Residential Treatment A Tapestry Of Many Therapies:

Residential Treatment Vera Fahlberg, 1990-01-01 **Tapestry of Cultural Issues in Art Therapy** Anna R. Hiscox, Abby C. Calisch, 1998-01-01 Professionals engaged in art therapy discuss aspects of practice which are affected by an environment of increasing cultural diversity Some contributions examine problems faced by members of ethnic minorities who are caught between assertion of their cultural identities and assimilation into a different social milieu **The Encyclopedia of Adoption** Christine A. Adamec, Laurie C. Miller, 2007 Includes information on the Adoption and Safe Families Act a federal law created to encourage the adoption of foster children This encyclopedia also includes information on other adoption issues such as laws concerning adoptions by gays and lesbians tax issues school and adopted children birthfather rights transracial adoptions and more Therapeutic Communities for Children and Young People Adrian Ward, 2003 This collection of papers written by respected experts with extensive experience builds a powerful picture of the theory and practice of therapeutic community work with young people A wide variety of therapeutic community approaches is considered alongside an analysis of the implications of this model for mainstream residential practice **Intuition is not Enough** Linnet McMahon, Linnet McMahon, Adrian Ward, 2014-04-08 How do Professionals really learn to improve their practice Intuition is not Enough is a guide for trainers and practitioners working with disturbed children and young people which explores the connections between the challenges of practice and of learning What Works in Residential Child Care Roger Bullock, Roger Clough, Adrian Ward, 2006-12-31 Reviews research evidence and identifies the significant elements that will lead to a successful strategy for Residential Child Care **Alternative Psychotherapies** Jean Mercer, 2014-07-30 Alternative Psychotherapies Evaluating Unconventional Mental Health Treatments addresses concerns about current and newly emerging mental health treatments that are considered unconventional In a parallel to complementary and alternative medical treatments alternative psychotherapies lack research support are at odds with established information about human personality and development and may actually be harmful Professionals and students in the helping professions may find such treatments confusing and difficult to differentiate from emerging therapies that have not yet established a foundation of evidence this is especially problematic if clients propose using unconventional therapies they have found on the Internet Alternative Psychotherapies examines a series of unconventional treatments in terms of the research supporting them their theoretical and historical backgrounds and the potential or documented adverse events that may be associated with them Therapies for both adults and children are included and topics range from recovered memory therapies to bodywork to treatments for autism and to special education issues Alternative psychotherapies frequently share certain historical backgrounds and psychotherapists can use historical insights as well as an understanding of basic research rules and psychological theory to identify unconventional treatments other than the ones discussed The book concludes with a discussion of the advantages and disadvantages of greater regulation of alternative therapies as compared to the current

situation in which few mental health interventions are banned or limited by law Group Care Practice with Children and Young People Revisited Leon C. Fulcher, Frank Ainsworth, 2012-12-06 Find out how group care for children has changed in the last 20 years Group Care Practice with Children and Young People Revisited focuses on the core issues that shape the quality of care that is provided in institutional and residential care settings as well as day care services that rely on the group process Leading authorities on residential group care practice from around the world examine practice concepts centered on three broad themes working directly with children working indirectly to support children and their families and organizational influences on practice This unique book offers valuable insights for dealing with the daily challenges of working with young people in responsive group care Group Care Practice with Children and Young People Revisited builds on contemporary themes that were explored by the editors more than 20 years ago in Group Care for Children Concept and Issues and Group Care Practice with Children both out of print Contributors to this updated collection put a fresh spin on the original material as well as cross cultural analysis from both sides of the Atlantic Australia and New Zealand Malaysia China and the United Arab Emirates They revisit the key issues identified in the earlier books and provide personal and professional reflections on what has happened to their practice themes since the early 1980s Special attention is paid to how social policy imperatives normalization de institutionalization mainstreaming least restrictive environment minimal intervention and diversion have reshaped the field group care methods and skills needed for direct and indirect care and group care as an occupational Group Care Practice with Children and Young People Revisited examines and re examines the relationships between group care practice and education how group care programs can become hostile to families primary care in secondary settings the importance of shared language in a group care center group development how group composition can influence the overall functioning of the group managing occupational stresses in group care practice patterns of career development in child and youth care economic influences that impact group care challenges facing the future of group care services for children and much more Group Care Practice with Children and Young People Revisited is a must read for youth case workers child and youth care educators and anyone working in child welfare including youth justice managers administrators and policymakers

Mutual Aid Groups, Vulnerable and Resilient Populations, and the Life Cycle Alex Gitterman, Lawrence Shulman, 2005 The authors reveal the ways in which mutual aid processes help individuals overcome social and emotional trauma in contemporary society by reducing isolation universalizing individual problems and mitigating stigma New chapters in this completely revised and updated third edition illustrate the power of mutual aid processes in dealing with children traumatized by the events of September 11 adult survivors of sexual abuse parents with developmentally challenged children people with AIDS in substance recovery and mentally ill older adults *Trauma, Attachment and Family Permanence* Caroline Archer, 2003-02-15 Fostered and adopted children can present major challenges resulting from unresolved attachment issues and early traumatic experiences This book provides a variety of

complementary perspectives on the needs of these children and their families focusing on ways of integrating attachment theory and developmental psychology into effective practice Love and Loss Colin Murray Parkes, 2013-05-13 Loving and grieving are two sides of the same coin we cannot have one without risking the other Only by understanding the nature and pattern of loving can we begin to understand the problems of grieving Conversely the loss of a loved person can teach us much about the nature of love Love and Loss the result of a lifetime s work has important implications for the study of attachment and bereavement In this volume Colin Murray Parkes reports his innovative research that enables us to bring together knowledge of childhood attachments and problems of bereavement resulting in a new way of thinking about love bereavement and other losses Areas covered include patterns of attachment and grief loss of a parent child or spouse in adult life social isolation and support The book concludes by looking at disorders of attachment and considering bereavement in terms of its implications on love loss and change in a wider context Illuminating the structure and focus of thinking about love and loss this book sheds light on a wide range of psychological issues It will be essential reading for professionals working with bereavement as well as graduate students of psychology psychiatry and sociology **Comprehensive Handbook of Social Work and Social Welfare, Social Work Practice** , 2008-03-31 Comprehensive Handbook of Social Work and Social Welfare Volume 3 The Profession of Social Work features contributions from leading international researchers and practitioners and presents the most comprehensive in depth source of information on the field of social work and social welfare Themes and Stories in Youthwork Practice Mark Krueger, Mark V. Krueger, 2004 Learn to follow the rhythms of building a relationship with youth at risk Themes and Stories in Youth Work Practice takes a refreshing look at the creative possibilities of working with youth in a variety of group care and developmental settings Author Mark Krueger presents an innovative approach to developing relationships through shared experiences that plays out like modern dance choreographed according to individual needs and strengths but always open to improvisations that follow the rhythms of life The book also promotes a framework of understanding youth work through personal stories constructed alone and together by youth and youth workers Themes and Stories in Youth Work Practice offers a unique perspective on theory and practice as it examines human interaction as an interpersonal inter subjective and contextual process The book recounts a day in the life of a youth worker examines qualitative inquiries conducted by youth workers recalls personal stories and addresses the ways youth workers experiences influence their interactions with youth Counselors working in community centers group homes treatment centers and community and group care programs will discover how to use the interactive dance between workers and youth at risk to create human compositions advancing the story and getting a feel of where they are in moments of connection discovery and empowerment From the author Youth work is like a modern dance We bring ourselves to the moment and try to interact in synch with youths rhythms for trusting and growing As we interact we are in a sense in and passing through youth The challenge is to know ourselves so that we can know each other and this comes about in part

through a constant exploration of our stories It also comes about when we are in youth work with youth learning how to dance Geared toward experienced youth workers but equally relevant for students and anyone new to the field Themes and Stories in Youth Work Practice is an enlightening read for anyone working in or for residential treatment centers group homes shelters foster care juvenile justice programs community based youth serving organizations after school programs recreation programs camps churches and neighborhood centers
