Responses to Crime: Dispensing justice David James George Hennessy Baron Windlesham,1987      *Responses to Crime* David James George Hennessy Baron Windlesham,2023 Lord Windlesham a respected commentator on criminal justice penetrates deep into the political processes which have shaped criminal justice legislation in Britain and the US and poses fundamental questions about the fairness of law making      Criminal Justice Responses to the Boko Haram Crisis in Nigeria Victoria Ojo-Adewuyi,2024-01-01 This book concentrates on the crisis perpetrated by the Boko Haram group in Nigeria which since 2009 has made a definitive impact on both the domestic and international criminal landscape The volume centres on three core issues first an assessment of the criminal legal responses at the domestic level where the legal characterization of the conducts in question including an evaluation of the state of specific domestic prosecutions are assessed Secondly the book gauges the potential for international criminal justice while evaluating the Boko Haram situation at the International Criminal Court This includes an assessment of the jurisdictional aspects the admissibility and the interests of justice requirements in addition to the appraisal of conducts amounting to war crimes and crimes against humanity perpetrated Finally the book explores possible non prosecutorial responses in the form of classic and non classic transitional justice mechanisms that maybe utilized as a response to the crisis in Nigeria Furthermore it draws instructive lessons from Nigeria s past misadventure with specific transitional justice mechanisms while exploring the realities of utilizing the restorative justice mechanisms available in Nigeria The volume concludes by calling for a victim centred approach in the discourse around the Boko Haram crisis This book presents a definitive study of the history of the development of Boko Haram and the related domestic and international criminal legal issues Researchers and anyone seeking to understand the Boko Haram crisis in relation to international criminal law including those looking for a clear overview of the criminal conduct perpetrated by Boko Haram in Nigeria and a view of Nigeria s domestic legal regime will benefit from the information on offer Victoria Ojo Adewuyi is a lawyer called to the Nigeria Bar in 2012 She obtained a Bachelor of Laws degree LL B in 2011 from the Obafemi Awolowo University Ile Ife Nigeria obtained a Master of Laws Degree LL M from the University of the Western Cape Cape Town South Africa and Humboldt Universit t zu Berlin under the South African German Centre for Transnational Criminal Justice in 2016 and completed her doctorate in International Criminal Law at the Humboldt Universit t zu Berlin Germany in 2022      *The Official History of Criminal Justice in England and Wales* David Downes,2021-04-22 Volume III of *The Official History of Criminal Justice in England and Wales* draws on archival sources and individual accounts to offer a history of penal policymaking in England and Wales between 1959 and 1997 The book studies the changes underlying penal policymaking in the period from a belief in the rehabilitative potential of imprisonment to a reaffirmation in 1993 that Prison Works as a deterrent to crime A need to curb the rising prison population initially focussed on developing alternatives to prison and a new system of parole however their relative ineffectiveness led to sentencing becoming the key to penal reform

A slackening of faith in rehabilitation led to pressure for greater emphasis on humane containment and the rebalancing of security order and justice in prison regimes Thus 1991 was the climactic year for what became largely unfulfilled hopes for lasting penal reform Escapes riots and prison occupations were prime catalysts for changes often highly contentious in penal policymaking Notably there was no simple equation between political party minister and policy choice Both Labour and Conservative governments had distinctly liberal Home Secretaries and after 1992 both parties took a more punitive approach This book will be of much interest to students of criminology and British history politics and law      **Dispensing Justice**

**Locally** Richard Curtis, Brian Ostrom, David Rottman, Michele Sviridoff, 2014-01-02 This book shows the significant impact and success that can be accomplished when courts are designed to meet the needs of the community regardless of traditional proceedings The presentation of this unique approach marks the way for courts and ancillary justice agencies of all sizes to work together to build community confidence and assure not only quality of life but quality of justice      *Reconceptualising*

*the Moral Economy of Criminal Justice* Philip Whitehead, 2015-07-29 This book reconceptualises the concept of moral economy in its relevance for and application to the criminal justice system in England and Wales It advances the argument that criminal justice cannot be reduced to an instrumentally driven operation to achieve fiscal efficiencies or provide

investment opportunities to the commercial sector      *Responses to Crime* Lord Windlesham, 2001      **Policy Transfer And**

National Institute of Justice (U.S.), 1997      **The Criminological Foundations of Penal Policy** Lucia Zedner, Andrew

Ashworth, 2003 The Criminological Foundations of Penal Policy brings together leading international criminologists to examine the link between the fruits of criminological research and the development of criminal justice policy This volume includes comparative discussions of the United States Germany Australia England and Wales It is divided into four parts Part 1 discusses the theoretical issues surrounding the relationship between public policy and the discipline of criminology Part 2 consists of three essays exploring historical aspects of that relationship Part 3 then examines three distinct areas of penal policy sentencing policing and parole as case studies of the influence of research upon the development of policy Finally in Part 4 which is explicitly devoted to international comparisons there is a consideration of the factors that distinguish

research projects that do influence criminal justice policy from those that appear not to The Criminological Foundations of Penal Policy is a volume in honour of Roger Hood Professor of Criminology and Director of the Centre for Criminological Research in the University of Oxford      **Managing Modernity** Matt Matravers, 2013-09-13 In the last thirty years the USA

and the UK have witnessed a profound change in the way in which we think about and respond to crime and social control Crime has become part of everyday life as for many citizens has imprisonment Managing Modernity brings together criminologists social theorists and philosophers to consider what explains these changes and what they tell us about ourselves and the way in which we live The authors consider the pervasive the obvious and the covert ways in which crime

and social order have come to structure social discourses and social life from mass imprisonment to zero tolerance to on the spot fines This volume was previously published as a special issue of the Critical Review of International Social and Political Philosophy CRISPP      **Youth Offending and Restorative Justice** Adam Crawford,Tim Newburn,2013-05-13 This book provides an empirically grounded theoretically informed account of recent changes to the youth justice system in England and Wales focusing on the introduction of elements of restorative justice into the heart of the criminal justice system and the implementation of referral orders and youth offender panels Taken together this amounts to the most radical overhaul of the youth justice system in the last half century fundamentally changing the underlying values of the system away from an exclusionary punitive justice and towards an inclusionary restorative justice The book explores the implications of these changes by using the lens of a detailed study of the implementation of referral orders and youth offender panels to explore wider issues about youth justice policy and the integration of restorative justice principles It draws upon the findings of an in depth study of the pilots established prior to the national rollout of referral orders in April 2002 The book will be essential reading not only for those involved in the task of implementing the new youth justice but others with an interest in the criminal justice system and in restorative justice who need to know about the far reaching reforms to the youth justice system and their impact      Transforming Probation Philip Whitehead,2016-11-09 Written by an established author in the field this book explores the politics of modernisation and transformation of probation in the criminal justice system It is unique in drawing upon innovative social theories and moral perspectives to analyse changes in the probation service by including data from quantitative and qualitative empirical research This highlights the challenges to but also support of the platform of modernisation that culminated in the transformative Rehabilitation Revolution Providing critical tools for the reader to use in their own work and studies it makes a timely contribution to criminal justice and probation theory and uniquely provides insights into what representatives of other organisations think about probation from the outside looking in

Condition of England Ian Loader, Aogán Mulcahy, 2003 Citizens it is said have lost faith in the English police Opinion polls repeatedly show that trust in and respect for the police have declined precipitously from the historically high levels achieved during the golden age of the 1950s Successive decades of rising crime political violence and urban disorder miscarriages of justice and declining effectiveness have left the police in what seems like a permanent crisis of legitimation A once revered national institution has become thoroughly profane In this major new work on the relationship between English policing and culture Ian Loader and Aogán Mulcahy reassess and revise this received sociological and popular wisdom on the fate that has befallen the English police Paying close attention to the symbolic and cultural significance of the police Loader and Mulcahy document the mix of profane and sacred sensibilities that struggle with one another to determine the contours of what they call English policing culture They draw on documentary analysis of official representations of policing and oral historical research with citizens police officers former government ministers and civil servants to show that far from being demystified policing is a cultural institution that remains deeply entangled with questions of subjectivity recognition belonging and collective identity This cultural sociology of English policing sheds new light on the social changes and conflicts that have called police authority into question in the decades since 1945 and offers an important appraisal of what is at stake in the contemporary cultural politics of policing
