F C Baur Separate articles are also devoted to

each of the Pauline letters to hermeneutics and to preaching Paul today The Dictionary of Paul and His Letters takes its place alongside the Dictionary of Jesus and the Gospels in presenting the fruit of evangelical New Testament scholarship at the end of the twentieth century committed to the authority of Scripture utilising the best of critical methods and maintaining dialogue with contemporary scholarship and challenges facing the church

Corporate Decision-Making in the Church of the New Testament Jeff Brown, 2014-08-28 Debate about church order has gone on for centuries within Christianity and an end is nowhere in sight Perhaps that is good since the debate shows the weaknesses of many ideas that need correction Corporate Decision Making in the Church of the New Testament examines church order from a careful exegetical perspective with particular attention to the social world of the New Testament While most works about church government address structure and qualities of leadership Jeff Brown deals with the interaction of the people of the church both with their leaders and with one another in setting policy In brief though all believers in the young church of the New Testament revered Christ and his Word as authoritative not all church decisions were from the top down from earthly leaders On the contrary many were from the bottom up This should come as no surprise to those familiar with Jesus' admonition in the Gospels You have one teacher and you are all brothers

The Politics of Power and the Ordination of Women Adolphus Amadi-Azuogu, 2007-08 The politics of power in the church hinders the ordination of women today Once ecclesiastical power is involved ruling is also involved Consequently the altar has also become the throne and this tempts men to suppress women The author argues that Jesus refrained from using any gender specific paradigms that would have excluded women from ritual leadership Christian

The Covenant in Judaism and Paul Ellen Juhl Christiansen, 1995 This study examines covenant identity and rituals suggesting that while in Palestinian Judaism several rituals affirm covenant belonging for Paul covenant is not ritually affirmed since baptism marks entry into Christ or the church rather than into the covenant
