Business Power and Conflict in International Environmental

Politics R. Falkner,2017-03-07 This book puts forward a distinctive theoretical approach and analytical framework for studying business as an international actor in the environmental field and provides detailed case studies of the most important environmental challenges in recent years

Market Complicity and Christian Ethics Albino Barrera,2011-01-06 The marketplace is a remarkable social institution that has greatly extended our reach so shoppers in the West can now buy fresh cut flowers vegetables and tropical fruits grown halfway across the globe even in the depths of winter However these expanded choices have also come with considerable moral responsibilities as our economic decisions can have far reaching effects by either ennobling or debasing human lives In this book Albino Barrera examines our own moral responsibilities for the distant harms of our market transactions from a Christian viewpoint identifying how the market s division of labour makes us unwitting collaborators in others wrongdoing and in collective ills His important account covers a range of different subjects including law economics philosophy and theology in order to identify the injurious ripple effects of our market activities

Globalisation and Natural Resources Law Elena Blanco,Jona Razzaque,2011-01-01 This book is a very welcome addition to publications on globalisation and natural resources management It adopts a very broad approach to this important subject it includes the general issues such as trade and investment It deals with very complex questions of permanent sovereignty over natural resources the right to development the role of indigenous peoples in resource management This publication also provides the reader with general underlying principles and approaches to natural resources management such as sustainable use the precautionary principle the principle of common but differentiated responsibilities and the ecosystem approach regulatory approach etc The book is very analytical and gives a lot of food for thought for readers Malgosia Fitzmaurice Queen Mary University of London UK The book is the first of its kind to deal in depth with complex cross cutting issues relating to globalization and natural resources The authors demonstrate not only a broad range of knowledge but also provides deep insights into what will be needed to make the transition from economic globalization to sustainable globalization including improved resource efficiency and sustainable development and inclusive and participatory governance In particular the authors consider specific approaches in such sectors as water resources renewable energy and biological resources The book has carefully documented and analyzed numerous international regional and national legal frameworks as well as relevant theories and principles It is a must for every law library as well as for policy makers administrators academics non governmental bodies and civil societies We owe a great debt to the authors for their painstaking comprehensive research Koh Kheng Lian National University of Singapore Globalization as a means of aptly capturing political social cultural and above all else economic phenomena has been well documented and the subject of a multitude of comment What has perhaps been less well studied is its relationship with natural resource management Thus this work by Merino Blanco and Razzaque is to be commended Moreover by focusing on globalization an important truth is revealed It is neither about the diminution of the role of the State nor the ascendancy of the multinational corporation but

rather a more nuanced and complex interaction which we are only beginning to appreciate This book is an important contribution to that debate Duncan French University of Sheffield UK While sustainable development requires State regulation of the exploitation of natural resources globalisation as originally conceived pushed for free and unfettered markets creating a fundamental tension between the two approaches This book attempts to find a way towards their reconciliation with inspiring results The book explores many themes especially how globalisation may contribute to the solution of the problems it has caused by helping to empower non state actors around the world so that the international decision making processes become more inclusive transparent and oriented towards sustainable development Ximena Fuentes Universidad Alonso Ibanez Chile and ILA Co Rapporteur on the Commission on Sustainable Development This book examines the complex relationships between trade human rights and the environment within natural resources law It discusses key theories and challenges whilst exploring the concepts and approaches available to manage crucial natural resources in both developed and developing countries Primarily aimed at undergraduates and postgraduates it includes exercises questions and discussion topics for courses on globalisation and or natural resources law as well as an ample bibliography for those interested in further research The book will therefore serve as an invaluable reference tool for academics researchers and activists alike

Human Rights in a Posthuman World Upendra Baxi, 2009-04-29 This major work a sequel to the acclaimed *The Future of Human Rights* brings together reflections on human rights theory in the contemporary human condition delineated by the discourses concerning development terror and the emergent posthuman While acknowledging the precarious place of human rights today the author points to the emancipatory potential of the posthuman contending that human rights norms and standards remain constitutive conditions of the emergence of the posthuman This thought provoking volume will interest scholars and students of human rights political philosophy development economics and international law as well as activists and policymakers in the fields of law and development

The Future of Human Rights Upendra Baxi, 2007-12-12 This book critically examines the contemporary discourses on the nature of human rights their histories the myths that are embedded in them and contributes an alternative reading of those histories by placing the concerns and interests of the people in struggle and communities of resistance at centre stage The work analyses the significance of the United Nations UN and the Universal Declaration of Human Rights and goes on to study the more contemporary issues such as women s struggle to feminize the understanding and practice of human rights the postmodernist critique of the universal idiom of human rights and most pertinently for the current world scene it analyses the impact of globalization on the human rights movement The volume includes a discussion on the proposed UN norms regarding the human rights responsibilities of multinational corporations and other business entities

Surviving Bhopal S. Mukherjee, 2016-01-20 On December 2 3 1984 India witnessed arguably the world s worst industrial disaster in Bhopal Madhya Pradesh which continues to this day as an economic medical environmental and political disaster Surviving

Bhopal draws on oral testimonials of the affected community and analyzes the cause and aftermath of the disaster from the perspective of those who suffered the severe consequences of systemic failure and travesty of justice. The event resulted in a resistance movement led by women against corporate and state power. Mukherjee explores the underlying gender politics showing how activism challenged and redefined the contemporary model of development.

Ethics, Nationalism, and Just War Henrik Syse, Gregory M Reichberg, 2007-09 At a time when moral questions about armed force are at the forefront of the public's attention, this volume offers insight on current challenges related to war, nationalism, and justice. Though recent publications on military ethics abound, this work adds to the debate by considering the historical background of just war theory in the Middle Ages before going on to elucidating its contemporary challenges. The book covers a wide range of topics and raises issues rarely touched on in the ethics of war literature, such as environmental concerns and the responsibility of bystanders. Following a general introduction by Henrik Syse and Gregory M Reichberg, the book is divided into two main sections. The first addresses the cradle of the modern idea of just war in medieval Latin Christianity. The section discusses the relevance of medieval ideas to the modern setting and explains why the study of the medieval roots of just war thinking is so important even today. It includes essays on Ambrose, Augustine, Thomas Aquinas, Christine de Pizan, and Geoffrey Chaucer, not focusing, however, solely on the contributions of these writers but also providing an overall introduction to key concerns in medieval just war theorizing. The second section of essays examines nationalism, intervention, preventive war, war crimes, and the environmental side effects of war. All of these topics are treated within the relevant theoretical contexts, thus providing a rich overview of the state of the debate. While staying within the framework of a post-9/11 context and raising several issues of relevance to the discussion about terrorism, this section also highlights several topics that have been overshadowed by the war on terror but which merit attention in their own right. One of the most comprehensive works on the subject, *Ethics, Nationalism, and Just War* is an important and accessible text for students and scholars alike. Henrik Syse is a senior research fellow at the International Peace Research Institute Oslo (PRIO). Gregory M Reichberg is also a senior research fellow at PRIO and heads the institute's program on Ethics, Norms, and Identities. They are coeditors of *The Ethics of War: Classic and Contemporary Readings* and have both published and taught widely on issues related to political thought and the ethics of armed force. In addition to the editors, contributors are J. Peter Burgess, Andreas F. Llesdal, Kate L. Forhan, Phillip Gray, Dieter Janssen, James Turner Johnson, James Meernik, Gerson Moreno Riano, Anne Julie Semb, Dan Smith, Arne Johan Vetlesen, and John von Heyking.

PRAISE FOR THE BOOK A unique and significant contribution to the field of just war thinking. The range and depth of the historical perspective and the precise applications to contemporary issues make it a truly useful collection of essays. This book has the potential to be the state-of-the-art comprehensive book on just war. John P. Hittinger, University of St. Thomas, Houston. A superb collection of essays. Readers will find both deep historical grounding for the just war tradition in late Hellenistic and Medieval writers and essays on pressing contemporary issues of the environmental impact of war, the

status of non combatants in modern war the moral and legal status of the nation state and international institutions such as the UN and the theory and practice of preventive war Martin L Cook U S Air Force Academy Packed with great ideas and provocative discussion This is an excellent addition to the field and to any just war related library William Kautt Journal of Military History E xcellent In approaching the just war tradition in this manner the authors and editors of this volume have recovered something of that tradition s diversity and vitality B y emphasizing the protean nature and op Global Health and Human Rights John Harrington, Maria Stuttford, 2010-06-10 Interrogates the development of rights based approaches to health This title integrates discussions of the right to health at a theoretical and practical level and engages with the systems of global health governance **Communicating in the Third Space** Karin Ika, Gerhard Wagner, 2008-10-05 Communicating in the Third Space aims to clarify Homi K Bhabha s theory of the third space of enunciation by reconstructing its philosophical sociological geographical and political meaning with attention to the special advantages and ambiguities that arise as it is applied in practical as well as theoretical contexts The idea of third space conceives the encounter of two distinct and unequal social groups as taking place in a special third space of enunciation where culture is disseminated and displaced from the interacting groups making way for the invention of a hybrid identity whereby these two groups conceive themselves to partake in a common identity relating to shared space and common dialogue The essays collected in Communicating in the Third Space including a preface by Bhabha himself brilliantly introduce readers to this exciting topic in Cultural and Post Colonial theory and offers insightful elaboration and critique of the meaning and relevance of life in the third space With a preface by Homi K Bhabha Capitalizing on Catastrophe Nandini Gunewardena, Mark Schuller, 2008-02-28 Capitalizing on Catastrophe critically explores the phenomenon of disaster capitalism in which relief efforts for natural disasters and other large scale disruptions are contracted out to private companies **Modern Law and Otherness** Veronica Corcoran, 2019-12-27 Over the last two decades or so the field of comparative law has been increasingly interested in issues of globalisation and Eurocentrism This book inscribes itself within the debates that have arisen on these issues and aims to provide a greater understanding of the ways in which the non West is constructed in Euro American comparative law Approaching knowledge production from an interdisciplinary and critical perspective the book puts emphasis on the governance implications of the field
