Pavlov I Religia:

Monthly Index of Russian Accessions ,1964 **The Good Christian Ruler in the First Millennium** Philip Michael Forness,Alexandra Hasse-Ungeheuer,Hartmut Leppin,2021-07-19 The late antique and early medieval Mediterranean was characterized by wide ranging cultural and linguistic diversity Yet under the influence of Christianity communities in the Mediterranean world were bound together by common concepts of good rulership which were also shaped by Greco Roman Persian Caucasian and other traditions This collection of essays examines ideas of good Christian rulership and the debates surrounding them in diverse cultures and linguistic communities It grants special attention to communities on the periphery such as the Caucasus and Nubia and some essays examine non Christian concepts of good rulership to offer a comparative perspective As a whole the studies in this volume reveal not only the entanglement and affinity of communities around the Mediterranean but also areas of conflict among Christians and between Christians and other cultural traditions By gathering various specialized studies on the overarching question of good rulership this volume highlights the possibilities of placing research on classical antiquity and early medieval Europe into conversation with the study of eastern Christianity **La Civiltà cattolica** ,1960 Max Weber e il liberalismo Russo. Il dibattito sui diritti fondamentali dell'individuo tra Oriente e Occidente Filomena Fera,2025-07-14 Italiano I due saggi di Max Weber dedicati alla rivoluzione russa del 1905 Zur Lage der b rgerlichen Demokratie in Ru land e Ru lands bergang zum Scheinkonstitutionalismus costituiscono un momento tanto centrale quanto poco frequentato del pensiero politico e filosofico dello studioso tedesco Attraverso l analisi rigorosa di questi saggi e la ricostruzione della posizione weberiana sul liberalismo russo e del contesto biografico teorico e politico della sua definizione il presente testo si propone di mettere a fuoco gli elementi cardine dell opera di Weber a partire dalla ridefinizione del ruolo del politico nel contesto della crisi della tradizione liberale ottocentesca e della correlata incursione delle dinamiche totalizzanti della moderna societ di massa capitalistica e burocratizzata Un percorso che grazie all instaurazione di un compiuto confronto con gli esponenti di spicco del liberalismo filosofico politico e giuridico del liberalismo russo del primo 900 permette di problematizzare l immagine di Weber come convinto fautore della mera politica di potenza tedesca in favore di una rinnovata centralit nel suo pensiero dei principi liberali dello Stato di diritto e dei diritti fondamentali dell individuo English Max Weber s two essays on the Russian Revolution of 1905 Zur Lage der b rgerlichen Demokratie in Russland and Russlands bergang zum Scheinkonstitutionalismus represent a pivotal yet rarely explored moment in the German scholar s political and philosophical thought Through the rigorous analysis of these essays and the reconstruction of Weber s position on Russian liberalism and the biographical theoretical and political context of its definition the present text aims to focus on the key elements of Weber s work starting from the redefinition of the role of the politician in the context of the crisis of the nineteenth century liberal tradition and the correlated incursion of the totalising dynamics of modern capitalist and bureaucratised mass society A path that thanks to the establishment of an accomplished comparison

with the leading exponents of the philosophical political and legal liberalism of the early 20th century allows us to problematise the image of Weber as a convinced advocate of mere German power politics in favour of a renewed centrality in his thought of the liberal principles of the rule of law and the fundamental rights of the individual Yhteisluetto Suomen tieteellisten kirjastojen ulkomaisesta kirjallisuudesta ,1966 **Current Sociology** ,1956 Socialisme et liberté Michel Mervaud,1984 L'un des tout premiers socialistes en Russie Ogarev est avec Herzen l'inspirateur du mouvement populiste L'ouvrage retrace la formation et le développement de ses idées étudie sa pensée philosophie conception de l'histoire socialisme etc et situe son action dans le mouvement révolutionnaire russe activités Londres et en Suisse rapports avec la jeune migration positions d'Ogarev entre Herzen et Bakounine collaboration avec Netchaïev et avec Lavrov **Religija - crkva - nacija** Jugoslovensko udruženje za naučno istraživanje religije. Rakocevic,2013 Kailash The Heart and Soul of Tibet There are few places on Earth comparable to the mysterious stunningly beautiful and completely isolated Mt Kailash which lies well hidden in a remote and deserted region of western Tibet In order to understand the importance of holy Mt Kailash it is necessary to know that it is considered the legendary abode of the gods One circle around the mountain 54 km is symbolically one revolution of the wheel of life or the cycle from birth to death This simultaneously brings about the purification and forgiveness of all sins committed in this lifetime This is the land of the Sun In this spot I started to understand the difference between the world that I was coming from and the one that was standing before me This is without doubt the most beautiful spot on Earth This is Shambala These were moments of great happiness when all the struggles of travelling are forgotten and replaced by sheer joy This is the physical and spiritual climax of the pilgrimage because the Drolma La pass is considered the most holy spot on the trail and arrival there marks the beginning of a completely new life
