United States Institute of Peace in Brief ,1989 *The United States Institute of Peace Journal* ,1992 **From Democracy and Aid to Arms Control** ,1992 *Departments of Labor, Health and Human Services, Education, and Related Agencies Appropriations for 1997* United States. Congress. House. Committee on Appropriations. Subcommittee on the Departments of Labor, Health and Human Services, Education, and Related Agencies,1996 **States, Scarcity, and Civil Strife in the Developing World** Colin H. Kahl,2018-06-05 Over the past several decades civil and ethnic wars have undermined prospects for economic and political development destabilized entire regions of the globe and left millions dead States Scarcity and Civil Strife in the Developing World argues that demographic and environmental stress the interactions among rapid population growth environmental degradation inequality and emerging scarcities of vital natural resources represents one important source of turmoil in today s world Kahl contends that this type of stress places enormous strains on both societies and governments in poor countries increasing their vulnerability to armed conflict He identifies two pathways whereby this process unfolds state failure and state exploitation State failure conflicts occur when population growth environmental degradation and resource inequality weaken the capacity legitimacy and cohesion of governments thereby expanding the opportunities and incentives for rebellion and intergroup violence State exploitation conflicts in contrast occur when political leaders themselves capitalize on the opportunities arising from population pressures natural resource scarcities and related social grievances to instigate violence that serves their parochial interests Drawing on a wide array of social science theory this book argues that demographically and environmentally induced conflicts are most likely to occur in countries that are deeply split along ethnic religious regional or class lines and which have highly exclusive and discriminatory political systems The empirical portion of the book evaluates the theoretical argument through in depth case studies of civil strife in the Philippines Kenya and numerous other countries The book concludes with an analysis of the challenges demographic and environmental change will pose to international security in the decades ahead **The Diplomatic Record 19921993** Allan Goodman,2019-05-28 The Diplomatic Record continues in its fourth year to offer the most comprehensive storehouse of current information available on international diplomatic relations including a look ahead to ongoing negotiations a chronology of diplomatic events for the year and a bibliography of current diplomacy related publications At the heart of every editi *Regional Powers and Small State Security* K. M. De Silva,1995 *Regional Powers and Small State Security* recounts India s involvement in the affairs of its much smaller neighbor Sri Lanka over the question of Tamil separatists in the northern and eastern parts of the island **Engaging Geopolitics** Kathleen Braden,F.M. Shelley,2014-09-11 *Engaging Geopolitics* provides a comprehensive introduction to the influence of geography demography and economics on politics and international relations in the world in which we live today The authors expressed aim is to make geopolitics more accessible to undergraduate students with the hope that the book will be an ideal starting pointing for

those who will be moving vertically into more advanced courses in political geography or laterally into other concerns of international affairs **Democracies and Small Wars** Efraim Inbar,2003-08-30 By their nature democracies clearly have greater constraints than autocratic regimes on their freedom of action as they have to meet constitutional legal and moral criteria in their use of force This collection analyses a number of case studies showing how democracies have won small wars

Weapons Proliferation in the 1990s Brad Roberts,1995 The proliferation of weapons of mass destruction has emerged as a major topic of international security in the post Cold War world This compendium of articles published in The Washington Quarterly between 1991 and 1995 describes the changing nature of the problem discusses new trends in nonproliferation and counterproliferation policy identifies new arms control challenges at the regional and global levels and concludes by addressing the global politics of proliferation Mitigating Conflict Henry F. Carey,Oliver P. Richmond,2004-08-02 This title examines the roles and new opportunities arising from the increasing participation of non governmental organizations NGOs in peace making peacekeeping and peace building processes both formal and informal state sponsored and unofficial Drawing on both academic experts and activists this study brings together contributions from those who have observed how NGOs have sought to reflect civil society concerns provide humanitarian relief monitor compliance with international norms and treaty requirements and disseminate information of concern to advocacy networks A critical appraisal of the opportunities and constraints of NGOs is provided alongside the examination of the NGOs role in the new agendas for peace

Nuclear Deterrence in Southern Asia Arpit Rajain,2005-05 This important and topical book examines the triangular relationship of China India and Pakistan through the prism of nuclear deterrence The author highlights the interplay and role of strategic culture nuclear weaponisation and deployment command and control arms control non state actors and foreign policy issues which affect relations between the three countries With two main purposes a conceptual investigation into the notion of deterrence and a study of the theory and practice of limited war this book addresses the strategic political and military dimensions of the role of nuclear weapons through examples of the only cases of nuclear weapon states having gone into armed conflict the Cuban missile crisis the Ussuri river clashes and the Kargil conflict discusses the various pressures exerted on decision makers in the context of the notions of deterrence the rational deterrence model and a limited war under a nuclear umbrella evaluates all three countries with regard to their strategic culture the role of nuclear weapons in their military strategy the nature of public opinion and political rhetoric responses to the various arms control treaties and foreign policy choices Based on a variety of sources including interviews with key individuals in various sector this is the first book length study of the triangular relationship between China India and Pakistan Gray Area Phenomena Max G. Manwaring,2019-04-11 This book addresses the challenge of international narcotics control by applying the Manwaring paradigm The paradigm is the basis for an improved strategy and theory of engagement for weak governments of the developing world built around the concept of the gray area phenomenon The United Nations As a Dispute Settlement

System Connie Peck,1996-05-23 This text reviews the preventive diplomacy of the United Nations suggesting that the Security Council is not well suited to the task What is needed it argues is a less political and more professional approach namely a larger and more autonomous role for the Secretary General and the development of a greater specialist capacity within the Secretariat The work gives appropriate weight to the importance of peace building both before and after conflict as an integral part of conflict prevention and the United Nations role therein

Unveiling Dynamics, Legitimacy, and Governance in Contemporary States Ryszard Ficek,2024-04-25 This book delves into the complex dynamics of legitimizing

power in fragile states With five comprehensive chapters it analyzes the geopolitical domestic and international dimensions of fragile states The unique contribution lies in unraveling specific forms of legitimization linked to various types of state fragility providing a nuanced understanding The book distinguishes between temporary crises and chronic fragility crucial for shaping effective international support strategies It addresses the challenges and consequences of weak legitimacy on global security highlighting its impact on aid interventions and systemic stability The author's analysis emphasizes the diverse nature of political regimes in fragile states incorporating considerations of hybrid regimes Additionally it explores the dynamics of authoritarian enclaves at the sub state level revealing their potential national influence By scrutinizing the decline of trust in democratic systems the book addresses contemporary challenges making it a vital resource for understanding and navigating the complexities of fragile states political landscapes Sustainable Peace Connie Peck, 1998

The end of the twentieth century saw the easing of East West tension but not the end of violent conflict_ especially within states There has been growing consensus that the international community needs to find more effective ways of preventing such internal conflicts This book argues that the most sustainable means of promoting peace within states is the development of good governance which can address the root causes of conflict and meet basic human security needs Good governance offers groups a voice in resolving grievances at an early stage before they grow into major problems safeguards human rights and promotes a fairer distribution of resources The author suggests that the focus of good international and regional governance should be the promotion of more effective national and local governance and she outlines the efforts of the United Nations regional organizations_ such as the Organization for Security and Cooperation in Europe the Organization of African Unity and the Organization of American States_ and NGOs such as the Carter Center The most successful approaches of these organizations could be applied through proposed Regional Centers for Sustainable Peace
