Epidemic Franklyn Lisk, 2009-09-10 Lisk examines the different perspectives of the global response to HIV AIDS and the role of the different global institutions multilateral public and private involved including their impact on outcomes State and

Society Responses to Social Welfare Needs in China , **Access to Treatment in the Private-sector Workplace** , 2005 A joint publication of the Joint United Nations Programme on HIV AIDS UNAIDS the International Labour Organization ILO the World Health Organization and the Global Business Coalition on HIV AIDS *How to Respond in a Pandemic* ,

Foundations of Global Health & Human Rights Lawrence O. Gostin, Benjamin Mason Meier, 2020-07-15 Human rights are essential to global health yet rising threats in an increasingly divided world are challenging the progressive evolution of health related human rights It is necessary to empower a new generation of scholars advocates and practitioners to sustain the global commitment to universal rights in public health Looking to the next generation to face the struggles ahead this book provides a detailed understanding of the evolving relationship between global health and human rights laying a human rights foundation for the advancement of transformative health policies programs and practices International human rights law has been repeatedly shown to advance health and wellbeing empowering communities and fostering accountability for realizing the highest attainable standard of health This book provides a compelling examination of international human rights as essential for advancing public health It demonstrates how human rights strengthens human autonomy and dignity while placing clear responsibilities on government to safeguard the public s health and safety Bringing together leading academics in the field of health and human rights this volume 1 explains the norms and principles that define the field 2 examines the methods and tools for implementing human rights to promote health 3 applies essential human rights to leading public health threats and 4 analyzes rising human rights challenges in a rapidly globalizing world This foundational text shows why interdisciplinary scholarship and action are essential for health related human rights placing human rights at the center of public health and securing a future of global health with justice **Thirty Years of the HIV/AIDS Epidemic in Argentina**

Fernando Lavadenz, Carla Pantanali, Eliana Zeballos, 2015-08-06 The 1992 creation of the National HIV AIDS Program was a fundamental step for Argentina to reach the second lowest burden of HIV AIDS in South America From 2000 to 2010

Argentina further reduced the already low HIV AIDS incidence of 15.9 per 100 000 by 25 percent and reduced the burden by

21 percent This study analyzes the national and inter provincial burden of disease the demographics of new HIV cases the demand and supply sides of service delivery and conducts a cost benefit analysis of the National HIV AIDS Program over the last decade Though the National HIV AIDS Program was an instrumental step towards these achievements this book also examines other key programmatic innovations that have been essential to the country s success in the fight against HIV AIDS including the introduction of universal free antiretroviral treatment a comprehensive legal framework for sexual and reproductive rights the introduction of incentives and results based financing in the HIV AIDS program electronic monitoring of supplies and medicines and implementation of an electronic clinical governance system for improving the quality of care and patient follow up among others Despite high costs of the Program this study found the Argentine National HIV AIDS Program is cost beneficial From 2000 to 2010 4 379 potential lives were saved Nonetheless the fight against this epidemic poses continuous challenges including a stubbornly high number of new infections among young men who have sex with men inequalities in HIV AIDS rates between provinces insufficient coverage of HIV diagnostic testing insufficient HIV testing of tuberculosis patients low expenditure on HIV prevention high comparative cost of antiretroviral treatment and questions regarding the long term financial sustainability of the AIDS program considering the increasing number of patients in treatment

Forging Gay Identities Elizabeth A. Armstrong,2002-12-15 Unlike many social movements the gay and lesbian struggle for visibility and rights has succeeded in combining a unified group identity with the celebration of individual differences Forging Gay Identities explores how this happened tracing the evolution of gay life and organizations in San Francisco from the 1950s to the mid 1990s **State-Sponsored Activism** Jessica A. J. Rich,2019-03-14 In State Sponsored Activism Rich explores AIDS policy in Brazil as a lens to offer new insight into state society relations in democratic and post neoliberal Latin America In contrast to the dominant view that these dual transitions produced an atomized civil society and an impenetrable technocratic state Rich finds a new model of interest politics driven by previously marginalized state and societal actors Through a rich examination of the Brazilian AIDS movement one of the most influential movements in twenty first century Latin America this book traces the construction of a powerful new advocacy coalition between activist

bureaucrats and bureaucratized activists In so doing State Sponsored Activism illustrates a model whereby corporatism active government involvement in civic mobilization has persisted in contemporary Latin America with important implications for representation and policymaking *Business and Social Crisis in Africa* Antoinette Handley, 2019-11-21 Much of the time when confronted with a crisis of national dimensions businesses do exactly what we expect them to do they look to their own survival Occasionally however firms in some contexts go beyond this Based on qualitative country based fieldwork in Eastern and Southern Africa Antoinette Handley examines how African businesses can be key responders to wider social and political crises often responding well in advance of the state She reveals the surprising ways in which business responses can be focused not on short term profits but instead on ways that assist society in resolving that crisis in the long term Taking African businesses in Kenya Uganda Botswana and South Africa as case studies this detailed exploration of the private sector response to crises including HIV AIDS and political violence crises introduces the concept of relative business autonomy exploring the conditions under which it can emerge and develop when and how it may decline and how it might contribute to a higher level of overall societal resilience
