Hirsch, 2017-01-01 In the twenty first

century because of climate change and other human activities many animal species have become extinct and many others are at risk of extinction Once they are gone we cannot bring them back or can we With techniques such as cloning scientists want to reverse extinction and return lost species to the wild Some scientists want to create clones of recently extinct animals while others want to make new hybrid animals Many people are opposed to de extinction Some critics say that the work diverts attention from efforts to save species that are endangered Others say that de extinction amounts to scientists playing God Explore the pros and cons of de extinction and the cutting edge science that makes it possible **Rethinking**

Race in Modern Argentina Paulina Alberto,Eduardo Elena,2016-03-21 This book reconsiders the relationship between race and nation in Argentina during the twentieth and twenty first centuries and places Argentina firmly in dialog with the literature on race and nation in Latin America from where it has long been excluded or marginalized for being a white European exception in a mixed race region The contributors based both in North America and Argentina hail from the fields of history anthropology and literary and cultural studies Their essays collectively destabilize widespread certainties about Argentina showing that whiteness in that country has more in common with practices and ideologies of Mestizaje and racial democracy elsewhere in the region than has typically been acknowledged The essays also situate Argentina within the well established literature on race nation and whiteness in world regions beyond Latin America particularly other European settler societies The collection thus contributes to rethinking race for other global contexts as well *Explorer Travellers*

and Adventure Tourism Jennifer Laing,Warwick Frost,2014-08-04 This book examines the nexus between exploring and tourism and argues that exploration travel based heavily on explorer narratives and the promises of personal challenges and change is a major trend in future tourism In particular it analyses how romanticised myths of explorers form a foundation for how modern day tourists view travel and themselves Its scope ranges from the Golden Age of imperial explorers in the 19th and early 20th centuries through the growth of adventure and extreme tourism to possible future trends including space travel The volume should appeal to researchers and students across a variety of disciplines including tourism studies sociology geography and history **The Representation of Masochism and Queer Desire in Film and Literature** B.

Mennel,2016-04-30 Defining masochism as literary perversion this book probes the productivity of masochistic aesthetics in the literature of Leopold von Sacher Masoch and contemporary queer films analysing radical accounts of desire gender and sexuality **The Inner Male** Herb Goldberg,1987-12 **What Matters Most** James Hollis,2009 Why are we here What is

the meaning of existence What truly matters the most in life To even begin to answer these questions we must start by exploring our own internal ideals values and beliefs Presenting the unique perspective of respected analyst and author James Hollis Ph D What Matters Most helps readers learn to appreciate even be amazed by events unfolding within even as the external world creates constant struggles *Seduced by Magic* Cheyenne McCray,2006-10-03 Copper Ashcroft is an accomplished D Anu witch but the magic she wields is a potent force strong enough to hurl her into a mysterious Otherworld

when a spell backfires Before Copper can escape another being is pulled into her realm Tiernan a powerfully virile Tuatha D Danann warrior Blond blue eyed and shamelessly seductive Tiernan could be Copper s savior and his touch sets her body on fire Like others of his kind Tiernan stands alongside the D Anu witches to battle the demons of the Underworld Obligation to his cause and his people cautions against any entanglement with Copper yet each second spent with this beautiful uninhibited woman stirs an insatiable hunger Desire explodes into carnal bliss but the visions that haunt Copper s dreams are growing stronger and they foretell a terrifying evil waiting to be unleashed Saving the city will take more than brute strength more than witchcraft Only together can Copper and Tiernan find a way to overcome the dark forces and seize a passion that has bewitched them both
