**Apologetics, Mission and New Religious Movements: A Holistic Approach** Philip Johnson, 2010-07-11 It is this search for balance and his real desire to speak into living situations that sets Johnson's work apart from earlier studies of cults and new religions. At the same time his work is innovative in other ways. Hypnosis Healing and the Christian John Court, 2002-06-04 Hypnosis is a controversial practice with many myths about its power and dangers. Hypnosis Healing and the Christian cuts through the confusion to present a balanced defense of the use of hypnosis by Christians, arguing that it is a powerful tool in bringing about psychological change. John Court avoids minimizing the dangers of this powerful phenomenon as he discusses examples of clinical hypnosis by Christians who have found emotional and spiritual benefits from its use. Setting ethical concerns about the use of hypnosis firmly within a framework of the biblical material, he argues that hypnosis is a morally neutral technique which may be used for good or ill. Its use by pagan and other religions should not prevent its constructive and godly use by Christians. This stimulating book will be of interest not only to those involved in counseling and healing ministries but also to Christians interested in broader understanding of how our human minds work.

**The Christian Countercult Movement** Douglas E. Cowan, 2023-08-24 Many seemingly strange questions on yoga, salvation, religious pluralism, and so forth have been actively debated among members of a small but influential group of evangelical apologists known as the Christian countercult movement. This Element explores the history of this movement from its origins in the anti-heresy writings of the early church to its modern development as a reaction to religious pluralism in North America. It contrasts the apologetic Christian countercult movement with its secular anticult counterpart and explains how faith-based opposition both to new religious movements and to non-Christian religions will only deepen as religious pluralism increases. It provides a concise understanding of the two principal goals of Christian countercult apologetics: support for the evangelization of non-Christian believers and maintenance for the perceived superiority of the evangelical Christian worldview. *Communion with God* Mark Virkler, Patti Virkler, 1990-12      Bearing False Witness? Douglas E. Cowan, 2003-05-30 From Hare Krishna to the Latter Day Saints and from Jehovah's Witnesses to the New Age, religious pluralism in North America presents evangelical Protestantism with significant challenges. Declaring newer religious groups, cults, aberrant sects, and heretical religions, the Christian countercult movement has warned that these groups represent a threat to society. In *Bearing False Witness*, R. Cowan considers the Christian countercult as a whole, locating it in sociological perspective as an entity distinct from the secular anti-cult. Through his analysis, the author argues that the primary purpose of the countercult movement is to reinforce and repair the Christian worldview when it appears threatened by the advent of alternative religious traditions. This unique analysis of the Christian countercult helps explain

why conservative Christian responses to competing religious movements have taken the form that they have in addition to how those responses are carried out Unlike the anti cult movement which is concerned with removing individuals from cults and returning them to their families the Christian countercult movement according to the author attempts not only to remove cultists from the negative influences of the cults to which they belong but also to insure that they will join the particular version of Christianity adhered to by the countercultists themselves Beginning with the countercult's early history the author provides an historical account of the movement and its present activities Since the rise of new religious movements the growing interest in religions imported from outside North America and the broadening of the religious marketplace continues to grow understanding the Christian countercult and its presence as a countervailing pressure to these increasingly socioreligious dynamics becomes ever more important

**Cities of God** Graham Ward,2002-01-04 *Cities of God* traces urban culture of north America and Western Europe during the 1970s to ask how theology can respond to the postmodern city Since Harvey Cox published his famous theological response to urban living during the mid 1960s very little has been written to address this fundamental subject Through analyses of contemporary film architecture literature and traditional theological resources in Augustine and Gregory of Nyssa Graham Ward lays out a systematic theology which has the preparation and building of cities as its focus This is vital reading for all those interested in theology and urban living

*New Religions As Global Cultures* Irving Hexham,2018-02-12 Although the Great Anti Cult Crusade links new religious movements to dangerous cults brainwashing and the need for deprogramming Karla Poewe and Irving Hexham argue that many cults are the product of a dynamic interaction between folk religions and the teachings of traditional world religions Drawing on examples from Africa the United States Asia and Europe they suggest that few new religions are really new Most draw on rich if localized cultural traditions that are shaped anew by the influence of technological change and international linkages With the widespread loss of belief in biblical mythology in the nineteenth century new mythologies based on science and elements derived from various non Western religious traditions emerged leading to the growth and popularity of new religions and cults

Martin J. Buss,2022-04-06 In The Dynamics of Human Life in the Bible Receptivity and Power Martin J Buss describes the dynamics of human life that are encouraged in the Bible and how biblical guidance compares with other religious traditions The dynamics include both receptivity from another and power for or over another often in combination with another For example love joins receptive cognition of worth with energetic support Receptivity the only way to deal with fundamental values seeks material and religious benefits and is the human side of revelation and salvation Public acknowledgement strengthens divine influence Furthermore receptivity accepts challenges These include individual and social growth and semi identification with others which has societal rather than concrete individual consequences Power is crucial in legal remedies and penalties Life with others is important in practical wisdom and in Christian mutual love Buss finds that biblical directives parallel those of non Christian religious traditions This situation is in line with biblical views of general revelation and developments in history *SCM Core Text Theology and Sexuality* Susannah Cornwall,2013-02-18 The SCM Core Text
