Restless Youth In Ancient Rome:

Restless Youth in Ancient Rome Emiel Eyben, 2003-09-02 Restless Youth in Ancient Rome presents an inclusive portrayal of the perceptions the Romans had of youth and of the role of this age group in a wide variety of domains philosophy literature education the law the army politics leisure amorous pursuits and family life Emiel Eyben considers the involved farrago of thoughts feelings and behaviour of youth throughout the period and shows how youth itself put its stamp on its environment

Restless youth in ancient Rome [Electronic book] Emiel Eyben, 1993 Youth in ancient Rome was an exciting and turbulent phase of life For the Romans youth was a clearly defined period between childhood and adulthood and it was of crucial importance However little critical attention has been paid to this subject In this book Emiel Eyben treats Roman antiquity from 200 B C to A D 500 and attempts to provide a survey of the perceptions the ancients had of youth and of the role of this age group in a wide variety of domains philosophy literature education the law the army politics leisure amorous pursuits and family life Professor Eyben's portrait of youth stresses ferocitas hot headedness as its most characteristic feature The young Roman of the upperclass was torn back and forth in the imbroglio of ideas and revolts In the public sphere the youth began his integration into adult society through engagement in politics commitment to the army and pleading on the Forum At the same time a youth might withdraw from the adult world into a private domain of leisure and contemplation In his mental world a central place was taken by rhetoric philosophy and poetry in his emotional life by friendship and love Eyben examines the complex interaction of these worlds and the conflicts that a Roman youth would face associated with issues of power money morals and emancipation This book provides an original and synoptic representation of the youth of Roman antiquity and it concerns the various ways in which the world of the young was transformed and changed It will be of considerable interest to all ancient historians

Youth in the Roman Empire Christian Laes, Johan Strubbe, 2014-03-20 Modern society has a negative view of youth as a period of storm and stress but at the same time cherishes the idea of eternal youth How does this compare with ancient Roman society Did a phase of youth exist there with its own characteristics How was youth appreciated This book studies the lives and the image of youngsters around 15-25 years of age in the Latin West and the Greek East in the Roman period Boys and girls of all social classes come to the fore their lives public and private are sketched with the help of a range of textual and documentary sources while the authors also employ the results of recent neuropsychological research The result is a highly readable and wide ranging account of how the crucial transition between childhood and adulthood operated in the Roman world

The Oxford Handbook of the History of Youth Culture James Alan Marten, 2023 The Oxford Handbook of the History of Youth Culture features broadly contextualized historical case studies of youth cultures from around the world and over the past several centuries Chapters focus on a wide range of issues and themes including youth agency gender self expression and the tension between community control and youthful independence

[The Young Against the Old](#) L.L. Welborn, 2018-03-07 The so called First

Epistle of Clement has long intrigued historians of early Christianity. It responds to a crisis in the Corinthian church by enjoining an ethic of subordination especially to the presbyteroi and episkopoi but the exact nature of that conflict has eluded scholars. L. L. Welborn sets out a clear methodology for reconstructing the historical situation behind the letter then examines the conventions of its deliberative rhetoric, its blending of citations from the Old Testament and Paul's letters and its reliance on topoi from Greco-Roman civic discourse. He then presents a compelling argument for the letter's occasion: First Clement assails a revolt among the youth against their elders invoking epithets and characterizations that were as Welborn demonstrates at length common in political discourse supporting the status quo. At length Welborn proposes two possible scenarios for the precise nature of the revolt in Corinth: a revolt possibly inspired by memories of the apostle Paul and details the replacement of a Pauline ethic with a strict code of subordination.

The Routledge Handbook of the Bioarchaeology of Human Conflict Christopher Knüsel, Martin Smith, 2013-12-17 If human burials were our only window onto the past, what story would they tell? Skeletal injuries constitute the most direct and unambiguous evidence for violence in the past. Whereas weapons or defenses may simply be statements of prestige or status and written sources are characteristically biased and incomplete, human remains offer clear and unequivocal evidence of physical aggression reaching as far back as we have burials to examine. Warfare is often described as senseless and as having no place in society. Consequently its place in social relations and societal change remains obscure. The studies in *The Routledge Handbook of the Bioarchaeology of Human Conflict* present an overview of the nature and development of human conflict from prehistory to recent times as evidenced by the remains of past people themselves in order to explore the social contexts in which such injuries were inflicted. A broadly chronological approach is taken from prehistory through to recent conflicts; however, this book is not simply a catalogue of injuries illustrating weapon development or a narrative detailing progress in warfare but rather provides a framework in which to explore both continuity and change based on a range of important themes which hold continuing relevance throughout human development.

Growing Up Peter N. Stearns, 2005 *Growing Up* combines two flourishing historical fields: the history of childhood and world history to address the question of how much of childhood is natural and how much is historically determined. The first lecture gauges the impact of the development of agriculture, civilization and religion upon the premodern experience of childhood. The second lecture contrasts modern perspectives on childhood with more traditional ones before investigating how and why modern perspectives developed and spread. These lectures clearly demonstrate that the transformation of childhood is both recent and sweeping.

Raymond Grew, Professor Emeritus of History, University of Michigan. *The Economy of Prostitution in the Roman World* Thomas McGinn, 2010-03-25 In recent years a number of classical scholars have turned their attention to prostitution in the ancient world. Close examination of the social and legal position of Roman meretrices and Greek hetairai have enriched our understanding of ancient sexual relationships and the status of women in these societies. These studies have focused, however, almost exclusively on the legal and literary

evidence McGinn approaches the issues from a new direction by studying the physical venues that existed for the sale of sex in the context of the Roman economy Combining textual and material evidence he provides a detailed study of Roman brothels and other venues of venal sex from imperial palaces and private houses to taverns circuses and back alleys focusing on their forms functions and urban locations The book covers the central period of Roman history roughly from 200 B C to A D 250 It will especially interest social and legal historians of the ancient world and students of gender sexuality and the family Thomas A J McGinn is Associate Professor of Classical Studies at Vanderbilt University

Coming of Age in Byzantium Despoina Ariantzi, 2017-12-18 The various phases of life and their manifestations in theory and social reality constitute a well established area of research in the fields of western medieval studies and ancient history In this respect the Byzantine East has been widely neglected This volume will focus on the Byzantine experience of adolescence which may be defined as the biological transition from childhood to adulthood as well as the social and psychological experience of leaving the care of parents guardians and family groups and the gradual integration into adult society The contributions gathered therein treat seven subtopics that correspond to crucial questions in the current research on adolescence the legal status of adolescents the mechanisms of transition from childhood to adolescence the socialisation and gradual integration into adult society adolescents in Byzantine art psychological aspects of adolescence from medieval to modern times illnesses of adolescents adolescents in the western medieval world The focus is on the Middle and Late Byzantine Period where historical hagiographical legal and medical sources offer rich material for an investigation of these aspects The book contributes to a better understanding of all these questions and to show future trajectories for research

Exploring the New Testament World Albert Bell, 1998-09-18 The timeless message of the New Testament applies to people of every culture and generation Yet there is great value in understanding the world in which that message was first revealed its social manners politics religious customs and culture Exploring the New Testament World written by classic and Bible scholar Dr Albert A Bell Jr illuminates the living context of the New Testament immersing its readers in the intriguing world of Jesus and the early church An authority on ancient Greek and Roman language culture and history Dr Bell writes in a readable style that is accessible and enjoyable to any reader an uncommon accomplishment among New Testament scholars today Surveying Jewish factions of the era the social and political structure of the Roman Empire and the philosophies and religions that surrounded the early church Dr Bell helps his readers learn to think like first century Jews Greeks and Romans illuminating puzzling New Testament passages for clear understanding Comprehensive Scripture and Subject Indexes make this volume even more useful as a manners and customs Bible companion This authoritative guide receives high praise from college professors and Sunday school teachers alike proving its appeal to both popular and academic audiences A must have reference for every pastor and an indispensable resource to any Bible reader

"Let the Little Children Come to Me" Cornelia B. Horn, John W. Martens, 2009 Providing a wealth of detail about childhood and family structure this book explores

the hidden lives of children at the origins of Christianity Let the Little Children Come to Me pays careful attention to the impact of gender class and slave status on children s lives *Love Songs* Ted Gioia,2015 Uncovers the unexplored history of the love song from the fertility rites of ancient cultures to the sexualized YouTube videos of the present day and discusses such topics as censorship the legacy of love songs and why it is a dominant form of modern musical expression **The Cambridge History of Greek and Roman Political Thought** Christopher Rowe,Malcolm Schofield,2000-05-11 A definitive reference work on Greek and Roman political thought from the age of Homer to late antiquity first published in 2000

Children in the Roman Empire Christian Laes,2011-03-03 This book illuminates the lives of the forgotten children of ancient Rome and draws parallels and contrasts with contemporary society **The Long Shadow of Antiquity** Gregory S. Aldrete,Alicia Aldrete,2019-02-07 A vivid exploration of the many ways the classical world remains relevant today this is a passionate justification of why we continue to read about and study the lives and works of the ancient Greeks and Romans Challenging the way the phrase That s just ancient history is used to dismiss something as being irrelevant Greg and Alicia Aldrete demonstrate just how much ancient Greece and Rome have influenced and shaped our world today in ways both large and small From the more commonly known influences on politics law literature and timekeeping through to the everyday rituals and routines we take for granted when we exercise dine marry and dress we are rooted in the ancient world Even the political upheaval celebrity obsession and blurring of public and private boundaries that we see in current news betray ancient characteristics now brought to the fore here in a new final chapter If you have ever wondered how far exactly we still walk in the footsteps of the ancients or wanted to understand how study of the classical world can inform and explain our lives today this is the book for you The Routledge History of Childhood in the Western World Paula S. Fass,2013 The Routledge History of Childhood in the Western World provides an important overview of the main themes surrounding the history of childhood in the West from antiquity to the present day By broadly incorporating the research in the field of Childhood Studies the book explores the major advances that have taken place in the past few decades in this crucial field The volume is composed of three parts The first part explores childhood from the Ancient World through to the Middle Ages and Early Modern Europe The second part examines the fundamental aspects of childhood and the life of children in the West since 1600 The essays address issues such as family work law sexuality and consumption The chapters think beyond national and continental boundaries so that readers are informed about general trends in the West while still alert to differences in gender class race and time The final part focuses on aspects of children s experiences in the modern world This section explains how childhoods have developed in distinct contexts and among specific children by using the growing literature on modern childhoods in various locales and at particular historical moments Including essays on all the key topics and issues The Routledge History of Childhood in the Western World will define how the history of children and childhood can best be understood in the longue dur e and comparatively while still acknowledging the importance of and encouraging scholarship

on specific groups periods places and life course divisions This important collection from a leading international group of scholars presents a comprehensive survey of the current state of the field It will be essential reading for all those interested in the history of childhood

Pompeii Alex Butterworth, Ray Laurence, 2013-12-17 Please note that this ebook does not contain the photo insert that appears in the print book The ash of Mt Vesuvius preserves a living record of the complex and exhilarating society it instantly obliterated two thousand years ago In this highly readable lavishly illustrated book Alex Butterworth and Ray Laurence marshal cutting edge archaeological reconstructions and a vibrant historical tradition dating to Pliny and Tacitus they present a richly textured portrait of a society not altogether unlike ours composed of individuals ordinary and extraordinary who pursued commerce politics family and pleasure in the shadow of a killer volcano Deeply resonant in a world still at the mercy of natural disaster Pompeii recreates life as experienced in the city and those frantic awful hours in AD 79 that wiped the bustling city from the face of the earth

Education in Greek and Roman Antiquity Lee Too, 2001-10-01 This volume examines the idea of ancient education in a series of essays which span the archaic period to late antiquity It calls into question the idea that education in antiquity is a disinterested process arguing that teaching and learning were activities that occurred in the context of society Education in Greek and Roman Antiquity brings together the scholarship of fourteen classicists who from their distinctive perspectives pluralize our understanding of what it meant to teach and learn in antiquity These scholars together show that ancient education was a process of socialization that occurred through a variety of discourses and activities including poetry rhetoric law philosophy art and religion

Children and Childhood in Roman Italy Beryl Rawson, 2003 Concepts of childhood and the treatment of children are often used as a barometer of society's humanity values and priorities Children and Childhood in Roman Italy argues that in Roman society children were in principle and often in practice welcome valued and visible There is no evidence directly from children themselves but we can reconstruct attitudes to them and their own experiences from a wide variety of material art and architecture artefacts funerary dedications Roman law literature and public and private ritual There are distinctively Roman aspects to the treatment of children and to children's experiences Education at many levels was important The commemoration of children who died young has no parallel in earlier or later societies before the twentieth century This study builds on the dynamic work on the Roman family that has been developing in recent decades Its focus on the period between the first century BCE and the early third century CE provides a context for new work being done on early Christian societies especially in Rome

Childhood in World History Peter N. Stearns, 2016-07-01 Taking a global look at what the category of childhood has meant from agricultural societies to the present day Childhood in World History offers a vital overview of this topical field Through comparative analysis Peter Stearns facilitates a cross cultural and transnational understanding of attitudes towards the role of children in society and how models of childhood have developed throughout history Engaging with issues around children's role in the family and the involvement of communal national educational and

global infrastructures Stearns unpacks the experience of childhood in the West Asia Latin America and Africa This expanded and updated third edition includes updated bibliographies and suggested readings expanded discussions of religion and children s rights a new chapter on families in developing economies in the early twentieth century broadened discussions of childhood in Japan and in communist countries With expanded further reading lists Stearns s accessible text not only provides an overview of its field but also offers a research guide for more specialized study Concisely presented but broad in scope Stearns s accessible text guides readers through the transformations of the concept of childhood
