Researching Sexual Behavior Methodological Issues

David S. Gochman

Researching Sexual Behavior Methodological Issues:

Researching Sexual Behavior John Bancroft, 1997-10-22 These 22 contributions from the April 1996 meeting hosted by the Kinsey Institute at Indiana U present international perspectives on debates about methodological differences in surveys of sexual behavior and in particular the difficulties with generalizing methods across contrasting cultures The authors discuss key issues relating to both qualitative and quantitative methods including adaptations of method for groups the use of survey data to measure change in behavior over time and participation bias Annotation copyrighted by Book News Inc Portland OR

Researching Non-Heterosexual Sexualities Constantinos N. Phellas, 2016-04-22 After widespread neglect over many years the study of human sexuality has recently come to the forefront of many of the most important debates in contemporary society and culture This book addresses seriously the issue of how to improve the methodological basis of research into non heterosexual sexualities exploring the key question of what different methodological and theoretical uses of intersectionality contribute to our understandings of non heterosexual sexualities Bringing together research from the UK USA Europe and Australasia this innovative collection rethinks traditional methodologies creating new epistemologies and applying new approaches whilst critically examining key issues including communities identities relationships sexualities homosexual parenthood fostering civil marriage and politics As such it will be of interest to researchers scholars and students across the social sciences and health professionals

Survey Research Methodology, 1990-1999 Graham R. Walden, 2002-09-30 Survey research is one of the most widely used research methodologies across the social and behavioral sciences Two trends that have had a major impact on the development of survey methods over the last decade are 1 the application of techniques and theories from cognitive psychology to the understanding and reduction of survey measurement error and 2 the application of new computer and telephony technologies to data collection and analysis These trends and other emerging issues from the 1990 s literature on survey research methods are captured here in 617 detailed annotations to monographs journals government documents dissertations and ERIC documents Annotations include examples from business criminology education health and medicine law library science mass media military science political science psychology sociology social work religion and women s studies The bibliographic entries provide every useful element including series names complete subtitles and overall text page numbers as well as chapter page numbers The extensive annotations are more complete and more detailed than is typical for annotated bibliographies The descriptions include highlights of the study data and sufficient detail to enable the reader to make an informed choice as to whether to seek the full text Appendices include journals cited and the major survey research organizations The annotations are easily accessed through author and subject indexes

Human Sexuality and its Problems John Bancroft, 2008-12-29 Prepared by one of the world s leading authorities Human Sexuality and its Problems remains the foremost comprehensive reference in the field Now available in a larger format this classic volume continues to address the neurophysiological psychological and socio

cultural aspects of human sexuality and how they interact Fully updated throughout the new edition places a greater emphasis on theory and its role in sex research and draws on the latest global research to review the clinical management of problematic sexuality providing clear practical guidelines for clinical intervention Clearly written this highly accessible volume now includes a new chapter on the role of theory and separate chapters on sexual differentiation and gender identity development transgender and gender non conformity and HIV AIDS and other sexually transmitted diseases Human Sexuality and its Problems fills a gap in the literature for academics interested in human sexuality from an interdisciplinary perspective as well as health professionals involved in the management of sexual problems Long awaited new edition of the definitive reference text on human sexuality Addresses the neurophysiological psychological and socio cultural aspects of human sexuality and how they interact Examines the normal sexual experience and covers the various ways in which sex can be problematic including dysfunctional out of control high risk and illegal sexual behaviour Reviews the clinical management of problematic sexuality and provides clear practical guidelines for clinical intervention Presents a broad cross disciplinary perspective of the subject area making the book suitable for all professionals involved in the field Presents a more theoretical approach to the study of human sexuality reflecting recent changes in research Includes a section on brain imaging to demonstrate the latest research findings in sexual arousal and to compare and contrast individuals with normal and low levels of sexual desire Discusses the use of sex as a mood regulator and the importance of current research in this area Discusses the impact on the internet on the modern sexual world Explores the relevance of transgender and gender non conformity Contains a chapter on HIV and AIDS and other sexually transmitted infections Chapter on therapy fully updated to reflect the movement towards integration of psychological and pharmacological approaches to management Explores the complex relationships between anger sexual arousal and sexual violence

Handbook for Conducting Research on Human Sexuality Michael W. Wiederman, Bernard E. Whitley, Jr., 2012-12-06 Human sexuality researchers often find themselves faced with questions that entail conceptual methodological or ethical issues for which their professional training or prior experience may not have prepared them The goal of this handbook is to provide that guidance to students and professionals interested in the empirical study of human sexuality from behavioral and social scientific perspectives It provides practical and concrete advice about conducting human sexuality research and addresses issues inherent to both general social scientific and specific human sexuality research This comprehensive resource offers a unique multidisciplinary examination of the specific methodological issues inherent in conducting human sexuality research The methodological techniques and advances that are familiar to researchers trained in one discipline are often unfamiliar to researchers from other disciplines This book is intended to help enrich the communication between the various disciplines involved in human sexuality research Each of the 21 self standing chapters provides an expert overview of a particular area of research methodology from a variety of academic disciplines It addresses those issues unique to human sexuality research such as how to measure

sexuality variables how to design studies recruit participants and collect data how to consider cultural and ethical issues and how to perform and interpret statistical analyses This book is intended as a reference tool for researchers and students interested in human sexuality from a variety of disciplines including psychology sociology family science health communication nursing medicine and anthropology Sexualities: Making a sociology of sexualities Kenneth Plummer,2002 Volume 3 Difference and Diversity of Sexualities This section examines the politics power and critique of sexual categories including bisexuality sex addiction prostitution and sadomasochism *Public Health Reports* ,2001 **Health Services Reports** ,2001 Sexual Behavior in the Human Female Alfred C. Kinsey,Wardell B. Pomeroy,Clyde E. Martin,Paul H. Gebhard,1998-05-22 The groundbreaking Kinsey Report study on female sexuality from one of the most influential figures in American intellectual history The New York Times Originally published in 1953 the material presented in Sexual Behavior in the Human Female was derived from personal interviews with nearly 6 000 women from studies in sexual anatomy physiology psychology and endocrinology The study revealed the incidence and frequency with which women participate in various types of sexual activity and how such factors as age decade of birth and religious adherence are reflected in patterns of sexual behavior The authors make comparisons of female and male sexual activities and investigate the factors which account for the similarities and differences between female and male patterns of behavior and provide some measure of the social significance of the various types of sexual behavior It shocked the world in 1953 with its explicit revelations Countries banned it Churches berated it Some scholars scoffed but it was an instant success selling 270 000 copies in less than a month Kinsey made headlines around the globe with his findings on such things as masturbation sex before marriage and adultery CBSNews.com **Handbook of Health Behavior Research III** David S. Gochman,2013-11-11 Volume 3 relates the demography of health behavior to developmental and diversity issues Unique discussions of the health behaviors of gay males lesbians persons with HIV and caregivers themselves are included Each volume features extensive supplementary and integrative material prepared by the editor the detailed index to the entire four volume set and a glossary of health behavior terminology **Handbook of Adolescent Psychology, Volume 1** Richard M. Lerner,Laurence Steinberg,2009-04-06 The study of and interest in adolescence in the field of psychology and related fields continues to grow necessitating an expanded revision of this seminal work This multidisciplinary handbook edited by the premier scholars in the field Richard Lerner and Laurence Steinberg and with contributions from the leading researchers reflects the latest empirical work and growth in the field Alternative Approaches To the Study of Sexual Behavior Donn Byrne,Kathryn Kelley,2022-10-10 First published in 1986 This book focuses on a multiciliary approach to studying sexual behavior It purports that biosexual sociosexual and psychosexual research can be combined within a single framework as they are complementary rather than in conflict and together they provide an integrative picture of human sexual functioning *Adolescent Identities* Deborah L. Browning,2013-04-15 Adolescent Identities draws the reader into the inner world of the adolescent to examine the process of

identity formation through the various lenses of history anthropology sociology psychology and psychoanalysis The volume reveals there is no single normal adolescent nor is there a singular adolescent experience Editor Deborah L Browning illustrates that in the course of development each individual must integrate one s unique biologically given constitution and temperament personal life history and the influence of the social and cultural milieu The book consists of six sections arranged by concentric circles of influence from the most exterior identifiable and potentially overt and conscious to the most internal private and potentially unconscious concerns Opening papers are drawn from sociology European history and cross cultural anthropology and address the question of whether and how adolescence can be considered a stage in development The second section explores how visible or potentially knowable minority statuses are experienced and how these interact with individual identity processes Moving closer to the adolescent s interpersonal world the third section presents papers about intimate relationships between adolescents and about the conscious preoccupations of adolescents when they are alone Extensive excerpts of Erikson s most important contributions on identity formation and adolescence are offered in the fourth section Papers on the most internal private and potentially unconscious conflicts comprise the fifth section The book concludes with a section of papers on failed solutions to the challenge of adolescent identity consolidation homelessness drug abuse eating disorders and suicide Adolescent Identities provides mental health practitioners teachers and graduate students in both fields with a variety of perspectives on the internal experience of adolescents

The Juvenile Sex Offender Howard E. Barbaree, William L. Marshall, 2008-06-19 From leading scientists and practitioners this authoritative work examines what is known about the nature and development of juvenile sexual offending the consequences for both victims and perpetrators and approaches to assessment intervention and relapse prevention Pathways of normal sexual development are described and the biological social and psychological processes that lead to sexual conduct problems are investigated The book explores how juvenile offenders are dealt with in the mental health and criminal justice systems reviews available psychological and pharmacological treatment approaches and provides research based recommendations for improving existing practices

Principles of Research in Behavioral Science Mary Kite, Bernard E Whitley, 2018-05-20 This book provides a comprehensive overview of research methods in the behavioral sciences focusing primarily on the conceptual issues inherent in conducting research It covers topics that are often omitted from other texts including measurement issues correlational research qualitative research and integrative literature reviews The book also includes discussions of diversity issues as they related to behavioral science research New to this edition are chapter boxes that focus on applied issues related to each chapter topic Throughout the book readable examples and informative tables and figures are provided The authors also take a contemporary approach to topics such as research ethics replication research and data collection including internet research

Best Practices in Sexual Offender Assessment and Management Ruth J. Tully, Greg Bohall, David S. Prescott, 2025-05-14 This book provides a critical examination of assessment and treatment approaches for

sexual offending presenting cutting edge insights from leading experts in evidence based management of sexual deviance It offers a systematic overview of the empirical literature and multifaceted research into clinical and criminal aspects addressing gaps and advancements in public health and policy responses The volume explores sex offender classification systems risk assessment for recidivism psychotherapeutic and pharmacological interventions and the clinical and criminal correlates of common paraphilias Special focus is given to best practices tailored for unique populations making this an essential reference for clinical psychologists correctional professionals and students and researchers of sexual offenses

Bisexual Women in the Twenty-First Century Dawn Atkins,2013-11-19 Bisexual Women in the Twenty First Century reflects the brave new world of bisexual women s lives through an eclectic collection of articles that typifies an ongoing feminist process of theory grounded in life experience The book s broad scope addresses a world created in response to lesbian feminism homophobia within the mainstream women s movement and sexism within the gay rights movement The book includes Carol Queen s memoirs of the swinging lesbian scene in the 1970s a critical examination of Alice Walker s novel The Temple of My Familiar and a look back at the controversy surrounding bisexual inclusion in the Northampton Lesbian and Gay Pride March in Massachusetts in the early 90s Previous groundbreaking work on bisexuality had to focus on breaking the silence around bisexual invisibility This collection works from that foundation to explore the complexities and histories of bisexual women s lives Bisexual Women in the Twenty First Century examines tensions between lesbians and bisexual women the shifting place of bisexual women in society the use of skin color as a charged metaphor the inclusion of bisexuality into queer theory groundbreaking new work on bisexual youth the creative use of the sacred whore archetype Bisexual Women in the Twenty First Century is an essential source of social and political critique and a vital resource for anyone interested in the complex dynamics of human sexuality regardless of sexual orientation

Adolescent Health Ralph J. DiClemente,John S. Santelli,Richard Crosby,2009-06-02 This book covers the developmental and health problems unique to the adolescent period of life It focuses on special needs and public health programs for adolescents It offers deep insight into smoking violence teen pregnancy HIV AIDS and other problems along with intervention and prevention strategies Anyone serious about improving adolescent health should read this book It spans theoretical and developmental constructs summaries of evidence based interventions for adolescent risk behaviors metrics and policy recommendations S Jean Emans MD chief Division of Adolescent Medicine and Robert Masland Jr chair Adolescent Medicine Children s Hospital Boston and professor of pediatrics Harvard Medical School This is the one single text that students can use to study adolescent health It includes contributions from many of the world s most accomplished researchers to provide learners with cutting edge information to make the study of adolescence understandable and applicable in practical settings Gary L Hopkins MD DrPH associate research professor and director Center for Prevention Research and director Center for Media Impact Research Andrews University This textbook presents an excellent balance in weighing the evidence from the risk and the resilience

literature incorporating research in racially and ethnically diverse populations Ren e R Jenkins MD FAAP professor Department of Pediatrics and Child Health Howard University College of Medicine This is an engaging thorough and thought provoking statement of our knowledge about adolescence Wendy Baldwin PhD director Poverty Gender and Youth Program Population Council *Case Studies in Communication about Sex* Janet MacLennan,Carey Noland,Danielle M. Stern,2020-05-15 This exciting new textbook is a compilation of communication case studies that identify the most salient issues regarding communication about sex in relationships The text provides a basis for developing tangible communication skills clearer understandings of how interpersonal concepts and theories play into practice and an examination of ideas not often considered by students Understanding interpersonal communication elements of sexual relationships is an indispensable component of any model of an overall healthy human sexual development Moreover being able to transform such understandings into practice in relationships is a leap toward being able to have the kind of meaningful communication with sexual partners that can potentially improve relationships encourage safer sex practices highlight responsible family planning and work against limits of gendered and cultured expectations related to sex and sexuality Twenty one case studies from leading researchers in sexuality from Communication Studies Sex Science English and Medicine focus on interpersonal communication cultural aspects of sexuality media influences health and dark side of communication while building communication skills about these difficult to discuss topics Each chapter features a series of possible discussion questions and a reference list of the resources that were used as a knowledge base for composing that case study *Handbook of Research Methods in Clinical Psychology* Philip C. Kendall,James N. Butcher,Grayson N. Holmbeck,1999-01-25 Revising a successful handbook which covers all major areas of clinical research this edition covers all the relevant aspects of and tactics for conducting clinical research
