Secrets Univrs Cst:

The Secret of the Universe Johannes Kepler,1981 **Transdex Index** ,1996 An index to translations issued by the United States Joint Publications Research Service JPRS *The Elizabethan Secret Services* Alan Haynes,2011-10-24 The England of Elizabeth was a nation under threat both from factions within and great powers without Opposition to the Protestant establishment meant that the queen and her court constantly believed themselves menaced by subterfuge and plots In this fragile climate spies and spy networks were of cardinal importance This is an unrivalled and impeccably detailed account of the secret services operated by the great men of Elizabethan England By stealthy efforts at home and abroad the Elizabethan spy clusters became forced to be feared Kidnapping surveillance conspiracy counter espionage theft and lying were just a few of the methods employed to defeat the ever present threat of regicide This book challenges many stale notions about espionage in Renaissance England and presents complex material in an absorbing way so that the reign of Elizabeth I is shown in a compellingly new and bold light Intelligence: From Secrets to Policy Mark M. Lowenthal,2012 Intelligence veteran Mark M Lowenthal details how the intelligence community s history structure procedures and functions affect policy decisions With straightforward and friendly prose the book demystifies a complex process **The Library Catalogs of the Hoover Institution on War, Revolution, and Peace, Stanford University** Hoover Institution on War, Revolution, and Peace,1969 Reader's Index and Guide ,1913 **The Library Catalogs of the Hoover Institution on War, Revolution, and Peace, Stanford University -- Catalog of the Western Language Collections** Hoover Institution on War, Revolution, and Peace,1977 **Top Secret Canada** Stephanie Carvin,Thomas Juneau,Craig Forcese,2021-03-01 National security in the interest of preserving the well being of a country is arguably the first and most important responsibility of any democratic government Motivated by some of the pressing questions and concerns of citizens Top Secret Canada is the first book to offer a comprehensive study of the Canadian intelligence community its different parts and how it functions as a whole In taking up this important task contributors aim to identify the key players explain their mandates and functions and assess their interactions Top Secret Canada features essays by the country s foremost experts on law foreign policy intelligence and national security and will become the go to resource for those seeking to understand Canada s intelligence community and the challenges it faces now and in the future **Chinese Election Interference in Taiwan** Emma Barss,2022-02-06 This book documents the history of China s attempts to undermine Taiwan s elections offering additional insights into China s methods of influence in Hong Kong the United States and Canada Drawing from Chinese language primary sources and historical accounts Taiwan is presented as a growing democracy that has had to endure constant threats to its way of democratic life from the People s Republic of China China Examining China s election interference operations and several previously undocumented instances of Chinese interference chapters in this book not only cover traditional methods of influence such as diplomacy economic policy and military intimidation but also an array of

novel practices involving organized crime religion and the media Conceptual and practical ideas have been developed for studying and combatting election interference which will particularly appeal to policy makers and security professionals seeking to better identify instances of ongoing election interference and the motivations driving this phenomenon Chinese Election Interference in Taiwan s National Elections will prove an innovative resource to students and scholars of international relations and Chinese studies including history and politics

Exploring Imaginary Worlds Mark Wolf,2020-10-08 From *The Brothers Karamazov* to *Star Trek* to *Twin Peaks* this collection explores a variety of different imaginary worlds both historic and contemporary Featuring contributions from an interdisciplinary and international group of scholars each essay looks at a particular imaginary world in depth and world building issues associated with that world Together the essays explore the relationship between the worlds and the media in which they appear as they examine imaginary worlds in literature television film computer games and theatre with many existing across multiple media simultaneously The book argues that the media incarnation of a world affects world structure and poses unique obstacles to the act of world building The worlds discussed include Nazar Barsetshire Skotopogonievsk the Vorkosigan Universe Grover s Corners Gormenghast Collinsport Daventry Dune the Death Gate Cycle universe *Twin Peaks* and the *Star Trek* galaxy A follow up to Mark J P Wolf s field defining book *Building Imaginary Worlds* this collection will be of critical interest to students and scholars of popular culture subcreation studies transmedia studies literature and beyond *Catalog of the Melville J. Herskovits Library of African Studies, Northwestern University Library (Evanston, Illinois) and Africana in Selected Libraries* Melville J. Herskovits Library of African Studies,1972

[Revolution In El Salvador](#) Tommie Sue Montgomery,2018-02-23 Since the first edition of this book appeared in 1982 El Salvador has experienced the most radical social change in its history Ten years of civil war in which a tenacious and creative revolutionary movement battled a larger better equipped US supported army to a standstill have ended with 20 months of negotiations and a peace accord that promises to change the course of Salvadorean society and politics This book traces the history of El Salvador focusing on the oligarchy and the armed forces that shaped the Salvadorean army and political system Concentrating on the period since 1960 the author sheds new light on the US role in the increasing militarization of the country and the origins of the oligarchy army rupture in 1979 Separate chapters deal with the Catholic church and the revolutionary organizations which challenged the status quo after 1968 In the new edition Dr Montgomery continues the story from 1982 to the present offering a detailed account of the evolution of the war She examines why Duarte s two inaugural promises peace and economic prosperity could not be fulfilled and analyzes the electoral victory of the oligarchy in 1989 The final chapters closely follow the peace negotiations ending with an assessment of the peace accords and evaluate the future prospects for El Salvador and for the 1994 elections *CML Army Chemical Review* ,2004

[Intelligence as Democratic Statecraft](#) Christian Leuprecht, Hayley McNorton,2021-08-26 This book features a comparative study in intelligence accountability and governance across the Five

Eyes the imperative for member countries of the world's most powerful intelligence alliance to reconcile democracy and security through transparent standards guidelines legal frameworks executive directives and international law It argues that intelligence accountability is best understood not as an end in itself but as a means that is integral democratic governance On the one hand to assure the executive of government and the public that the activities of intelligence agencies are lawful and if not to identify breaches in compliance On the other hand to raise awareness of and appreciation for the intelligence function and whether it is being carried out in the most effective efficient and innovative way possible to achieve its objective The analysis shows how the addition of legislative and judicial components to executive and administrative accountability has been shaping evolving institutions composition practices characteristics and cultures of intelligence oversight and review in the United States the United Kingdom Canada Australia and New Zealand using a most similar systems design Democracies are engaged in an asymmetric struggle against unprincipled adversaries Technological change is enabling unprecedented social and political disruption These threat vectors have significantly affected altered and expanded the role powers and capabilities of intelligence organizations Accountability aims to reassure sceptics that intelligence and security practices are indeed aligned with the rules and values that democracies claim to defend

 Method in the Study of Religion** ,2013-09-26 Theory and Method are two words that cause considerable consternation in
 the academic study of religion Although everyone claims to be aware of and to engage them the fact of the matter is that they
 remain poorly understood Some see the terms as irritants that get in the way of data interpretation and translation Others
 may invoke them sporadically to appear in vogue but then return quickly and myopically to their material and with little
 concern for the larger issues that such terms raise To contribute to these debates the present volume reproduces select
 articles from Method and Theory in the Study of Religion MTSR from the first 25 volumes of the journal and allows a group of
 younger scholars to introduce and review them asking if the issues raised are still relevant to the field Contributors include
