

Rester vivant *et autres textes*

« Aller jusqu'au fond du gouffre de l'absence d'amour. Cultiver la haine de soi. Haine de soi, mépris des autres. Haine des autres, mépris de soi. Tout mélanger. Faire la synthèse. Dans le tumulte de la vie, être toujours perdant. L'univers comme une discothèque. Accumuler des frustrations en grand nombre. Apprendre à devenir poète, c'est désapprendre à vivre. »

Toute démarche poétique consiste à retrouver et à exalter la souffrance originelle enfouie au fond de chacun de nous. Rester vivant. Sans craindre les espaces déserts d'une solitude assumée ni les vérités scandaleuses qui jaillissent d'un regard impartial sur le monde.

Méthode de survie au milieu des pensées molles et des contorsions théoriques actuelles, ce texte, suivi ici d'articles parus dans la presse, possède la force et la précision d'un projectile.

Michel Houellebecq est l'auteur de plusieurs romans, notamment *Extension du domaine de la lutte*, *Les Particules élémentaires*, *La Carte et le Territoire* (prix Goncourt 2010) ou encore *Sérotonine*. *La Poursuite du bonheur* (n° 354) et *Lanzarote* (n° 519) sont aussi disponibles dans la collection *Librio*.

Rester vivant et autres textes Michel Houellebecq, 2008 Interventions 2020 Michel Houellebecq, 2022-03-02 The death of God in the West was the prelude to a formidable metaphysical soap opera that continues to this day Christianity's masterstroke was to combine a fierce belief in the individual with the promise of eternal participation in the Absolute When that dream evaporated various attempts were made to offer the individual a minimum of being The latest of these attempts is advertising which seeks to arouse desire and transform the subject into a docile phantom doomed to follow advertising's every whim But like all previous attempts this skin deep superficial participation in the world fails and unhappiness and depression continue to spread However we can all produce a cold revolution in ourselves by stepping outside the flow of information and advertising We need to take some time out unplug the television turn off our iPhones stop buying stuff stop wanting to buy stuff temporarily detach ourselves and adopt an aesthetic attitude to the world We just need to stay still for a few seconds This is one of the key themes developed by Michel Houellebecq in this collection of his texts and interviews from the last three decades Here he explains and elaborates his point of view discusses his novels and addresses a wide range of topics from politics religion and literature to suicide euthanasia and paedophilia An indispensable book for anyone interested in the work of one of the most widely read and controversial novelists of our time **Michel Houellebecq and the**

Literature of Despair Carole Sweeney, 2013-11-21 Widely acknowledged as an important if highly controversial figure in contemporary literature French novelist and poet Michel Houellebecq has elicited diverse critical responses In this book Carole Sweeney examines his novels as a response to the advance of neoliberalism into all areas of affective human life This historicizing study argues that le monde houellebecquien is an atomised society of banal quotidian alienation populated by quietly resentful men who are the botched subjects of late capitalism Addressing Houellebecq's handling of the failure of the radical thought of 68 Sweeney looks at the ways in which his fiction treats feminism the decline of religion and the family as well as the obsolescence of French theory and the Sartrean notion of engaged literature Reading the world with the disappointed idealism of a contemporary moralist Houellebecq's novels Sweeney argues fluctuate between despair for the world as it is and a limp utopian hope for a post humanity **Michel Houellebecq** Douglas Morrey, 2013 Appraises the global significance of controversial French author Michel Houellebecq's novelistic visions and philosophical position

Quand la folie parle Gillian Ni Cheallaigh, Laura Jackson, Siobhan McIlvanney, 2014-06-26 Quand la folie parle presents a timely reinvigoration of the complex subject of madness and its literary manifestations This stimulating study authored by a range of young and talented international scholars is of key importance in defining and refining our ongoing endeavours to theorise and analyse the literary representations of the problematics of mental health By including discussions of texts that speak of madness as well as those that speak from madness this volume demonstrates that in fact the non sense of madness achieves a force of expression often more powerful than the usual order of logic Embracing the scientific the religious the

medical the psychoanalytic the historical the erotic and of course the properly literary this wide ranging historically informed collection is particularly significant in its exploration of both the madwoman and the madman and exhibits an inclusiveness which extends to the genres and modes of the texts examined The authors discussed from Nerval and Houellebecq to NDiaye and L provide a refreshingly balanced picture of mental illness presenting madness or depression as a contestatory creative stance against often mind numbing social racial or consumerist conventions while refusing to play down the inevitable difficulties accompanying this isolating condition The dialectic effect referenced in the title of the collection extends not only to the dynamics at work within the volume itself as the different contributions implicitly dialogue with one another but equally to the reader of these essays who is engaged throughout in the debates put forward *On Bathos* Sara Crangle, Peter Nicholls, 2010-07-22 While the sublime has garnered a great deal of critical attention over the past twenty years its counterpart bathos has yet to receive any extended treatment Generally understood as an inadvertent descent to the low vulgar and ludicrous in writing or art the term bathos was popularised by Pope who used it to satirise his contemporaries Ironically likening bathos to the depths of profundity Pope lauded his peers for their influential writings whilst openly deriding their absurd misuses of figure and rhetorical device Pope s method proved prophetic today artists regularly celebrate and incorporate bathetic practice This essay collection considers how bathos has become so central to literature fine art and music The innovative and diverse contributions assess the consequences of this endemic inversion of aesthetic standards and consider where artistic production might go after hitting and so comfortably inhabiting rock bottom
