## **Resource Conflict In The Horn Of Africa:**

**Resource conflict in the horn of Africa** John Markakis, Resource Conflict in the Horn of Africa John Markakis, International Peace Research Institute, 1998-01-23 8 What Can Be Done Natural Resources and Conflict in Africa Abiodun Alao, 2007 The first comprehensive account of the linkage between natural resources and political and social conflict in Africa Borders & Borderlands as Resources in the Horn of Africa Dereje Feyissa, Markus Virgil Höhne, 2010 Borders offer opportunities as well as restrictions and in the Horn of Africa they are used as economic political identity and status resources by borderland peoples State borders are more than barriers They structure social economic and political spaces and as such provide opportunities as well as obstacles for the communities straddling both sides of the border This book deals with the conduits and opportunities of state borders in the Horn of Africa and investigates how the people living there exploit state borders through various strategies Using a micro level perspective the case studies which include the Horn and Eastern Africa particularly the borders of Djibouti Eritrea Ethiopia Sudan Somalia Kenya Uganda and Tanzania focus on opportunities highlight the agency of the borderlanders and acknowledge the permeability but consequentiality of the borders DEREJE FEYISSA Max Planck Institute of Social Anthropology Halle Germany MARKUS VIRGIL HOEHNE Max Planck Institute of Social Anthropology Halle Germany **West African Studies Conflict over Resources and Terrorism Two Facets of Insecurity** OECD, Sahel and West Africa Club, 2013-04-02 This study first analyses an old and recurring form of instability in the region conflict over resources Secondly the study addresses terrorism a relatively new dimension of insecurity Pastoralism and Conflict in the Horn of Africa Kennedy Mkutu, 2001 **Political Conflict on the Horn of Africa** Robert F. Gorman, 1981 Natural Resource-based Conflicts in the Greater Horn of Africa, 2001 **Climate Change and Resource Conflict** Judith M. Bretthauer, 2016-08-25 This book examines the links between climate change and resource scarcity to violent conflict Does climate change cause conflicts This book analyses the economic political and social conditions under which countries with low levels of freshwater or arable land experience armed conflict There are strong theoretic arguments linking climate change and scarcity of livelihood resources to conflict However empirical accounts are contradictory Using qualitative comparative analysis fsQCA this book compares 22 political economic and social conditions across 30 countries experiencing scarcity of available freshwater or arable land The results show that there are three types of resource scarce countries that experience conflicts neo patrimonial states oil rich states that are poorly integrated into the global economy and least developed states In addition the results reveal that there are two types of resource scarce countries that remain peaceful non agrarian countries with either even development between groups or high integration into the global economy with high levels of adaptive capacities This explains the contradictory results of previous empirical studies and suggests that resource scarcity might contribute to conflict in least developed countries This book will be of much interest to students of climate change critical security peace and conflict studies and IR in general **Discussing Conflict in**

**Ethiopia** Wolbert Smidt, Kinfu Abraham, 2007 This volume contains the papers presented at the Conference Ethiopian and German Contributions to Conflict Management and Resolution of November 2005 Addis Ababa The aim of this conference was to bring researchers and those working in the practical field of conflict resolution together before the background of renewed internal and international conflict Research in conflict resolution mechanisms is one of the most hopeful fields in modern social sciences Local conflicts can have devastating effects on the state and even involve the international level In turn international conflict can also destabilize society and create new local conflicts However local conflict resolution mechanisms could be of a great importance even within the international scene This volume examines the experiences in Ethiopia and the impact the acquired knowledge could have for future conflict resolution and management **The**

**1998-2000 Eritrea-Ethiopia War and Its Aftermath in International Legal Perspective** Andrea de Guttry, Harry H. G. Post, Gabriella Venturini, 2021-04-01 This book centres on the war that raged between Eritrea and Ethiopia from 1998 to 2000 a war that caused great loss of life and tremendous devastation It analyses the war in great detail from an international legal perspective the nature and the state of the boundary conflict preceding the actual armed conflict the military actions themselves the role of the UN peace keeping mission the responsibility for the multitude of explosive remnants of the war left behind Ample attention is paid to the decisions of the Eritrea Ethiopia Claims Commission and the Eritrea Ethiopia Boundary Commission This study is not limited to the war and the period immediately following it it also examines its more extended aftermath prolonging the analysis as far as the more recent improvement in the relations between Eritrea and Ethiopia away from a situation of no war no peace that prevailed after the armed conflict ended The analysis of the war and its aftermath is not only in terms of international legal issues it has been placed in a wider than strictly legal perspective The book is a valuable work for academics and practitioners in international law human rights and humanitarian law in particular for political scientists diplomats civil servants historians and all those others seriously interested in the Horn of Africa Andrea de Guttry is Full Professor of Public International Law at the Scuola Superiore Sant'Anna in Pisa Italy Harry H G Post is Adjunct Professor in the Facult  Libre de Droit of the Universit  Catholique de Lille in Lille France Gabriella Venturini is Professor Emerita in the Dipartimento di Studi internazionali giuridici e storico politici of the Universit  degli Studi di Milano in Milan Italy

Understanding the Somalia Conflagration Afyare Abdi Elmi, 2010-06-04 Is peace building in Somalia possible Devastated by a US backed Ethiopian invasion and years of civil war Somalia has long been without a central government against this background of violence and instability Somali academic Afyare Abdi Elmi explains the multiple dimensions of the conflict seeking a peace building consensus Somalia is a failed state and a Muslim state a combination the West assumes means it is a breeding ground for extremism Coupled with the country's reputation as a piracy hotspot this combination of internal division and outside interference makes for an intensely hostile landscape Elmi shows that only by addressing the problem of the statelessness in the country can the long process of peace begin He highlights clan identities Islam and other

countries in the region as the key elements in any peace building effort setting out a path for the international community to follow

**African Security Politics Redefined** K. Dokken, 2008-05-26 This book analyzes recent alterations in African security politics focusing on regionalization of civil wars transnational aspects of African conflicts African regional peacekeeping efforts the privatization of security in Africa and the role of the UN in peacekeeping

**Environmental Change and Security Project Report**, 2003 *Developing Heritage - Developing Countries* Marie Huber, 2020-11-23 The history of development has paid only little attention to cultural projects This book looks at the development politics that shaped the UNESCO World Heritage programme with a case study of Ethiopian World Heritage sites from the 1960s to the 1980s In a large scale conservation and tourism planning project selected sites were set up and promoted as images of the Ethiopian nation This story serves to illustrate UNESCO's role in constructing a useful past in many African countries engaged in the process of nation building UNESCO experts and Ethiopian elites had a shared interest in producing a portfolio of antiquities and national parks to underwrite Ethiopia's imperial claims to regional hegemony with ancient history The key findings of this book highlight a continuity in Ethiopian history despite the political ruptures caused by the 1974 revolution and UNESCO's transformation from knowledge producer to actual provider of development policies The particular focus on the bureaucratic and political practices of heritage bridges a gap between cultural heritage studies and the history of international organisations The result is a first study of the global discourse on heritage as it emerged in the 1960s development decade

*Historical Dictionary of Ethiopia* David H. Shinn, Thomas P. Ofcansky, 2013-04-11 Ethiopia is clearly one of the most important countries in Africa First of all with about 75 million people it is the third most populous country in Africa Second it is very strategically located in the Horn of Africa and bordering Eritrea Sudan Kenya and Somalia with some of whom it has touchy and sometimes worse relations Yet its capital Addis Ababa is the headquarters of the African Union the prime meeting place for Africa's leaders So if things went poorly in Ethiopia this would not be good for Africa and for a long time this was the case with internal disruption rife until it was literally suppressed under the strong rule of the recently deceased Meles Zenawi The Historical Dictionary of Ethiopia Second Edition covers the history of Ethiopia through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has several hundred cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Ethiopia

Governance, Natural Resources and Post-Conflict Peacebuilding Carl Bruch, Carroll Muffett, Sandra Nichols, 2016-04-07 When the guns are silenced those who have survived armed conflict need food water shelter the means to earn a living and the promise of safety and a return to civil order Meeting these needs while sustaining peace requires more than simply having governmental structures in place it requires good governance Natural resources are essential to sustaining people and peace in post conflict countries but governance failures often jeopardize such efforts This book examines the theory practice and often surprising realities of post

conflict governance natural resource management and peacebuilding in fifty conflict affected countries and territories It includes thirty nine chapters written by more than seventy researchers diplomats military personnel and practitioners from governmental intergovernmental and nongovernmental organizations The book highlights the mutually reinforcing relationship between natural resource management and good governance Natural resource management is crucial to rebuilding governance and the rule of law combating corruption improving transparency and accountability engaging disenfranchised populations and building confidence after conflict At the same time good governance is essential for ensuring that natural resource management can meet immediate needs for post conflict stability and development while simultaneously laying the foundation for a sustainable peace Drawing on analyses of the close relationship between governance and natural resource management the book explores lessons from past conflicts and ongoing reconstruction efforts illustrates how those lessons may be applied to the formulation and implementation of more effective governance initiatives and presents an emerging theoretical and practical framework for policy makers researchers practitioners and students Governance Natural Resources and Post Conflict Peacebuilding is part of a global initiative to identify and analyze lessons in post conflict peacebuilding and natural resource management The project has generated six books of case studies and analyses with contributions from practitioners policy makers and researchers Other books in this series address high value resources land water livelihoods and assessing and restoring natural resources Negotiating Statehood Tobias Hagmann,Didier Péclard,2011-10-04 Negotiating Statehood Dynamics of Power and Domination in Africa provides a conceptual framework for analysing dynamic processes of state making in Africa Features a conceptual framework which provides a method for analysing the everyday making contestation and negotiation of statehood in contemporary Africa Conceptualizes who negotiates statehood the actors resources and repertoires where these negotiation processes take place and what these processes are all about ncludes a collections of essays that provides empirical and analytical insights into these processes in eight different country studies in Africa Critically reflects on the negotiability of statehood in Africa

*Governing Natural Resources for Sustainable Peace in Africa* Obasesam Okoi,Victoria R Nalule,2023-12-18 This book examines the dynamics of natural resource conflicts in Africa and explores the different governance approaches for securing sustainable peace One of the most prominent challenges facing Africa today is the consequences of natural resource extraction While these resources hold the potential for economic transformation across Africa their extraction also comes with a range of environmental social and economic consequences including issues related to governance This book assembles a unique cohort of peacebuilding environmental justice and sustainable development scholars and practitioners from Africa and beyond to examine the dynamics of natural resource conflict and explore the governance approaches that offer pathways for sustainable peace in Africa Drawing on case studies and empirical lessons from the Horn of Africa Southern Africa West Africa East Africa and the Central Sahel region along with the African Union the multidisciplinary contributors offer fresh

insights into the nature of natural resource conflict in Africa delve deeper into the complexities of natural resource governance and highlight the interplay between resource governance and sustainable peace By shedding light not only on Africa s experiences and vulnerabilities but also on the challenges of natural resource governance this book fills a crucial gap in understanding the connection between natural resource governance conflict and pathways for sustainable peace in Africa Drawing on a range of disciplinary perspectives this book will be of interest to students and scholars of natural resource governance peace and conflict studies environmental policy and justice sustainable development security studies and African studies more widely
