Resisting Linguistic Imperialism In English Teaching:

Resisting Linguistic Imperialism in English Teaching A. Suresh Canagarajah, 1999-08-26 This book describes the creative strategies employed by teachers and students in periphery communities in order to use the English language in a manner that suits their needs while subtly resisting the linguistic imperialism that many scholars have identified as the consequence of the global ELT enterprise After developing trends and ideas from those oppositional strategies the book goes on to outline elements of a critical pedagogy suitable for ELT in formerly colonized communities As the English language continues to spread globally this book will be essential reading for English teachers and applied linguists wishing to understand the ideological challenges in the periphery Curriculum planners and policy makers will also find it a necessary aid to exploring the pedagogical alternatives

Resisting Linguistic Imperialism in English Teaching Athelstan Suresh Canagarajah, 1999

Reflections on Multiliterate Lives Diane Dewhurst Belcher, Ulla Connor, 2001 Reflection on Multiliterate Lives is a collection of personal accounts in narrative and interview format of the formative literacy experiences of highly successful second language users all of who are professional academics Representing fourteen countries in origin the contributors well known specialists in language teaching as well as a variety of other fields in the social and physical sciences recount in their own words past and present struggles and successes as learners of language and of much else

The Routledge Handbook of Educational Linguistics Martha Bigelow, Johanna Ennser-Kananen, 2014-08-13 The Routledge Handbook of Educational Linguistics provides a comprehensive survey of the core and current language related issues in educational contexts Bringing together the expertise and voices of well established as well as emerging scholars from around the world the handbook offers over thirty authoritative and critical explorations of methodologies and contexts of educational linguistics issues of instruction and assessment and teacher education as well as coverage of key topics such as advocacy critical pedagogy and ethics and politics of research in educational linguistics Each chapter relates to key issues raised in the respective topic providing additional historical background critical discussion reviews of pertinent research methods and an assessment of what the future might hold This volume embraces multiple dynamic perspectives and a range of voices in order to move forward in new and productive directions making The Routledge Handbook of Educational Linguistics an essential volume for any student and researcher interested in the issues surrounding language and education particularly in multilingual and multicultural settings

Non-Native Language Teachers Enric Llurda, 2006-06-09 As non natives are increasingly found teaching languages particularly English both in ESL and EFL contexts the identification of their specific contributions and their main strengths has become more relevant than ever This volume provides different approaches to the study of non native teachers NNS teachers as seen by students teachers graduate supervisors and by themselves It contributes seldom explored perspectives like classroom discourse analysis and social psychological framework to discuss

conceptions of NNS teachers Language, Capital, Culture ,2007-01-01 Singapore has been taken by many researchers as a fascinating living language policy and planning laboratory Language and education policy in Singapore has been pivotal not only to the establishment and growth of schooling but to the very project of nation building Since their inception mother tongue policies have been established with two explicit goals Firstly there is the development and training of human and intellectual capital for the expansion and networking of a Singaporean service and information economy Secondly there is the maintenance of cultural heritage and values as a means for social cohesion and indeed the maintenance of community and regional social capital These tasks have been fraught with tension and contradiction both in relation to the conditions of rapid cultural economic and political change in Asia and globally but as well because of the tensions between the so called world language English and Singapore s three other official languages Tamil Malay and Mandarin This has been complicated of course by the challenges of vibrant regional dialects and the emergence of Singlish as a powerful medium of community life **The Handbook of World Englishes** Braj B. Kachru,Yamuna Kachru,Cecil L. Nelson,2009-02-09 The Handbook of World Englishes is a collection of newly commissioned articles focusing on selected critical dimensions and case studies of the theoretical ideological applied and pedagogical issues related to English as it is spoken around the world Represents the cross cultural and international contextualization of the English language Articulates the visions of scholars from major varieties of world Englishes African Asian European and North and South American Discusses topics including the sociolinguistic contexts of varieties of English in the inner outer and expanding circles of its users the ranges of functional domains in which these varieties are used the place of English in language policies and language planning and debates about English as a cause of language death murder and suicide **Critical ELT Practices in Asia** Kiwan Sung,Rod Pederson,2012-09-13 This is the first and long awaited work on critical approaches to teaching English for the purposes of democracy and social justice that challenges the current views of ELT such as English being merely a tool for communication or the acquisition of basic skills or high test scores for advancement in education and the marketplace A timely work and a fresh look at critical approaches to ELT in Asia An invaluable work that simultaneously problematizes current ELT practices while introducing new possibilities for critical practices in localized contexts in Asia An important work that shines a light on how the forces of globalization not only dictate the spread of English as an international language but how these forces also dictate what is taught and how An informative view on how ELT practices are being re envisioned by critical educators in Asia This groundbreaking volume compiling critical perspectives of English language teaching in China Hong Kong Indonesia Korea and Sri Lanka confronts colonial legacies observed in educational practices and policies that perpetuate a divide between the privileged and the underprivileged The critical reflections scrutinize the nature of English as a commodified gatekeeper and simultaneously provide alternative visions for language education Ryuko Kubota Professor The university of British Columbia **International Perspectives on Critical English Language Teacher Education** Ali Fuad Selvi,Ceren

Kocaman,2024-05-16 This book showcases how teacher educators from diverse backgrounds contexts and realities approach English language teacher education with a critical stance Organized into nine parts that explore different facets of English Language Teaching each section opens with theoretical considerations chapters and features 24 practical application chapters Written by renowned scholars including Graham Hall Lili Cavaleiro and Mario Lopez Gopar among others the theoretical considerations chapters offer concise insights into current issues and controversies in the field point out opportunities for criticality and discuss implications for teacher education Written by critically oriented teacher educators researchers from various parts of the world including Brazil Germany Morocco Sweden Turkey and the USA among others the practical application chapters exhibit various ways to incorporate critical approaches in reshaping current teacher education practices ranging from critical and queer pedagogy to translanguaging to multilingualism along with a critical reflection of the potentials and the challenges involved in their application

Studying for a Masters in TESOL or Applied Linguistics Douglas E. Bell,2023-12-19 Studying for a Masters in TESOL or Applied Linguistics provides the definitive go to text for all students studying an MA in TESOL or Applied Linguistics as well as closely related degrees such as an MA in English Language Teaching Written in a clear and user friendly format and drawing on authentic and highly relevant source materials with the inclusion of practical tasks and answer keys for self correction throughout this book demystifies each stage of the MA TESOL MA Applied Linguistics journey Covering practical programme components such as lesson observation and teaching practice this book helps the reader to develop the key skills required to successfully complete an MA including How to effectively manage your time How to get the most out of your lectures How to develop effective reading skills How to become a better academic writer How to deal with various types of assessments How to deliver effective oral presentations Guiding students step by step through the process of how to choose research and then write a successful dissertation the book closes with guidance and tips for students on how to proceed after completing an MA in TESOL Applied Linguistics This book is therefore essential reading for those contemplating or undertaking an MA in either of these areas

The Handbook of Educational Linguistics Bernard Spolsky,Francis M. Communication and Language
Elinor L. Brown, Alexander S. Yeung, Cynthia Lee, 2013-01-01 Communication and Language play a foundational role in the overall pursuit of equity and social justice in education This volume does not take up the majority and dominant views which are especially visible in developments in the field of linguistic education and English language instruction Rather it travels the path less followed to attend to the language and communication concerns of populations that possess little political and economic power and whose academic and social needs are often neglected The volume attends to the role of language acquisition in levelling the playing field to enable ALL students to develop into contented family members good neighbours and productive citizens in an increasingly diverse and global society The issue takes on far greater importance as it gradually comes to light that the capacity for language corresponds to and even implements the ability to interrelate with others Far from being a mere utilitarian tool this is now appreciated as constituting the realm of abilities to take the position of the other to share a field of meaning and to project and pursue truly humane and indeed inter humane attitudes and goals In this light communication and language whether verbal or preverbal constitute the field in which one first attains and progressively evolves one s humanity In this volume scholars from ten different countries examine issues related to the influence of language and communication patterns on equity and social justice in the lives of disadvantaged and marginalized populations around the globe i e educational opportunities community stability economic prospects and political power Critical issues addressed include education in traditional national or Western languages language integration through dialects and code switching non verbal academic engagement through art signing and photography cross cultural engagement through language equity in higher education and the influence of Western language acquisition on the self concepts of disadvantaged students As the succession of sections in this volume makes clear success in the realization of language and communication abilities is not simple Rather it reflects human life and interaction in all its complexity

Lessons from Good Language Teachers Carol Griffiths, Zia Tajeddin, 2020-04-30 What makes a good language teacher This up to date practical book addresses that question from a human perspective recognising that teachers are not just machines but have feelings needs and identities of their own As the twenty two topics of the chapters in this volume clearly

indicate language teachers are complex individuals who are expected to have a range of personal qualities to be able to satisfy the needs of their students and to have the knowledge and skills to provide instruction in a range of language areas Not only that but all of these requirements are constantly changing The authors present new insights from the real teaching environment that will be an invaluable help to language teachers at all stages of professional development **True to the Language Game** Keith Gilyard,2013-08-15 In *True to the Language Game* Keith Gilyard one of the major African American figures to emerge in language and cultural studies makes his most seminal work available in one volume This collection of new and previously published essays contains Gilyard s most relevant scholarly contributions to deliberations about linguistic diversity cultural identity critical literacy writing instruction literary texts and popular culture The volume also features contemporary treatises on such timely topics as students right to their own language code switching pedagogy and political discourse surrounding the rise of Barack Obama Gilyard weaves together serious analysis theoretical work policy discussions and personal reflections on the interplay of language literacy and social justice to make *True to the Language Game* essential reading for students and scholars in rhetorical studies composition studies applied linguistics and education **Literature in Language Education** Geoff Hall,2015-07-06 A state of the art critical review of research into literature in language education of interest to teachers of English and modern foreign languages Includes prompts and principles for those who wish to improve their own practice or to engage in projects or research in this area *Handbook of Research on Implications of Sustainable Development in Higher Education* Meletiadou, Eleni,2023-02-10 Research in the field of education for sustainable development ESD is of growing concern to meet the needs of the diverse student populations in various higher education institutions People around the world recognize that current economic development trends are not sustainable and that public awareness education and training are key to moving society toward sustainability Although ESD continues to grow both in content and pedagogy and its visibility and respect have grown in parallel education officials policymakers educators curriculum developers and others are called upon to rethink education in order to contribute to the achievement of the goals of sustainable development in higher education The *Handbook of Research on Implications of Sustainable Development in Higher Education* provides insight regarding the implications of ESD for teaching learning and assessment in higher education and demonstrates the value of adopting an ESD lens by broadening and strengthening the evidence base of the impact that this can make for students educators and society as a whole Covering key topics such as assessment globalization and inclusion this reference work is ideal for university leaders administrators policymakers researchers scholars practitioners academicians instructors and students **Fairness, Justice and Language Assessment** Tim McNamara,Ute Knoch,2019-02-21 This book has two goals each related to the validity of language assessment The first goal is to explore the difference between fairness and justice in language assessment The authors distinguish internal and external dimensions of the equitable and just treatment of individuals taking language tests which are used as gatekeeping

devices to determine access to education and employment immigrant status citizenship and other rights The second goal is to show how the extent of test fairness can be demonstrated and improved using the tools of psychometrics in particular the models collectively known as Rasch measurement This book will have an enormous impact on the field of language assessment Using Rasch analysis models to explore and identify sources of unfairness the authors make a compelling case for fairness in the design and implementation of language assessment instruments and for justice in the interpretation and use of test results A real strength of the book is that it guides readers through analytical techniques in an accessible way Dan Douglas Professor Emeritus Applied Linguistics Program Iowa State University

Elt Methods and Approaches: Experiments and Observations Taj Mohammad, Soada Idris, 2022-05-16

ELT METHODS AND APPROACHES EXPERIMENTS AND OBSERVATIONS narrates the experiments and observations of different methodological approaches in English Language Teaching The beginning of each chapter provides a conceptual framework of each method and approach supported by well known critics and scholars in the field Such a theoretical background to most of the methods and approaches in English Language Teaching may attract students research scholars and classroom teachers The book shares personal experiences in writing this book an amalgam of theory and practice in English Language Teaching They emphasize the application of those methods and approaches in a particular EFL ESL situation That is what seemed to motivate me to write this book a different source in that it not only provides the conceptual framework of different methods approaches and techniques but also executes and experiments with them in EFL ESL situations The work is unique as it not only experiments with different methods and approaches but also observes what practical challenges learners and teachers face during their implementation as well as how these difficulties can be addressed and overcome This text has provided adequate scope for learners the target group to integrate them into the research They have actively participated in the creation and formation of this book The book has positively included learners feedback on the execution approach and technique Their feedback is important in assessing whether a method or approach is successful in a specific EFL ESL environment Learners feedback has assisted the authors as they present discuss and assess the advantages and disadvantages of each method We have shared personal experiences with different EFL ESL learners in three countries the United States of America Saudi Arabia and India

Eventually, you will utterly discover a other experience and endowment by spending more cash. nevertheless when? complete you receive that you require to acquire those every needs subsequently having significantly cash? Why dont you attempt to get something basic in the beginning? Thats something that will lead you to comprehend even more just about the globe, experience, some places, later history, amusement, and a lot more?
