Restructuring The Welfare State Political Institutions And Policy Change:

Restructuring The Welfare State B. Rothstein, S. Steinmo, 2016-04-30 The modern welfare state is under threat from a variety of fronts Changing demographic patterns declining public trust interest group demands and growing international competition for capital and labour are presenting modern states with intense pressures This volume examines these competing pressures and offers a coherent analyses of both institutional resilience and institutional change Adopting an evolutionary approach this innovative volume demonstrates both how past practices and policies significantly affect the current options and how social and economic forces impinge upon each of these societies in surprisingly different ways Cross national in scope and unified in approach Restructuring the Welfare State examines core issues facing the contemporary welfare state while at the same time significantly advancing historical institutionalist theory

The Politics of Healthcare Reform in Turkey Volkan Yilmaz, 2017-06-21 This book explores the transformation in the healthcare system in Turkey since 2003 which has been portrayed as a benchmark for building universal healthcare systems in emerging market economies Focussing on healthcare politics in an under researched developing country context it fills a significant lacuna in existing scholarship This study answers these questions What were the political dynamics that enabled the introduction of healthcare reform in Turkey What political conflicts did the reform generate How and to whose benefit have these conflicts been resolved Drawing on qualitative interviews with a diverse set of actors Y lmaz explores the actors subjective interpretations of the reform the discourses and strategies they used to influence the reform and the changing healthcare politics scene He demonstrates that the reform has been a complex political process within which actors negotiated whether and to what extent healthcare remains a citizenship right or a commodity This book will appeal to students and scholars of social policy politics health policy public health and sociology

Social Traps and the Problem of Trust Bo Rothstein, 2005-10-06 A social trap is a situation where individuals groups or organisations are unable to cooperate owing to mutual distrust and lack of social capital even where cooperation would benefit all Examples include civil strife pervasive corruption ethnic discrimination depletion of natural resources and misuse of social insurance systems Much has been written attempting to explain the problem but rather less material is available on how to escape it In this book Bo Rothstein explores how social capital and social trust are generated and what governments can do about it He argues that it is the existence of universal and impartial political institutions together with public policies which enhance social and economic equality that creates social capital By introducing the theory of collective memory into the discussion Rothstein makes an empirical and theoretical claim for how universal institutions can be established

Handbook of Research on Civic Engagement in Youth Lonnie R. Sherrod, Judith Torney-Purta, Constance A. Flanagan, 2010-07-30 Engaging youth in civic life has become a central concern to a broad array of researchers in a variety of academic fields as well to policy makers and practitioners globally This book is both international and multidisciplinary consisting of three sections that respectively cover conceptual

issues developmental and educational topics and methodological and measurement issues Broad in its coverage of topics this book supports scholars philanthropists business leaders government officials teachers parents and community practitioners in their drive to engage more young people in community and civic actions **Bringing Outsiders In** Jennifer Hochschild, John Mollenkopf, 2011-05-02 For immigrants politics can play a significant role in determining whether and how they assimilate In *Bringing Outsiders In* leading social scientists present individual cases and work toward a comparative synthesis of how immigrants affect and are affected by civic life on both sides of the Atlantic Just as in the United States large immigrant minority communities have been emerging across Europe While these communities usually make up less than one tenth of national populations they typically have a large presence in urban areas sometimes approaching a majority That immigrants can have an even greater political salience than their population might suggest has been demonstrated in recent years in places as diverse as Sweden and France Attending to how local and national states encourage or discourage political participation the authors assess the relative involvement of immigrants in a wide range of settings Jennifer Hochschild and John Mollenkopf provide a context for the particular cases and comparisons and draw a set of analytic and empirical conclusions regarding incorporation *Egalitarianism and Global Justice* Kevin K. W. Ip, 2016-07-28 In this book Kevin Ip articulates and defends an egalitarian conception of global distributive justice grounded on the value of equality as a normative ideal of how human relations should be conducted Arguing that relationships of equality rather than those characterized by domination or exploitation are a requirement for a just system Ip spells out the real world implications of this approach Ip defends the ideal of equality against the diverse objections which have been brought to bear and the responsibilities we bear in our aspirations towards global justice **Education in Political Science** Anja P. Jakobi, Kerstin Martens, Klaus Dieter Wolf, 2009-09-10 This pioneering volume is devoted to the analysis of education from the perspective of political science applying the full range of the discipline s analytical perspectives and methodological tools The contributions demonstrate how education policy can be explored systematically from a variety of political science perspectives comparative politics public policy analysis and public administration international relations and political theory By applying a governance perspective on education policy the authors explore the changing institutional settings new actors constellations horizontal modes of interaction and public private regulatory mechanisms with respect to the role of the state in this policy field The volume deals with questions that are not merely concerned with the content or outcomes of education but it explicitly takes a political science view on how education politics work Including country case studies from the Americas and across Europe institutional analyses of education policy in the EU and the WTO GATS as well as normative reflections on the topic the volume provides a grand overview on the diversity of issues in education policy Dealing with a so far neglected field of policy this book provides a comprehensive and accessible analysis of a rapidly changing topic Education in Political Science will be of interest to scholars and students of political science education sociology and economics **Handbook on Welfare State**

Reform Bernhard Ebbinghaus, Moira Nelson, 2025-08-11 This comprehensive Handbook examines the capacity of advanced welfare states to adapt to sustained pressures and unforeseen crises It explores the enduring relevance of established frameworks in explaining welfare state change as well as their effectiveness in addressing essential areas for reform

Retirement Timing and Social Stratification Jonas Radl, 2014-01-23 The monograph disseminates the very topical issue of retirement and its timing as the key to one of the greatest challenges facing ageing societies Postponing retirement is now almost universally regarded as indispensable in order to relieve European welfare states from the demography related financial pressures This seminal study derived from a statistical analysis of a large scale survey data provides a thorough understanding of the micro and macro level determinants of retirement timing in contemporary Western Europe The book is the first monograph to combine the analysis of the retirement attitudes with the analysis of the retirement behaviour within one research It tackles the question as to whether early retirement can be explained by early exit culture triangulating life course theory with a social stratification approach The author used a novel and innovative approach to obtain the results The methodology includes tobit models of proscriptive age norms simulations of the impact of class structure on a country s average retirement age competing risks models of different work exit modalities duration selection models of retirement timing

The Divided Welfare State Jacob S. Hacker, 2002-09-09 The Divided Welfare State is the first comprehensive political analysis of America s system of public and private social benefits Everyone knows that the American welfare state is less expensive and extensive later to develop and slower to grow than comparable programs abroad American social spending is as high as spending in many European nations What is distinctive is that so many social welfare duties are handled by the private sector with government support With historical reach and statistical and cross national evidence The Divided Welfare State demonstrates that private social benefits have not been shaped by public policy but have deeply influenced the politics of public social programs to produce a social policy framework whose political and social effects are strikingly different than often assumed At a time of fierce new debates about social policy this book is essential to understanding the roots of America s distinctive model and its future possibilities

Welfare States and the Future B. Vivekanandan, N. Kurian, 2005-01-06 This volume presents a thought provoking analysis of key welfare state issues engaging policy makers across the globe It provides a unique and comprehensive evaluation of the state of welfare states developed and developing It maps the diversity of welfare regimes across the world and brings to fore the particularities and nuances that characterise them The book also focuses on the on going reforms and makes a powerful case for the increased relevance of the welfare state in a globalizing era

Government Transparency T. Erkkilä, 2012-09-17 Transparency has become a global concept of responsible government This book argues that the transnational discourse of transparency promotes potentially contradictory policy ideas that can lead to unintended consequences It critically examines whether or not increased transparency really leads to increased democratic accountability

The Political Economy of the European

Social Model Philip B. Whyman, Mark J. Baimbridge, Andrew Mullen, 2012-05-31 This book seeks to analyse the development of the European Union EU which was founded upon the principle of the free movement of capital goods services and people in 1957 Its central thesis is that from a practical and theoretical point of view such a basis is fundamentally at odds with the creation of an interventionist regime that the construction of a social Europe would require The authors argue convincingly that economically the EU does not currently possess the budget or the economic tools to pursue such a strategy politically close to none of the institutions of the EU have backed such a policy practically conservative and neo liberal forces among member states and the institutions of the EU have repeatedly thwarted any moves in this direction In reality the Single Internal Market Economic and Monetary Union enlargement the Lisbon Agenda and European Constitution projects all prioritise supply side measures and expanding the scope of the market rather than the boosting of demand and other economic intervention Consequently constructing a social Europe in the face of this would appear problematic Hence in both theory and practice the idea that there can be a social Europe vis vis neoliberalisation is a contradiction in terms This controversial book will be an educating and refreshing read for advanced students and academics involved with European politics the European Union European Economics and Economic institutions

Social Protection and the Market in Latin America Sarah M. Brooks, 2008-11-03 Social security institutions have been among the most stable post war social programs around the world Increasingly however these institutions have undergone profound transformation from public risk pooling systems to individual market based designs Why has this privatization occurred Why do some governments enact more radical pension privatizations than others This book provides a theoretical and empirical account of

when and to what degree governments privatize national old age pension systems Quantitative cross national analysis simulates the degree of pension privatization around the world and tests competing hypotheses to explain reform outcomes In addition comparative analysis of pension reforms in Argentina Brazil Mexico and Uruguay evaluate a causal theory of institutional change The central argument is that pension privatization emerges from political conflict rather than from exogenous pressures The argument is developed around three dimensions the double bind of globalization contingent path dependent processes and the legislative politics of loss imposition

Active Ageing in Asia Alan Walker, Christian Aspalter, 2014-12-17 East Asian societies are changing rapidly and one of the most important facets of this transformation is population the ageing of society Active ageing is one of the few concepts available today to effectively address the problems arising from a highly aged and particularly in East Asia fast ageing society offering a new social policy paradigm to redirect and innovate new social policies particularly social services social transfers social regulations and laws towards more investment in and support of the fast rising number of older elderly citizens This book focuses on the experiences of East Asian societies where active ageing has been implemented It presents a thorough analysis of the concept of active ageing and its potential and problems of implementations in different stages of development in East Asia whilst providing theoretical clarity to and broadening the concept of active ageing Further the country focused case studies explore how to design pursue measure and evaluate social policies highlight the problems related to the implementation of the concept of active ageing in social policy and outline the practical implications of active ageing theory for policy making Active Ageing in Asia will appeal to students and scholars of social and public policy social work gerontology and health and social administration as well as to policy makers working in the field

The Netherlands Frank J. Lechner, 2012-08-21 The Netherlands is the first concise authored introduction available on the topic The Netherlands has been a key entrepot in the world capitalist system for centuries but because of relatively recent demographic changes it has become symbolic of the clash of European and Islamic cultures Perhaps the most secular nation in the world it now houses a very large Islamic population That population is the fruit of globalization and how the Dutch have responded to this broad cultural shift tells us a great deal about the changing nature of national identity in the age of globalization In particular Frank Lechner explains how globalization calls forth very particularistic and localist responses Along with providing a broad overview of the contemporary Netherlands Lechner will focus on how globalization is generating new discourses cultures and state policies Among other topics the book will feature chapters on soccer culture religion and the lack thereof the media the welfare state multiculturalism and the Netherlands place in the larger European Union

Handbook on Political Trust Sonja Zmerli, Tom W.G. van der Meer, 2017-01-27 Political trust in government parliament or political parties has taken centre stage in political science for more than half a century reflecting ongoing concerns with the legitimacy and functioning of representative democracy To provide scholars students and policy makers with a tool to navigate through the complexity of causes and consequences of

political trust this Handbook offers an excellent overview of the conceptual theoretical methodological and empirical state of the art complemented by accounts of regional particularities and authored by international experts in this field The Evolution of Modern States Sven Steinmo, 2010-07-19 The Evolution of Modern States first published in 2010 is a significant contribution to the literatures on political economy globalization historical institutionalism and social science methodology The book begins with a simple question why do rich capitalist democracies respond so differently to the common pressures they face in the early twenty first century Drawing on insights from evolutionary theory Sven Steinmo challenges the common equilibrium view of politics and economics and argues that modern political economies are best understood as complex adaptive systems The book examines the political social and economic history of three different nations Sweden Japan and the United States and explains how and why these countries have evolved along such different trajectories over the past century Bringing together social and economic history institutionalism and evolutionary theory Steinmo thus provides a comprehensive explanation for differing responses to globalization as well as a new way of analyzing institutional and social change *Knowledge Production in European Universities* Kwiek Marek, 2012-11-23 The book studies transformations of European universities in the context of globalization and Europeanization the questioning of the foundations of the Golden Age of the Keynesian welfare state public sector reforms demographic changes the massification and diversification of higher education and the emergence of knowledge economies Such phenomena as academic entrepreneurialism and diversified channels of knowledge exchange in European universities are linked to transformations of the state and changes in public sector services The first contextual part of the book studies the changing state university relationships and the second empirically informed part draws from several recent large scale comparative European research projects
