system is the subject of intense scrutiny as the world economic crisis continues to put pressure on governments to cut the costs of the criminal justice system This volume brings together the leading work on restorative justice to achieve two objectives to construct a comprehensive and up to date conceptual framework for restorative justice suitable even for newcomers and to challenge the barriers of restorative justice in the hope of taking its theory and practice a step further The selected articles start by answering some fundamental questions about restorative justice regarding its historical and philosophical origins and challenge the concept by bringing into the debate the human rights and equality discourses Also included is material based on empirical testing of restorative justice claims especially those impacting on reoffending rates victim satisfaction and reintegration The volume concludes with a critique of restorative justice as well as with analytical thinking that aims to push its barriers It is hoped that the investigations offered by this volume not only offer hope for a better system for abolitionists and reformists but also new and convincing evidence to persuade the sceptics in the debate over restorative justice

Restoring Justice after Large-scale Violent Conflicts Ivo Aertsen, Jana Arsovska, Holger-C Rohne, Marta Valiñas, Kris Vanspauwen, 2013-05-13 This book provides a comparative analysis of the potential of restorative justice approaches to dealing with mass victimization in the context of large scale violent conflicts focusing on case studies from Kosovo Israel Palestine and Congo incorporating contributions from leading authorities in these areas One of the main objectives of the book is to examine if how and to what extent restorative justice is applicable in various different cultural social and historical contexts and what common themes can be identified within the different regions under analysis The book will also provide a critical analysis of the UN Basic Principles on the use of restorative justice programmes in criminal matters as applied to the context of large scale violence

Justice in Transition Anna Eriksson, 2013-05-13 This book provides a unique account of the high profile community based restorative justice projects in the Republican and Loyalist communities that have emerged with the ending of the conflict in Northern Ireland Unprecedented new partnerships between Republican communities and the Police Service of Northern Ireland have developed and former IRA and UVF combatants and political ex prisoners have been amongst those involved Community restorative justice projects have been central to these groundbreaking changes acting as both facilitator and transformer Based on an extensive range of interviews with key players in this process many of them former combatants and unique access to the different community projects this book tells a fascinating story At the same time this book explores the wider implications for restorative justice internationally highlighting the important lessons for partnerships between police and community in other jurisdictions particularly in the high crime alienated neighbourhoods which exist in most western societies as well as transitional ones It also offers a critical analysis of the roles of both community and state and the tensions around the ownership of justice and a critical unromanticized assessment of the role of restorative justice in the community

The Peacebuilding Elements of the Belfast Agreement and the Transformation of the Northern Ireland Conflict Cornelia Albert, 2009 The aim of this book is to

analyse whether the implementation of the peacebuilding elements of the Belfast Agreement contributed to the transformation of the protracted Northern Ireland Conflict Therefore this book deals with the following sections of the Agreement Rights Safeguards and Equality of Opportunity Decommissioning Security Policing and Justice and Prisoners The author comes to the conclusion that the majority of the peacebuilding elements contributed to the transformation of the Northern Ireland Conflict The results of the study were obtained in conducting interviews in consulting surveys and in studying reports and other relevant literature on the recent developments in Northern Ireland

Critical Issues in Crime and Justice Mary Maguire, Dan Okada, 2014-11-11 A comprehensive provocative overview of the origins and present state of issues and perspectives in criminal justice and criminology from leading scholars in the field In this important book of essays leading scholars explore the gamut of topics in criminal justice and criminology examining both historical and contemporary material to illustrate the past and present of each topic covered Drawing on a wide range of sources Mary Maguire and Dan Okada illustrate the breadth of research policy and practice implications in key areas of the field such as crime theory law enforcement jurisprudence corrections and criminal justice organization and management The coverage of concepts insights voices and perspectives is geared toward students with a background in criminal justice or criminology courses to challenge them to synthesize what they have learned to question standard interpretations and to begin to create new directions and visions for their future careers as professionals in the field

Migration in the Age of Genocide Alastair

Davidson, 2015-08-26 This book presents a novel proposal for establishing justice and social harmony in the aftermath of genocide It argues that justice should be determined by the victims of genocide rather than a detached legal system since such a form of justice is more consistent with a socially grounded ethics with a democracy that privileges citizen decision making and with human rights The book covers the Holocaust genocides in Argentina South Africa Rwanda Latin America and Australia as well as crimes against humanity in Italy and France From show trials to state enforced forgiveness the book examines various methods that have been used since 1945 to punish the individuals and groups responsible for genocide and how they have ultimately failed to deliver true justice to the victims The only way to end this failure the book points out is to return justice to the victims This simple proposition however challenges the Enlightenment tradition of Western law which was built on the refusal to allow victims to determine the measure of justice That would amount according to Bacon Hegel and Kant to a revenge system and bring social chaos But as this book points out forgiveness is only something victims can give no one can demand it In order to establish a lasting peace it is necessary to re examine the philosophical and theoretical refusal to return justice to the victims The engaging argument put forth in this book can help deliver true justice and re establish international social harmony in the aftermath of genocide Genocide is ubiquitous in the modern global world Its understanding is highly relevant for the understanding of specific and perpetuating challenges in migration Genocide forces the migration of millions to avoid crimes against humanity When they flee war zones they bring their fears hates and misery

with them So migration research must engage fully with the experience of genocide its human consequences and the ethical dilemmas it poses to all societies Not to do so will make it more difficult to understand and live with newcomers and to achieve some sort of harmony in host countries as well as those which are centers of genocide Understanding Criminal Justice Azrini Wahidin,Nicola Carr,2012 This student friendly text offers a comprehensive overview of current debates and key issues in the delivery of criminal justice and examines how it operates in context and in practice with a wealth of features such as case studies and questions **Breaking the Cycle of Mass Atrocities** Marina Aksenova,Elies van

Sliedregt,Stephan Parmentier,2019-05-02 Breaking the Cycle of Mass Atrocities investigates the role of international criminal law at different stages of mass atrocities shifting away from its narrow understanding solely as an instrument of punishment of those most responsible The book is premised on the idea that there are distinct phases of collective violence and international criminal law contributes in one way or another to each phase The authors therefore explore various possibilities for international criminal law to be of assistance in breaking the vicious cycle at its different junctures *Preventing*

Intimate Partner Violence Claire Renzetti,Diane Follingstad,Ann Coker,2017-07-12 How can we prevent intimate partner violence IPV And how do we define and measure success in preventing it This book brings together researchers and practitioners from a wide range of fields to examine innovative strategies and programs for preventing IPV The authors discuss evaluations of current prevention efforts paying particular attention to underserved groups including racial and ethnic minorities immigrants and refugees Among the issues addressed are primary prevention programs that target adolescents and young adults strategies designed to engage men and boys IPV screening in different settings the impact of the criminalization of IPV on minority populations restorative justice programs interventions for women who use violence and innovative shelter programming to prevent re victimization The volume concludes by identifying the gaps in knowledge about effective prevention and highlighting the most promising future directions for prevention research and strategies

Making Amends Linda Radzik,2011-04-07 It is often assumed that wrongdoing can only be resolved through punishment or forgiveness But this book explores the responses that wrongdoers can and should make to their own misdeeds responses such as apology repentance reparations and self punishment It examines the possibility of atonement in a broad spectrum of contexts from cases of relatively minor wrongs in personal relationships to crimes to the historical injustices of our political and religious communities It argues that wrongdoers often have the ability to earn redemption within the moral community that respect and trust among victims communities and wrongdoers can be rebuilt and that the moral responsibility of wrongdoing groups can be addressed without treating their members unfairly The Oxford Handbook of Criminology Mike Maguire,Rodney Morgan,Robert Reiner,2007 teachers and students of criminology and is a sourcebook for professionals
