Romanesque Art Victoria Charles, Klaus Carl, 2023-12-28 In art history the term Romanesque art distinguishes the period between the beginning of the 11th and the end of the 12th century This era showed a great diversity of regional schools each with their own unique style In architecture as well as in sculpture Romanesque art is marked by raw forms Through its rich iconography and captivating text this work reclaims the importance of this art which is today often overshadowed by the later Gothic style **Romanesque Painting from the Eleventh to the Thirteenth Century.
