Rethinking Context Language As An Interactive Phenomenon

Alexander V. Kozin

Rethinking Context Language As An Interactive Phenomenon:

Rethinking Context Alessandro Duranti,1992-05-21 The last decade has seen a fundamental rethinking of the concept of context Rather than functioning solely as a constraint on linguistic performance context is now also analysed as a product of language use In this new perspective language and context are seen as interactively achieved phenomena rather than predefined sets of forms and contents The essays in this collection written by many of the leading figures in the social sciences critically reexamine the concept of context from a variety of different angles and propose new ways of thinking about it with reference to specific human activities such as face to face interaction radio talk medical diagnosis political encounters and socialisation practices Each essay is prefaced by an introduction by the editors which provides relevant theoretical and methodological background and demonstrates its relation to other essays in the volume The editors general introduction provides a lucid overview of the issues currently debated Rethinking Context will be required reading for everyone working within the fields of linguistic anthropology sociolinguistics discourse analysis pragmatics conversation analysis and the sociology of language **Rethinking Context** Alessandro Duranti,Charles Goodwin,1992 **Rethinking Context** Alessandro Duranti,Charles Goodwin,1992 Seldom Ask, Never Tell Anita Puckett,2000-11-09 Puckett takes a new look at the relationship between language society and economics by examining how people talk about work in a rural Appalachian community Through careful analysis of conversations in casual yet commercial contexts she finds that the construction and maintenance of this discourse is essential to the community s socioeconomic relationships The volume will appeal to linguists anthropologists and scholars in communications and Appalachian studies Cool Marcel Danesi,1994-01-01 Danesi studies the culture its symbols myths and problems of teenage culture as both a serious academic and a parent needing to understand **Society and Discourse** Teun A. van Dijk,2009-01-22 The theory is applied to the domain of politics including the debate about the war in Iraq where political leaders speeches serve as a case study for detailed contextual analysis BOOK JACKET **Perspectives on Dialogue in the New Millennium** Peter Kühnlein,Hannes Rieser,Henk Zeevat,2003 The formal treatment of the semantics and pragmatics of dialogue became possible through a series of breakthroughs in foundational methodology There is broad consensus on a couple of issues like the fact that some variety of dynamic theory is necessary to capture certain characteristics of dialogue Other matters still are disputed This volume contains papers both of foundational and applied orientation It is the result of one of a series of specialized Workshops on Formal Semantics and Pragmatics of Dialogue that took place in 2001 One can therefore truly say that it mirrors both the state of the art at the end of the past millennium and research strategies that are pursued at the beginning of the new millennium The collected papers cover the range from philosophy of language to computer science from the analysis of presupposition to investigations into corpora and touches upon topics like the role of speech acts in dialogue or language specific phenomena This broad coverage will make the volume valuable for students of dialogue from all fields of

expertise **Context and Contexts** Anita Fetzer,Etsuko Oishi,2011-06-09 This book departs from the premise that context represents a complex relational configuration which can no longer be conceived as an analytic prime but rather requires a parts whole perspective to capture its inherent dynamism The edited volume presents a collection of papers which examine the connectedness between context contextualization and entextualization They address the questions how meaning and speech acts are situated in context how both are influenced by context how context influences speech acts and meaning how context is imported into the discourse and how context is entextualized in discourse The papers cover institutional and non institutional contexts the language of Greek laws political discourse confrontational media discourse and task oriented face to face and back to back interactions They reflect current moves in pragmatics and discourse analysis to cross disciplinary and methodological boundaries by integrating relevant premises and insights in particular cognition adaptive action negotiation of meaning sequentiality recipient design and genre Reclaiming Democracy Albena Azmanova,Mihaela Mihai,2015-03-02 Democracy is in shambles economically and politically The recent economic meltdown in Europe and the U S has substituted democratic deliberation with technocratic decisions In Athens Madrid Lisbon New York Pittsburgh or Istanbul protesters have denounced the incapacity and unwillingness of elected officials to heed to their voices While the diagnosis of our political economic illness has been established remedies are hard to come What can we do to restore our broken democracy Which modes of political participation are likely to have an impact And what are the loci of political innovation in the wake of the crisis It is with these questions that Reclaiming Democracy engages We argue that the managerial approach to solving the crisis violates a right to politics that is a right that our collective life be guided by meaningful politics by discussion of and decision among genuinely alternative principles and policies The contributors to this volume are united in their commitment to explore how and where this right can be affirmed in a way that resuscitates democracy in the wake of the crisis Mixing theoretical reflection and empirical analysis the book offers fresh insights into democracy s current conundrum and makes concrete proposals about how the right to politics can be protected *The Routledge Handbook of Discourse Analysis* Michael Handford,James Paul Gee,2013-06-17 Approaches to discourse analysis Register and genre Developments in spoken discourse Educational applications Institutional applications Identity culture and discourse Clinical Sociolinguistics Martin J. Ball,2008-04-15 Clinical Sociolinguistics examines how sociolinguisticresearch paradigms can be applied to assessment diagnosis andtreatment in the clinical situation fills gap in the literature for speech language pathologists byaddressing how sociolinguistic research paradigms can be applied toassessment diagnosis and treatment in the clinical situation collects newly commissioned articles written by top scholars inthe field includes chapters that outline findings from sociolinguisticresearch over the last 40 years and point to the relevance of suchfindings for practicing speech language pathologists discusses topics including bilingualism code switching language planning and African American English *Consecutive Interpreting* Alexander V. Kozin,2017-08-15 This book

sheds light on the phenomenon of consecutive interpreting It combines phenomenological and empirical analyses to build a communication theory of interpreting The author begins by reviewing mainstream research on consecutive interpreting and then dissociates himself from it conducting a three tier analysis of interpreting data He concludes by presenting an alternative theory of consecutive interpreting As he makes clear from the outset a new and combined methodology for consecutive interpreting needs to be constructed to satisfy both the relation of the phenomenon to experience as well as its social foundation He also stresses the potential within the humanities for wider employment of the phenomenological empirical method This book will appeal to students and scholars of linguistics translation phenomenology social interaction and communication **Foundations of Pragmatics** Wolfram Bublitz,Neal R. Norrick,2011-06-30 Open publication Opening the 9 volume series Handbooks of Pragmatics this handbook provides a comprehensive overview of the foundations of pragmatics It covers the central theories and approaches as well as key concepts and topics characteristic of mainstream pragmatics i e the traditional and most widespread approach to the ways and means of using language in authentic social contexts The in depth articles provide reliable orientational overviews useful to researchers students and teachers They are both state of the art reviews of their topics and critical evaluations in the light of subsequent developments Topics are thus considered within their scholarly context and also critically evaluated from current perspectives The five major sections of the handbook are dedicated to the Conceptual and Theoretical Foundations with a historiographic overview of the establishment and subsequent development of pragmatics Key Topics investigating indexicality reference and other concepts that were the first to make their way from grammar into pragmatics and mainstream notions like speech acts types of inference the Place of Pragmatics in the Description of Discourse delimiting pragmatics from grammar semantics prosody literary criticism and Methods and Tools **Linguistic Anthropology** Alessandro Duranti,1997-09-04 Alessandro Duranti introduces linguistic anthropology as an interdisciplinary field which studies language as a cultural resource and speaking as a cultural practice The theories and methods of linguistic anthropology are introduced through a discussion of linguistic diversity grammar in use the role of speaking in social interaction the organisation and meaning of conversational structures and the notion of participation as a unit of analysis Linguistic Anthropology will appeal to undergraduate and graduate students *Politeness and Face in Caribbean Creoles* Susanne Muehleisen,Bettina Migge,2005-01-01 Politeness and Face in Caribbean Creoles is the first collection to focus on socio pragmatic issues in the Caribbean context including the socio cultural rules and principles underlying strategic language use While the Caribbean has long been recognized as a rich and interesting site where cultural continuities meet with new creolized or innovative practices questions of politeness practices constructions of personhood or the notion of face have so far been neglected in linguistic research on Caribbean Creoles Drawing on linguistic politeness theory and Goffman s concept of face eleven mostly fieldwork based innovative contributions critically examine a range of topics such as ritual insults strategic use of bad language kiss teeth the performance of

homophobic threats greetings address forms advice giving socialization and discourse parent child discourse register choice and communicative repertoire in the Caribbean context **English and Ethnicity** J. Brutt-Griffler,C. Evans Davies,Catherine Evans Davies,2006-12-11 This volume examines the complex interaction between the English language and the construction of ethnicity in the global English speaking world The essays demonstrate that the constructs of both English and ethnicity are contested sites of identity formation *Language and Identities* Carmen Llamas,2009-12-18 Language and Identities offers a broad survey of our current state of knowledge on the connections between variability in language use and the construction negotiation maintenance and performance of identities at different levels individual group regional and national It brings together over 20 specially commissioned chapters written by distinguished international scholars on a range of topics around the language identity nexus The collection deals sequentially with identities at various levels both social and personal Using detailed empirical evidence the chapters illustrate how the multi layered dynamic nature of identities is realised through linguistic behaviour Several chapters in the volume focus on contexts in which we might expect to observe a foregrounding of factors involved in the definition and delimitation of self and other for example cases in which identities may be disputed changing blurred peripheral or imposed Such a focus on complex contexts allows clearer insight into the identity making and marking functions of language The collection approaches these topics from a range of perspectives with contributions from sociolinguists sociophoneticians linguistic anthropologists clinical linguists and forensic linguists **Handbook of Intercultural Communication** Helga Kotthoff,Helen Spencer-Oatey,2008-09-25 In today s globalized world of international contact and multicultural interaction effective intercultural communication is increasingly seen as a pre requisite for social harmony and organisational success This handbook takes a problem solving approach to the various issues that arise in real life intercultural interaction The editors have brought together experts from a range of disciplines including linguistics psychology and anthropology to provide a multidisciplinary perspective on the field whilst simultaneously anchoring it in Applied Linguistics Key features provides a state of the art description of different areas in the context of intercultural communication presents a critical appraisal of the relevance of the field offers solutions of everyday language related problems international handbook with contributions from renown experts in the field **The Discourse of Commercialization** J. Crichton,2010-11-24 An examination of how the commercialization of professional practice is implicated in its organizational discourses Drawing on a study of ELT colleges the book explores how teaching practices are permeated and challenged by a discourse of commercialization through which market priorities become normative in teachers professional lives *Bourdieu’s Field Theory and the Social Sciences* James Albright,Deborah Hartman,Jacqueline Widin,2017-10-16 Highlighting the conceptual work at the heart of Pierre Bourdieu s reflexive sociology this cutting edge collection operationalizes Bourdieusian concepts in field analysis Offering a unique range of explorations and reflections utilizing field analysis the eighteen chapters by prominent Bourdieusian scholars and early career scholars synthesize key

insights and challenges scholars face when going beyond the fields we know The chapters offer examples from discipline contexts as diverse as cultural studies poetry welfare systems water management education journalism and surfing and provide demonstrations of theorizing within practical examples of field analysis One of the foremost social philosophers and sociologists of the twentieth century Bourdieu is widely known in cultural studies and education and his approaches are increasingly being taken up in health social work anthropology family studies journalism communication studies and other disciplines where an analysis of the interplay between individuals and social structures is relevant With its unique interdisciplinary focus this book provides a useful guide to doing field analysis and working with Bourdieusian methods research as well as key reading for methodology courses at post graduate level
