Pauline Theology and Mission Practice

Dean S. Gilliland, 1996-08-01 Not since Roland Allen's book in 1912 has there appeared such a thorough study of the Apostle Paul's mission theology and methodology. The value of this comprehensive survey, writes Harry R. Boer in the foreword, lies in part in its grounding in careful expository studies of Paul's ministry as revealed in Acts and in the corpus of the Pauline epistles. Again and again the author illustrates the abiding relevance of Paul's first-century insights for missionary thought and practice in the twentieth century. He draws not only on Scripture but also on personal insights and illustrations arising from two decades of missionary service. And he enters into significant dialogue with representative missionary literature of the modern period. The book's five parts cover theology, the sources and nature of Paul's theology, and his theological assumptions for mission conversion. Paul's conversion in Acts, conversion as reality, experience and process, and conversion and the real world, the convert's new life, what its spiritual basis is, and how to live it, the church, its oneness, diversity, and contextuality, its leadership, worship, discipline, and finance, and the missionary, his or her credentials and ministry. Paul's theology was irresistible because it was energized by a fresh life-changing experience and supported by a new love for all people, writes the author in the introduction. He then elaborates on four characteristics of that theology: it is dynamic, evangelical, pastoral, and holistic. The absolute commitment of mind and body, soul and spirit, that was Paul's, his love for the Lord Jesus and lost people everywhere, concludes the author in the epilogue, must be the very heart of the church.

Paul as Missionary Trevor J. Burke, Brian S. Rosner, 2011-03-17 *Paul as Missionary: Identity, Activity, Theology and Practice* takes the view that before anything else Paul must first and foremost be identified as a missionary. Using the entire Pauline corpus, the contributors to this volume assess what Paul's correspondence can tell us about how he perceived his role and identity. The work comprises four parts. In section one, Paul's identity as priest, eschatological herald, and missionary pastor are explored, while in part two, topics such as the apostle's activity among pagans, his suffering, and Paul's missionary message to the church at Rome are considered. Section three comprises essays on the Spirit as the governing dynamic, the glory of God as the apostle's missionary goal, and the importance of Paul's Christology in shaping his mission to the Gentiles. Finally, part four addresses Paul's missionary praxis, including his support of his missionary enterprise. *Paul's*

Missionary Methods Robert L. Plummer, John Mark Terry, 2012-11-21 Robert L. Plummer and John Mark Terry edit this collection of entry points into the missionary methods of the Apostle Paul. Conducting a major reappraisal of Roland Allen's *Missionary Methods: St Paul's or Ours*, Michael Bird, Eckhard Schnabel, and others reconsider the relevance of Paul's missionary activities for the church today.

The Missionary-Theologian E. D. Burns, 2020-07-03 Gospel doctrine is the lifeblood of mission. Most missionaries in church history have, in preparation for the field, committed themselves to rigorous study and extraordinary theological training, but there has been a move away from that in recent times. E. D. Burns contends that this is dangerous, leaving those who need it most ill-equipped to deal with the difficulties mission life brings. This

brotherly and friendly plea challenges those who are already in or are considering joining the mission field to rest in Christ's work and abide in His Word

Gospel and Mission in the Writings of Paul Peter Thomas O'Brien, 1995-01-01 Although Paul's writings have been studied closely by missiologists surprisingly the missionary dimension of his theology has not always been recognized Since the 1960s however there has been a paradigm shift and the notion that Paul was both a missionary and a theologian has gained ground among biblical scholars This book is a tightly woven and highly developed Pauline theology of mission and evangelism for college and seminary students Publisher *Humble Confidence* Paul Weston, 2023-05-09

Lesslie Newbigin remains one of the most important missionary theologians of the twentieth century In responding to the challenges of late modernity he developed a fresh paradigm of missionary theology and cultural engagement that continues to be compelling and prophetic This book also explores the way in which Michael Polanyi's understanding of personal knowledge helps to give language and metaphor to Newbigin's convictions about cultural engagement and responsive witness and suggests vibrant insights and applications for mission today

Lesslie Newbigin Lesslie Newbigin, 2006 Monumental figure in the twentieth century worldwide church Internationally esteemed British pastor and missionary theologian Ecumenical statesman and prolific writer Lesslie Newbigin 1909-1998 was all of these and more This reader fills a long standing need for a comprehensive introduction to Newbigin and his legacy Opening with a short biography of Newbigin and a discussion of his major theological and missiological themes the volume sets selected readings in context with brief introductions and offers suggestions for further reading from Newbigin's corpus Praise for Lesslie Newbigin and his writings Newbigin has made a bold and major step forward in the debate on Christianity pluralism and Western self understanding Lamin Sanneh in *The Christian Century* When my students finally realize what Newbigin is saying they panic When they realize that even the most faithful circles they know have been seduced by sectarianism solipsism Gnosticism and nihilism they worry that apostasy is unavoidable Yet despite the surrounding darkness Newbigin never loses hope because he stays focused on the light that has come Telford Work in *Pro Ecclesia* Newbigin is most impressive indeed awesome when defending the universality of the Christian gospel and exposing the muddleheadedness and loss of nerve that have turned many Western churches into domestic chaplaincies rather than launching pads for cross cultural mission at home and abroad Vinoth Ramachandra in *Themelios* Seeing both liberal and fundamentalist Christians imprisoned in the epistemological presuppositions of the Enlightenment Lesslie Newbigin offers them liberation by pointing to the fiduciary character of all human knowledge The best form of apologetics he contends is the preaching of the particular yet universal gospel Geoffrey Wainwright on Newbigin's *Proper Confidence* *Humble Confidence* Paul Weston, 2025-01-01

Lesslie Newbigin's development of a fresh paradigm of missionary theology and cultural engagement has solidified his reputation as not just one of the most important missionary theologians of the twentieth century but as continually relevant in the twenty first Paul Weston focusses on how the engagement with Michael Polanyi's understanding of personal knowledge illuminates

Newbigin's work and contributes to its ongoing significance. Interlinking themes of Revelation, Knowing and Story and tracing through Newbigin's engagements with modernity and post modernity, Weston suggests how the logic of Newbigin's approach continues to provide insight to mission theologians and practitioners. It is Weston's conviction that Humble Confidence presents Newbigin's thinking in a way that can serve the continuing mission of the church.

Mission in the Way of Paul Christopher R. Little, 2005. What relevance does the Apostle Paul have for the mission of the church in the twenty first century? By investigating his socioeconomic background, examining his doxological orientation in mission, delineating how and why he shared resources in the first century and then relating all this to what has been called the contemporary International Partnership Movement, this book demonstrates that when the church engages in cross cultural mission and ignores Pauline orthopraxy, it places unnecessary obstacles in the path of the *missio Dei*. Therefore, *Mission in the Way of Paul: Biblical Mission for the Church in the Twenty First Century* is pertinent for any course devoted to learning from and implementing biblical models of mission today.

Paul's Theology of Mission to the Nations in Romans Subhro Sekhar Sircar, 2017. The book is meant to investigate the preaching of the gospel of God as Paul's mission to the nations in the letter to the Romans. The work begins with an explanation of the topic and its importance in the mission context, which sets the stage for the main body of the book. As evidence to this purpose, this work first explores the epistolary frame of the letter and contends that Paul basically had a missionary purpose for writing the Romans. The letter opening and closing affirm this divine commission and authority for preaching the gospel to all the nations. Paul skillfully establishes the universal significance of the gospel he was called to preach. Then it further examines God's identity in Paul's mission to the nations. God is the foundation and starting point for Paul's mission to the nations. Paul frequently uses descriptive statements regarding God's acts. He has made it plain that God's true identity is bounded by his actions for his people. These statements clearly demonstrate that the biblical God is not only the divine being who encompasses divine attributes and nature. He is additionally the one who acts, which forms the distinct Christian identity of God revealed fully and only in Jesus. This scholarly work further considers Paul's mission in the context of his missionary function. Paul was commissioned to preach the gospel and specifically his call was to be an apostle to the Gentiles; he was set apart for the gospel of God. The gospel's authority lies with God who owns it and originated it. The preaching of the gospel concerns God's Son, a promise God made in the Old Testament which is now fulfilled in the incarnate, crucified, risen Christ. Paul's missionary calling was bringing the nations, both Jews and Gentiles, together as one people of God by preaching the gospel. The ultimate goal of Paul's missionary task was joining the Jews and the Gentiles in praise and worship of God. It is evident from this research that Paul's calling and commission were serving as a missionary to the nations. This calling was an integral part of God's redemptive plan, which was marked by the promise of blessing for the nations. Thus, Paul's worldwide mission underscores the Romans purpose.

Roland Allen Steven Richard Rutt,2018-04-25 Roland Allen 1868 1947 is remembered as one of the foremost missionaries of the last century Throughout his life Allen travelled the world following his vocation and building his missionary methods centred on a theology of indigenisation From his early days as a Chaplain in China during which Allen was forced to flee to the British Legation in Beijing through to his continued mission to India Canada and South Africa he developed as man missionary and theologian The first of two volumes Roland Allen A Missionary Life is an intellectual biography which explores the people and ideas that influenced Allen while tracing the ways in which his missionary ecclesiology evolved during his life Through extensive examination of unpublished archival papers including lesser known letters and sermons Steven Richard Rutt has uncovered the growth of a forthright morally indefatigable churchman who was also a loving family man with close and long running friendships Rutt unpacks Allen s Church centred missionary ecclesiology and missiology of indigenisation which were based on Allen s knowledge gained from experience Roland Allen A Missionary Life and Roland Allen A Theology of Mission explore the thought of a Christian whose writings provided farsighted clarity on global Christian missionary work that is still relevant today **Mission Affirmed** Elliot Clark,2022-01-11 *Called into the Mission of God* Roji T.

George,2020-11-03 In *Called into the Mission of God* Roji George argues that Paul s primary interest was neither doctrinal teaching nor the articulation of an anti imperial discourse Instead he contends that amidst the many problems that faced the local Thessalonian community problems arising out of eschatological fears ethical difficulties in the community and persecution from outside groups Paul brought primarily a missional concern to impart ethical exhortation and eschatological teaching in a political language The book will be helpful to those theologians scholars teachers and students grappling with the message of Paul in his own time and in ours *Called into the Mission of God* represents an increasing commitment on the part of Fortress Press to support the wide dissemination of the best theological and biblical writing by the best scholars from the Global South

Mission and Moral Reflection in Paul Michael D. Barram,2006 The Apostle Paul sought to exert his influence and authority over the congregations he founded long after they had been established Such ongoing oversight by Christianity s prototypical evangelist has not been adequately understood In a brief 1987 article W Paul Bowers challenged John Knox s assertion that Paul s pastoral and administrative work irked him and that he wanted to be free of it This book confirms and significantly develops Bowers s little known thesis examining a wide range of passages in the apostle s undisputed letters and highlighting crucial implications of Paul s broadly conceived vocation for understanding his mission
