Security In Brit Polit 1945 99:

Security in British Politics 1945-99 D. Keohane,2000-08-21 Keohane examines the main British political parties attitude to Britain s policy on three key security issues namely the use of force nuclear weapons and security in Northern Ireland He analyses how each of the parties viewed conflicts at Suez the Falklands and the Gulf elucidates their perspective on nuclear weapons and concludes with a review of their attitude towards security in Northern Ireland The book finds the parties policies reflect their distinctive views on security while international conditions often severely affect the policy pursued

IBSS Compiled by the British Library of Political and Economic Science,2001 IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences *Politics of Security* Holger Nehring,2013-10-10 Focuses on a number of peace movements in Britain and West Germany from the end of Second World War in 1945 to the early 1970s to understand how European societies experienced and reacted to the Cold War Ibss: Political Science: 1992 British Library of Political and Economic Science,1993 The IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences Trends and Future Directions in Security and Emergency Management Irena Tušer,Šárka Hošková-Mayerová,2022-01-27 This book aims to inform about the current empirical results of the work of experts in the field security and emergency management and risk management in connecting science theory and practice in various fields related to security management and emergency management The chapters present research work and case studies from international state as well as regional levels The book is divided into five sections which deal with Safety and Security Science Security and Emergency managment Threats and Risks Cyber Risks and Extraordinary Event Preparation and Solutions The book is intended primarily for scientific communities established in security sciences theorists and experts working in various positions and levels of security organizations universities with specializations in security studies but also for the expert public interested in security issues or entities directly responsible for security and emergency management
