British Royal Visits and Black Loyalism in Twentieth-century Southern Africa Hilary Sapire, 2024-10-31 Exploring the entwined histories of British royal visits to Southern Africa in the twentieth century this book analyses the clashing voices of dissent and cheering crowds that accompanied royal tours providing insight into the shifting nature of Black loyalism Originating in the Indigenous empire loyalism of eighteenth century Canada Black loyalism encompassed loyalty to the British crown and a shared ideology of rights and entitlements which positioned the crown as a source of protection against white settler rapacity colonial violence and racial oppression However expressions of monarchical devotion were often double edged and addressed the fundamental contradiction of a crown that was both the source of rights and complicit in colonial conquest appropriation and misrule It was on royal occasions such as jubilees coronation celebrations and especially royal visits when the sovereign was literally amongst their more distant subjects that loyalist sentiment was rekindled reinvented and made directly relevant to the concerns of the day By analysing change and continuity in Black perspectives towards both the British and Indigenous African monarchy during these visits this book offers a fruitful way into examining an array of Black Southern African discourses on governance political values and cultural identities across the region It argues that the refashioning of British imperial monarchy in the twentieth century was profoundly shaped by African initiatives and reimaginings and provides valuable reading for those researching imperialism popular attitudes to the British monarchy in the twentieth century and the diverse politics and identities of southern Africa

The Routledge Handbook of the History of Settler Colonialism Edward Cavanagh, Lorenzo Veracini, 2016-08-12 The Routledge Handbook of the History of Settler Colonialism examines the global history of settler colonialism as a distinct mode of domination from ancient times to the present day It explores the ways in which new polities were established in freshly discovered New Worlds and covers the history of many countries including Australia New Zealand Israel Japan South Africa Liberia Algeria Canada and the USA Chronologically as well as geographically wide reaching this volume focuses on an extensive array of topics and regions ranging from settler colonialism in the Neo Assyrian and Roman empires to relationships between indigenes and newcomers in New Spain and the early Mexican republic to the settler dominated polities of Africa during the twentieth century Its twenty nine inter disciplinary chapters focus on single colonies or on regional developments that straddle the borders of present day states on successful settlements that would go on to become powerful settler nations on failed settler colonies and on the historiographies of these experiences Taking a fundamentally international approach to the topic this book analyses the varied experiences of settler colonialism in countries around the world With a synthesizing yet original introduction this is a landmark contribution to the emerging field of settler colonial studies and will be a valuable resource for anyone interested in the global history of imperialism and colonialism **Modern South Africa in World History** Rob Skinner, 2017-05-04 This book assesses South African history within imperial and global networks of power trade and communication South African modernity is understood in terms of the interplay between internal and external forces Key historical themes including the emergence of an industrialised economy the development of systematic racial discrimination and popular resistance against racial power and the influence of national and ethnic identities on political and social organisation are set out in relation to imperial and global influences This book is central to our understanding of South Africa in the context of world history Josie Mpama/Palmer Robert R. Edgar, 2020-04-22 While African National Congress narratives dominate much of the scholarship on South Africa s freedom struggle Josie Mpama Palmer s political life offers a different perspective Highly critical of the patriarchal attitudes that hindered black women from actively participating in politics Mpama Palmer was an outspoken advocate for women s social equality and encouraged black women to become more involved in national conversations The first black woman to join the Communist Party of South Africa and an antiapartheid activist Josie Mpama Palmer remained involved in critical issues all her life especially protests against Bantu Education and other forms of racial and sexist discrimination She was an integral figure in establishing the Federation of South African Women an organization open to women of all races Mpama Palmer s activism and political legacy would become an inspiring example for women in South Africa and around the world to get up and get moving The Oxford Handbook of the Modern Slum Alan Mayne, 2023 The Oxford Handbook of the Modern Slum explores the history of the modern slum connecting nineteenth century iterations through multiple pathways to its contemporary existence With chapters by 28 scholars this handbook brings an array of important and original perspectives and methodologies to bear on

slums real and imagined across the globe Drawing upon anthropology archaeology architecture geography history politics sociology and urban planning the book delves into households and communities whose existence has been hidden by stereotypes *The Law and the Prophets* Daniel R. Magaziner,2010 No nation can win a battle without faith Steve Biko wrote and as Daniel R Magaziner demonstrates in *The Law and the Prophets* the combination of ideological and theological exploration proved a potent force The 1970s are a decade virtually lost to South African historiography This span of years bridged the banning and exile of the country's best known antiapartheid leaders in the early 1960s and the furious protests that erupted after the Soweto uprisings of June 16 1976 Scholars thus know that something happened yet they have only recently begun to explore how and why *The Law and the Prophets* is an intellectual history of the resistance movement between 1968 and 1977 it follows the formation early trials and ultimate dissolution of the Black Consciousness movement It differs from previous antiapartheid historiography however in that it focuses more on ideas than on people and organizations Its singular contribution is an exploration of the theological turn that South African politics took during this time Magaziner argues that only by understanding how ideas about race faith and selfhood developed and were transformed in this period might we begin to understand the dramatic changes that took place Publisher description

Research in Urban Sociology Mark Clapson, Ray Hutchison, 2010-12-14 Presents contributions in comparative suburban studies for urban regions not just in Europe and the United States but also metropolitan regions in China India and other areas of the world This title examines the patterns of suburban development in metropolitan regions around the globe **Builders of Empire** Jessica L. Harland-Jacobs, 2012-09-01 They built some of the first communal structures on the empire's frontiers The empire's most powerful proconsuls sought entrance into their lodges Their public rituals drew dense crowds from Montreal to Madras The Ancient Free and Accepted Masons were quintessential builders of empire argues Jessica Harland Jacobs In this first study of the relationship between Freemasonry and British imperialism Harland Jacobs takes readers on a journey across two centuries and five continents demonstrating that from the moment it left Britain's shores Freemasonry proved central to the building and cohesion of the British Empire The organization formally emerged in 1717 as a fraternity identified with the ideals of Enlightenment cosmopolitanism such as universal brotherhood sociability tolerance and benevolence As Freemasonry spread to Europe the Americas Asia Australasia and Africa the group's claims of cosmopolitan brotherhood were put to the test Harland Jacobs examines the brotherhood's role in diverse colonial settings and the impact of the empire on the brotherhood in the process she addresses issues of globalization supranational identities imperial power fraternalism and masculinity By tracking an important identifiable institution across the wide chronological and geographical expanse of the British Empire *Builders of Empire* makes a significant contribution to transnational history as well as the history of the Freemasons and imperial Britain [Love in the Time of AIDS](#) Mark Hunter, 2021-12-22 In some parts of South Africa more than one in three people are HIV positive *Love in the Time of AIDS* explores transformations in notions of gender and

intimacy to try to understand the roots of this virulent epidemic By living in an informal settlement and collecting love letters cell phone text messages oral histories and archival materials Mark Hunter details the everyday social inequalities that have resulted in untimely deaths Hunter shows how first apartheid and then chronic unemployment have become entangled with ideas about femininity masculinity love and sex and have created an economy of exchange that perpetuates the transmission of HIV AIDS This sobering ethnography challenges conventional understandings of HIV AIDS in South Africa

Women's Activism and "Second Wave" Feminism Barbara Molony, Jennifer Nelson, 2017-02-09 This book is open access and available on www.bloomsburycollections.com It is funded by Knowledge Unlatched Women's Activism and Second Wave Feminism situates late 20th century feminisms within a global framework of women's activism Its chapters written by leading international scholars demonstrate how issues of heterogeneity transnationalism and intersectionality have transformed understandings of historical feminism It is no longer possible to imagine that feminism has ever fostered an unproblematic sisterhood among women blind to race ethnicity class sexuality nationality and citizenship status The chapters in this collection modify the wave metaphor in some cases and in others re-periodize it By studying individual movements they collectively address several themes that advance our understandings of the history of feminism such as the rejection of hegemonic feminism by marginalized feminist groups transnational linkages among women's organizations transnational flows of ideas and transnational migration By analyzing practical activism the chapters in this volume produce new ways of theorizing feminism and new historical perspectives about the activist locations from which feminist politics emerged Including histories of feminisms in the United States Canada South Africa India France Russia Japan Korea Poland and Chile Women's Activism and Second Wave Feminism provides a truly global re-appraisal of women's movements in the late 20th century

New Frontiers in the Study of the Global African Diaspora Rita Kiki Edozie, Glenn A. Chambers, Tama Hamilton-Wray, 2018-10-01 This anthology presents a new study of the worldwide African diaspora by bringing together diverse multidisciplinary scholarship to address the connectedness of Black subject identities experiences issues themes and topics applying them dynamically to diverse locations of the Blackworld Latin America the Caribbean Africa and the United States The book underscores three dimensions of African diaspora study First is a global approach to the African diaspora showing how globalism underscores the distinctive role that Africa plays in contributing to world history Second is the extension of African diaspora study in a geographical scope to more robust inclusions of not only the African continent but also to uncharted paths and discoveries of lesser known diaspora experiences and identities in Latin America and the Caribbean Third is the illustration of universal unwritten cultural representations of humanities in the African diasporas that show the distinctive humanities disciplinary representations of Black diaspora imaginaries and subjectivities The contributing authors inductively apply these themes to focus the reader's attention on contemporary localized issues and historical arenas of the African diaspora They engage their findings to critically analyze the broader norms and dimensions that characterize a

given set of interrelated criteria that have come to establish parameters that increasingly standardize African diaspora studies
