Lene Hansen

Security As Practice Discourse Analysis And The Bosnian War

**Myriam Dunn Cavelty, Victor
Mauer, Thierry Balzacq**

Security As Practice Discourse Analysis And The Bosnian War:

Security As Practice Lene Hansen, 2006 This important text offers a full and detailed account of how to use discourse analysis to study foreign policy It provides a poststructuralist theory of the relationship between identity and foreign policy and an in depth discussion of the methodology of discourse analysis Part I offers a detailed discussion of the concept of identity the intertextual relationship between official foreign policy discourse and oppositional and media discourses and of the importance of genres for authors ability to establish themselves as having authority and knowledge Lene Hansen devotes particular attention to methodology and provides explicit directions for how to build discourse analytical research designs Part II applies discourse analytical theory and methodology in a detailed analysis of the Western debate on the Bosnian war This analysis includes a historical genealogy of the Western construction of the Balkans as well as readings of the official British and American policies the debate in the House of Commons and the US Senate Western media representations academic debates and travel writing and autobiography Providing an introduction to discourse analysis and critical perspectives on international relations this book will be essential reading for students and scholars of international relations discourse analysis and research methodology

Culture and Security Michael Williams, 2007-05-07 This book examines the role of culture in contemporary security policies providing a critical overview of the ways in which culture has been theorized in security studies Developing a theoretical framework that stresses the relationship between culture power security and strategy the volume argues that cultural practices have been central to transformations in European and US security policy in the wake of the Cold War including the evolution of NATO and the expansion of the EU Michael C Williams maintains that cultural practices continue to play powerful roles in international politics today where they are essential to grasping the ascendance of neoconservatism in US foreign policy Investigating the rise in popularity of culture and constructivism in security studies in relation to the structure and exercise of power in post Cold War security relations the book contends that this poses significant challenges for considering the connection between analytic and political practices and the relationship between scholarship and power in the construction of security relations Culture and Security will be of interest to students and researchers in the fields of international relations security studies and European politics

The Routledge Handbook of Security Studies Myriam Dunn Cavelty, Victor Mauer, Thierry Balzacq, 2009-12-16 Pt 1 Theoretical approaches to security and different securities pt 2 Contemporary security challenges pt 3 Regional security challenges pt 4 Confronting security challenges

European Security Culture Dr Monica Gariup, 2013-03-28 Grounded on tenets of cultural realism and social constructivism Monica Gariup develops a theoretical framework to enhance our understanding of security culture at the European Union level She employs tools from political theory linguistic analysis and international relations theory to examine the implications of discourse and practice in European Security and Defense Policy ESDP Innovative in scope the volume analyzes whether elaborating a structurationist solution and proposing a discursive syntax of security makes it possible to

identify and compare different types of security actors Providing a comprehensive and objective analysis on the links and implications between the discourse and actual policy of the ESDP this is essential reading for scholars and researchers in European politics international relations security and cultural studies **Ecological Security** Matt McDonald, 2021-09-23

Climate change is increasingly recognised as a security issue Yet this recognition belies contestation over what security means and whose security is viewed as threatened Different accounts here defined as discourses of security range from those focused on national sovereignty to those emphasising the vulnerability of human populations This book examines the ethical assumptions and implications of these climate security discourses ultimately making a case for moving beyond the protection of human institutions and collectives Drawing on insights from political ecology feminism and critical theory Matt McDonald suggests the need to focus on the resilience of ecosystems themselves when approaching the climate security relationship orienting towards the most vulnerable across time space and species The book outlines the ethical assumptions and contours of ecological security before exploring how it might find purchase in contemporary political contexts A shift in this direction could not be more urgent given the current climate crisis *Conflict Resolution and Ontological Security* Bahar Rumelili, 2014-12-17 This volume highlights the ways in which the prospect of peace can generate anxieties and consequently set in motion social and political processes that reproduce and reactivate conflicts In analysing this issue the volume builds on the notion of ontological security and its recent applications to international relations theory Although conflicts threaten the physical security of the parties involved they also help settle existential questions about basic parameters of life being and identity and thus over time become sources of ontological security The prospect of peace through the resolution or transformation of conflict threatens to unsettle the stability and consistency of self narratives and their associated routines and habits at the individual group and state levels The contributors argue two key points 1 that ontological insecurity may set in motion political and social processes that reproduce and reactivate conflicts 2 that coping with peace anxieties necessitates the formulation of alternative self narratives at the individual societal and state levels that re situate the Self in relation to Other and to the world at large Consequently the book analyses the ways in which and the conditions under which conflict resolution induces ontological insecurity and the different ways in which ontological insecurity has prevented the successful culmination of peace processes in different conflict contexts including Cyprus Israel Palestine and Northern Ireland This book will be of much interest to students of critical security studies conflict resolution peace and conflict studies social theory and IR in general The Routledge Handbook of European Security Sven Biscop, Richard G. Whitman, 2013

This new Handbook brings together key experts on European security from the academic and policy worlds to examine the European Union EU as an international security actor In the two decades since the end of the Cold War the EU has gradually emerged as an autonomous actor in the field of security aiming to safeguard European security by improving global security However the EU's development as a security actor has certainly not remained uncontested either by academics or by policy

makers some of whom see the rise of the EU as a threat to their national and or transatlantic policy outlook While the focus of this volume is on the politico military dimension security will also be put into the context of the holistic approach advocated by the EU The book is organised into four key sections Part I The EU as an International Security Actor Part II Institutions Instruments and Means Part III Policies Part IV Partners This Handbook will be essential reading for all students of European Security the EU European Politics security studies and IR in general

Women as Wartime Rapists Laura Sjoberg, 2016-11-22 Women as Wartime Rapists reveals the stories of female perpetrators of sexual violence and their place in wartime conflict legal policy and the punishment of sexual violence Very few women are wartime rapists Very few women issue commands to commit sexual violence Very few women play a role in making war plans that feature the intentional sexual violation of other women This book is about those very few women More broadly Laura Sjoberg asks what do the actions and perceptions of female perpetrators of sexual violence reveal about our broader conceptions of war violence sexual assault and gender This book explores specific historical case studies such as Nazi Germany Serbia the contemporary case of ISIS and others to understand how and why women participate in rape during war and conflict Sjoberg examines the contrast between the visibility of female victims and the invisibility of female perpetrators as well as the distinction between rape and genocidal rape which is used as a weapon against a particular ethnic or national group Further she explores women's engagement with genocidal rape and how some orchestrated the ethnic cleansing of entire regions A provocative approach to a sensationalized topic Women as Wartime Rapists offers important insights into not only the topic of female perpetrators of wartime sexual violence but to larger notions of gender and violence with crucial cultural legal and political implications

The Oxford Handbook of International Security Alexandra Gheciu, William C. Wohlforth, 2018-03-08 This Oxford Handbook is the definitive volume on the state of international security and the academic field of security studies It provides a tour of the most innovative and exciting new areas of research as well as major developments in established lines of inquiry It presents a comprehensive portrait of an exciting field with a distinctively forward looking theme focusing on the question what does it mean to think about the future of international security The key assumption underpinning this volume is that all scholarly claims about international security both normative and positive have implications for the future By examining international security to extract implications for the future the volume provides clarity about the real meaning and practical implications for those involved in this field Yet contributions to this volume are not exclusively forecasts or prognostications and the volume reflects the fact that within the field of security studies there are diverse views on how to think about the future Readers will find in this volume some of the most influential mainstream positivist voices in the field of international security as well as some of the best known scholars representing various branches of critical thinking about security The topics covered in the Handbook range from conventional international security themes such as arms control alliances and Great Power politics to new security issues such as global health the roles of non state actors cyber security

and the power of visual representations in international security The Oxford Handbooks of International Relations is a twelve volume set of reference books offering authoritative and innovative engagements with the principal sub fields of International Relations The series as a whole is under the General Editorship of Christian Reus Smit of the University of Queensland and Duncan Snidal of the University of Oxford with each volume edited by specialists in the field The series both surveys the broad terrain of International Relations scholarship and reshapes it pushing each sub field in challenging new directions Following the example of Reus Smit and Snidal s original Oxford Handbook of International Relations each volume is organized around a strong central thematic by scholars drawn from different perspectives reading its sub field in an entirely new way and pushing scholarship in challenging new directions Handbook of International Relations Cameron G. Thies, 2025-06-09 This comprehensive Handbook provides an assessment of recent scholarship in the field of International Relations IR Cameron G Thies brings together leading scholars to explore its contested disciplinary foundations as well as the major theoretical and methodological approaches used to explain and understand IR *Gendering Global Conflict* Laura Sjoberg, 2013-08-13 Laura Sjoberg positions gender and gender subordination as key factors in the making and fighting of global conflict Through the lens of gender she examines the meaning causes practices and experiences of war building a more inclusive approach to the analysis of violent conflict between states Considering war at the international state substate and individual levels Sjoberg s feminist perspective elevates a number of causal variables in war decision making These include structural gender inequality cycles of gendered violence state masculine posturing the often overlooked role of emotion in political interactions gendered understandings of power and states mistaken perception of their own autonomy and unitary nature *Gendering Global Conflict* also calls attention to understudied spaces that can be sites of war such as the workplace the household and even the bedroom Her findings show gender to be a linchpin of even the most tedious and seemingly bland tactical and logistical decisions in violent conflict Armed with that information Sjoberg undertakes the task of redefining and reintroducing critical readings of war s political economic and humanitarian dimensions developing the beginnings of a feminist theory of war Environmental Security and Gender Nicole Detraz, 2014-08-21 Over the past 20 years scholars policymakers and the media have increasingly recognized the links between both traditional and non traditional security issues and the changing condition of the global environment Concepts such as environmental security and resource conflict have been used to hint at these significant linkages While there has been a good deal of scholarly work conducted that seeks to identify the ways that actors link these concepts there has been little examination of the intersection between approaches to environmental security and gender This book explores this intersection to provide an insight into the gendered nature of both global environmental politics and security studies It examines how the issues of security and the environment are linked to theory and practice and the extent to which gender informs these discussions By adopting a feminist environmental security discourse this book provides crucial redefinitions of key concepts and offers new insights into the ways we

understand security environment connections Case studies evaluate if and how environment and security discourses are being used to understand a range of environmental issues and how a feminist environmental security discourse contributes to our understanding of security environment connections This multidisciplinary volume draws on literature from the environmental sciences security studies and sociology to highlight the complex human insecurities that often accompany environmental change As conceptualizations of security continue to shift and broaden to include environmental issues and concerns it is imperative that gender informs the debate

Research Methods in Critical Security Studies Mark B. Salter, Can E. Mutlu, Philippe M. Frowd, 2023-05-12 This textbook surveys new and emergent methods for doing research in critical security studies filling a gap in the literature The second edition has been revised and updated This textbook is a practical guide to research design in this increasingly established field Arguing for serious attention to questions of research design and method the book develops accessible scholarly overviews of key methods used across critical security studies such as ethnography discourse analysis materiality and corporeal methods It draws on prominent examples of each method s objects of analysis relevant data and forms of data collection The book s defining feature is the collection of diverse accounts of research design from scholars working within each method each of which is a clear and honest recounting of a specific project s design and development This second edition is extensively revised and expanded Its 33 contributors reflect the sheer diversity of critical security studies today representing various career stages scholarly interests and identities This book is systematic in its approach to research design but keeps a reflexive and pluralist approach to the question of methods and how they can be used The second edition has a new forward looking conclusion examining future research trends and challenges for the field This book will be essential reading for upper level students and researchers in the field of critical security studies and of much interest to students in International Relations and across the social sciences

Explaining the EU's Common Security and Defence Policy X. Kurowska, F. Breuer, 2011-11-22 An engaging assessment of the theoretical debates on the EU s Common Security and Defence Policy CSDP The contributions to this volume bring together sophisticated theoretical frameworks and extensive empirical research Pluralistic in its approach the volume emphasizes the role of conceptual diversity for better explaining the EU s CSDP

Conflict, Security and the Reshaping of Society Alessandro Dal Lago, Salvatore Palidda, 2010-07-13 A PDF version of this book is available for free in open access via www.tandfebooks.com as well as the OAPEN Library platform www.oapen.org It has been made available under a Creative Commons Attribution Non Commercial No Derivatives 3.0 license and is part of the OAPEN UK research project This book is an examination of the effect of contemporary wars such as the War on Terror on civil life at a global level Contemporary literature on war is mainly devoted to recent changes in the theory and practice of warfare particular those in which terrorists or insurgents are involved for example the revolution in military affairs small wars and so on On the other hand today s research on security is focused among other themes on the effects of the war on terrorism and on civil liberties and

social control This volume connects these two fields of research showing how war and security tend to exchange targets and forms of action as well as personnel for instance the spreading use of private contractors in wars and of military experts in the struggle for security in modern society This shows how contrary to Clausewitz s belief war should be conceived of as a continuation of politics by other means the opposite statement is also true that politics insofar as it concerns security can be defined as the continuation of war by other means This book will be of much interest to students of critical security studies war and conflict studies terrorism studies sociology and IR in general Salvatore Palidda is Professor of Sociology in the Faculty of Education at the University of Genoa Alessandro Dal Lago is Professor of Sociology of Culture and Communication at the University of Genoa

Constructing Sovereignty between Politics and Law Tanja Aalberts, 2012-08-06 This book explores the interplay between sovereignty politics and law through different conceptualizations of sovereignty Despite developments such as European integration globalization and state failure sovereignty proves to be a resilient institution in contemporary international politics This book investigates both the continuity and change of sovereignty through an examination of the different ways it is understood sovereignty as an institution as identity as a language game and as subjectivity In this illuminating book Aalberts examines sovereign statehood as a political legal concept an institutional product of modern international society and seeks an interdisciplinary approach that combines international relations and international law This book traces the consequences of this origin for the conceptualization of sovereign statehood in modern academic discourse drawing on key jurisprudence and international treaties and provides a new framework to consider the international significance of sovereignty As an innovative approach to a critical institution Constructing Sovereignty between Politics and Law will be of interest to students and scholars of international relations international relations theory and international law

Security Without Weapons M. S. Wallace, 2016-09-13 Few questions of global politics are more pressing than how to respond to widespread violence against civilians Despite the efforts of Responsibility to Protect R2P proponents to draw attention away from exclusively military responses debates on humanitarian intervention and R2P s Third Pillar still tend to boil down to two unsatisfying options stand by and do nothing or take military action to protect civilians essentially using violence to stop violence Accordingly and given disagreement and uncertainty regarding moral claims as well as the unpredictability of military effectiveness this book asks how can we counter violence ethically and effectively taking action consistent with our particular moral commitments while also nurturing difference and enacting responsibility towards multiple others After evaluating the pragmatic and ethical failings of military action the book proposes nonviolent intervention as a third unarmed on the ground option for protecting civilians during humanitarian crises In the empirical section of the book focusing on the discursive and psychological conditions enabling violence Wallace analyses the mechanisms by which Nonviolent Peaceforce an international NGO engaged in nonviolent intervention unarmed civilian peacekeeping UCP was able to protect civilians and prevent violence even if on a limited scale in the broader context of Sri

Lanka's war counterinsurgency in 2008 Both philosophically innovative and practically useful to those working in the field the book contributes to a range of literatures and debates from just war theory and poststructuralist ethics to nonviolent action and conflict transformation and from humanitarian intervention R2P and civilian protection to strategic theory and discursive and psychological theories of violence

Ominous Homelands in World Cinema Susana Araújo, 2025-09-19

Ominous Homelands in World Cinema examines contemporary films from a range of national settings that expose and critically engage with representations of Homeland a term that resurfaced with renewed intensity in the United States through the establishment of the Department of Homeland Security after 9/11 and gained traction across Europe contributing to the formation of new securitarian configurations whose impact has resonated globally By drawing on contemporary films from different national contexts and relating these with emerging political discourses this book explores some of the new meanings and images associated with ideas of home and land The analysis also traces how notions and representations of Homeland in popular culture have increasingly become infused with themes of security and control not only linked to terrorism but also progressively connected to a number of other global processes such as the so called refugee crisis the emergence of new geopolitical powers wars and the rise of authoritarian leaders and nationalistic movements in different parts of the world This book will be of interest to students and scholars in media and film studies American studies cultural studies critical security studies international relations contemporary history and global studies Routledge Handbook of Security Studies Myriam Dunn Cavelty, Thierry Balzacq, 2016-07-01 This revised and updated second edition features over twenty new chapters and offers a wide ranging collection of cutting edge essays from leading scholars in the field of Security Studies The field of Security Studies has undergone significant change during the past 20 years and is now one of the most dynamic sub disciplines within International Relations This second edition has been significantly updated to address contemporary and emerging security threats with chapters on organised crime migration and security cyber security energy security the Syrian conflict and resilience amongst many others Comprising articles by both established and up and coming scholars The Routledge Handbook of Security Studies provides a comprehensive overview of the key contemporary topics of research and debate in the field of Security Studies The volume is divided into four main parts Part I Theoretical Approaches to Security Part II Security Challenges Part III Regional In Security Part IV Security Governance This new edition of the Handbook is a benchmark publication with major importance for both current research and the future of the field It will be essential reading for all scholars and students of Security Studies War and Conflict Studies and International Relations

Foreign Security Policy, Gender, and US Military Identity E. Brunner, 2013-07-09 Differentiation from the Self has been a unifying feature of war stories since they were first told highlighting that war stories are about the production of identity Based on analysis of military documents this book aims to unravel some of the gendered ideologies that underpin the link between state identity and foreign security policy

Security As Practice Discourse Analysis And The Bosnian War Book Review: Unveiling the Magic of Language

In an electronic era where connections and knowledge reign supreme, the enchanting power of language has become more apparent than ever. Its power to stir emotions, provoke thought, and instigate transformation is really remarkable. Security As Practice Discourse Analysis And The Bosnian War Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Security As Practice Discourse Analysis And The Bosnian War free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Security As Practice Discourse Analysis And The Bosnian War free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type.

By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Security As Practice Discourse Analysis And The Bosnian War free PDF files is convenient, it's important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading Security As Practice Discourse Analysis And The Bosnian War. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Security As Practice Discourse Analysis And The Bosnian War any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Security As Practice Discourse Analysis And The Bosnian War Books

1. Where can I buy Security As Practice Discourse Analysis And The Bosnian War books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Security As Practice Discourse Analysis And The Bosnian War book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.).
