dates In 500 Dates composed of fifty five humor essays Miller features the highlights and lowlights of those dates Among the true dating tales and revelations you will find in this book are How Miller and his date learned the limitations of a man being too emotionally expressive Most guys consider revealing more about themselves emotionally and communicating on a deeper level nearly as enjoyable as falling face first onto an ice pick or spending the rest of eternity listening to Celine Dion music Miller s realization that sometimes men have to pay a heavy price for their dates previous relationship behavior At least six different times God has matched me up with a woman who has had a long history of wild impulsive passionate no holds barred sex She invariably finds something lacking in that lifestyle and decides to make a change Starting with the very next man she dates Who is invariably me Miller s misguided social experiment to separate dating from status by spending less than 20 on the date purchasing everything at a 99 store and what he learned as a result about his date and himself I realize now that on the journey of romance thrift and creativity will take you only so far for the rest of the trip you ll need MasterCard Revealed for the first time the inner workings of a man s brain Cerebellum Responsible for coordinating movement and maintaining balance Used primarily when a man has had eight beers and is endeavoring to make his way to the bathroom without tripping over the dog and pulling the fish tank over on top of them How Miller took his date to his ex wife s holiday party only to find his date and his ex wife bonding like high school girlfriends Pam would take Amy aside and present to her a list of all 273 of my failings most of which she confides to Amy won t become noticeable until month three of Amy s being with me Amy is stunned she d only been aware of 149 of my failings But 500 Dates is about much more than dating Its humor essays also cover romance relationships breakups attraction the nature of love and how both men and women view the art science expectations and reality of courtship and turning courtship into something deeper and longer lasting in the twenty first century Throughout these essays a portion of which were previously published in various media Miller provides a sense of hope about one s romantic prospects Readers will find that the end of a marriage even a long term one does not mean the end of romance or one s sense of humor

Memories of the Slave Trade Rosalind Shaw,2020-04-04 How is the slave trade remembered in West Africa In a work that challenges recurring claims that Africans felt and still feel no sense of moral responsibility concerning the sale of slaves Rosalind Shaw traces memories of the slave trade in Temne speaking communities in Sierra Leone While the slave trading past is rarely remembered in explicit verbal accounts it is often made vividly present in such forms as rogue spirits ritual specialists visions and the imagery of divination techniques Drawing on extensive fieldwork and archival research Shaw argues that memories of the slave trade have shaped and been reshaped by experiences of colonialism postcolonialism and the country s ten year rebel war Thus money and commodities for instance are often linked to an invisible city of witches

whose affluence was built on the theft of human lives These ritual and visionary memories make hitherto invisible realities manifest forming a prism through which past and present mutually configure each other
