Seeds Of Peace A Buddhist Vision For Renewing Society

Steven M. Emmanuel

Seeds Of Peace A Buddhist Vision For Renewing Society:

Seeds of Peace Sulak Sivaraksa, 1992 *Seeds of Peace* is a critique of modern society and a proposal for a more humane and livable world Sulak Sivaraksa of Thailand is one of Asia's leading social thinkers and social activists His wide ranging work includes founding the International network of Engaged Buddhists inviting those in war zones from Burma and Sri Lanka to come for meditation retreats in Thai monasteries and organizing poor workers throughout the Third World to discuss their hardships In *Seeds of Peace* Sulak draws on his study and practice of Buddhism to approach a wide range of subjects including economic development the environment Japan's role in Asia and women in Buddhism At once critical and compassionate Sulak offers intelligent and creative alternatives to the destructive patterns of living so prevalent in the world today

The Ambivalence of the Sacred Scott R. Appleby, 2000 This text explains what religious terrorists and religious peacemakers share in common and what causes them to take different paths in fighting injustice

Religions Today Mary Pat Fisher, 2013-11-19 *Religions Today* provides a sympathetic account of what living religions really are Fisher traces the historical development and practices of major religious movements and explores how these evolve into contemporary belief and teaching She considers major faiths as well as indigenous religions and new religious movements focusing on how living religions affect contemporary society Case studies and interviews with living people ensure that this concise guide is both readable and stimulating

My Quests for Hope and Meaning Rosemary Radford Ruether, 2013-10-02 This book is an autobiography tracing Rosemary Radford Ruether's intellectual development and writing career Ruether examines the influence of her mother and family on her development and particularly her interactions with the Roman Catholic religious tradition She delves into her exploration of interfaith relations with Judaism and Islam as well Her educational formation at Scripps College and the importance of historical theology is also a major emphasis Mental illness has also affected Ruether's nuclear family in the person of her son and she details the family's struggle with this issue Finally in this intellectual autobiography Ruether explores her long concern and involvement with ecology feminism and the quest for a spirituality and practice for a livable planet

Encyclopedia of Buddhism Damien Keown, Charles S. Prebish, 2013-12-16 Reflects the current state of scholarship in Buddhist Studies its entries being written by specialists in many areas presenting an accurate overview of Buddhist history thought and practices most entries having cross referencing to others and bibliographical references Contain around 1000 pages and 500 000 words totalling around 1200 entries

The Oxford Handbook of Religion and Economic Ethics Albino Barrera, Roy C. Amore, 2024 This innovative collection of essays draws together and compares the teachings of world and regional religions on the subject of economic morality

Green Buddhism Stephanie Kaza, 2019-03-12 At a time of growing environmental crisis a pioneer of Green Buddhist thought offers challenging and illuminating perspectives With species rapidly disappearing and global temperatures rising there is more urgency than ever to act on the ecological crises we face Hundreds of millions of people around the world including unprecedented numbers of

Westerners now practice Buddhism Can Buddhists be a critical voice in the green conversation Leading Buddhist environmentalist Stephanie Kaza has spent her career exploring the intersection of religion and ecology With so much at stake she offers guidance on how people and communities can draw on Buddhist concepts and practices to live more sustainable lives on our one and only home

Encyclopedia of Religion and Nature Bron Taylor, 2008-06-10 The Encyclopedia of Religion and Nature originally published in 2005 is a landmark work in the burgeoning field of religion and nature It covers a vast and interdisciplinary range of material from thinkers to religious traditions and beyond with clarity and style Widely praised by reviewers and the recipient of two reference work awards since its publication see www.religionandnature.com ern this new more affordable version is a must have book for anyone interested in the manifold and fascinating links between religion and nature in all their many senses

Inner Peace, World Peace Kenneth Kraft, 1992-07-01 What can one person do to foster world peace How does one person s state of mind affect the state of the world How can the ideal of nonviolence be manifested in daily life Buddhists have been exploring questions like these for twenty five centuries and they are still timely today Inner Peace World Peace is the first work in any western language to examine the Buddhist approach to nonviolence Well known Buddhist scholars a noted authority on nonviolent struggle a prominent Thai Buddhist activist and other leaders in their fields collaborate to show the contemporary relevance of the Buddhist tradition The authors also discuss a new international movement known as socially engaged Buddhism

Climate Change and Risk in South and Southeast Asia Devendraraj Madhanagopal, Salim Momtaz, 2022-11-30 This book focuses on South and Southeast Asia upgrades our understanding of the influence of multiple sociopolitical and governance factors on climate change and risks Moving beyond science and technology oriented discussions on climate change it argues that the real solutions to climate change problems lie in societies governance systems non state actors and the power and politics underpinning these systems It presents a range of detailed conceptual empirical and policy oriented insights from different nations of South and Southeast Asia including India Bangladesh Sri Lanka Indonesia Vietnam Maldives and Bhutan The chapters bring forth critical discussions of climate change covering a diverse range of topics including livelihoods gender community perspectives relocation resilience local politics climate change communication governance and policy responses By investigating climate change vulnerabilities and as well as offering feasible solutions to the states and other non state actors in responding to climate change and risks this book deepens our existing knowledge of the social and political dimensions of climate change With interdisciplinary perspectives this book will appeal to all students researchers and scholars of environmental studies geography disaster studies sociology policy studies development studies and political science It provides valuable reading to practitioners policymakers and professionals working in related fields

Protest, Power, and Change Roger S. Powers, William B. Voegelé, Douglas Bond, Christopher Kruegler, 1997-01-01 Covers tactics leaders and famous actions From Solidarity s passive aggressive faceoff with communism to the courageous sit ins and

Buddhism For Dummies Jonathan Landaw,Stephan Bodian,2011-03-08 From the outside Buddhism seems like a bundle of contradictions wrapped inside a paradox It is a religion without a god a belief system without rules and a faith that encourages its adherents to question everything including its own teachings You could spend a lifetime studying Buddhist texts and following its observances and still feel like you ve only just barely scratched the surface Yet over the past 2500 years this lovely religion that preaches compassion generosity tolerance selflessness and self awareness has commanded the fervent devotion of hundreds of millions of people around the world who believe it to be the true path to enlightenment If you re curious about Buddhism but feel intimidated by all the exotic jargon and strange trappings this book is for you Written by two leading American Buddhist teachers and scholars it offers you a uniquely friendly way to explore the fascinating history of Buddhism and discover Who Buddha was and his significance in world history and spirituality How the practice of Buddhism can enrich your everyday life How Buddha s teachings combine to create a path to enlightenment Daily observances and meditation practices How to fulfill your highest potential through Buddhism In plain English experts Jonathan Landaw and Stephan Bodian define the important terms explain the key concepts and explore in depth a wide range of topics including Buddha s life and teachings and the evolution of the major Buddhist traditions How Buddhism works as a religion philosophy of life and a practical approach to dealing with life s problems all rolled into one The idea that the mind is the source of all happiness and suffering How the practices of wisdom and compassion can connect you with your inner spiritual resources Meditation and other core Buddhist practices and how they can affect your everyday life How to apply Buddhist teachings at each stage along the spiritual path Whether you re a searcher of truth a student of religions or just curious about what s got Richard Gere and all the rest of those celebrity Buddhists so excited Buddhism For Dummies is your intro to Buddhism basics

Critical Terms for the Study of Buddhism Donald S. Lopez Jr.,2009-11-15 Over the past century Buddhism has come to be seen as a world religion exceeding Christianity in longevity and according to many philosophical wisdom Buddhism has also increasingly been described as strongly ethical devoted to nonviolence and dedicated to bringing an end to human suffering And because it places such a strong emphasis on rational analysis Buddhism is considered more compatible with science than the other great religions As such Buddhism has been embraced in the West both as an alternative religion and as an alternative to religion This volume provides a unique introduction to Buddhism by examining categories essential for a nuanced understanding of its traditions Each of the fifteen essays here shows students how a fundamental term from art to word illuminates the practice of Buddhism both in traditional Buddhist societies and in the realms of modernity Apart from Buddha the list of terms in this collection deliberately includes none that are intrinsic to the religion Instead the contributors explore terms that are important for many fields and that invite interdisciplinary

reflection Through incisive discussions of topics ranging from practice power and pedagogy to ritual history sex and death the authors offer new directions for the understanding of Buddhism taking constructive and sometimes polemical positions in an effort both to demonstrate the shortcomings of assumptions about the religion and the potential power of revisionary approaches Following the tradition of Critical Terms for Religious Studies this volume is not only an invaluable resource for the classroom but one that belongs on the short list of essential books for anyone seriously interested in Buddhism and Asian religions

Dharma Rain Stephanie Kaza, Kenneth Kraft, 2000-02-08 A comprehensive collection of classic texts contemporary interpretations guidelines for activists issue specific information and materials for environmentally oriented religious practice Sources and contributors include Basho the Dalai Lama Thich Nhat Hanh Gary Snyder Ch gyam Trungpa Gretel Ehrlich Peter Mathiessen Helen Tworikov editor of Tricycle and Philip Glass

Energy, Governance and Security in Thailand and Myanmar (Burma) Adam Simpson, 2016-04-29 Across the world states are seeking out new and secure supplies of energy but this search is manifesting itself most visibly in Asia where rapid industrialisation in states such as China and India is fomenting a frantic scramble for energy resources Due to entrenched societal inequities and widespread authoritarian governance however the pursuit of national energy security through transnational energy projects has resulted in devastating impacts on the human and environmental security of local populations These effects are particularly evident in both Thailand and Myanmar Burma which located at the crossroads of Asia are increasingly engaged in the cross border energy trade Based on extensive fieldwork and theoretical analysis this ground breaking book proposes a new critical approach to energy and environmental security and explores the important role that both local and transnational environmental movements are playing in the absence of effective and democratic governments in providing activist environmental governance for energy projects throughout the region By comparing the nature of this activism under two very different political regimes it delivers crucial theoretical insights with both academic and policy implications for the sustainable and equitable development of the South s natural resources

Mixed Blessings Amanda Whiting, Carolyn Evans, 2006-05-01 The essays in this volume explore some of the diverse and contradictory ways that the lives of women in the Asia Pacific region are shaped by two powerful regimes religion and law and by the interactions between them They show that for women laws customary colonial post independence and international and religions indigenous or introduced Buddhism Christianity Islam and Confucianism have been a mixed blessing These diverse legal systems and religious doctrines and institutions have variously denied women authority and the capacity to participate fully in the public organization of social political and religious life they have furthermore constructed gender and familial relations in ways that subordinate women Yet they have also offered promises of women s empowerment and provided rules and procedures norms values and interpretations of sacred traditions to deliver those emancipatory promises Each chapter is devoted to a single state first the history and current framework of the national legal system is introduced then the place of religion in the state

is explained and finally by means of precise and detailed case studies or examples each author explores how these sometimes competing sometimes colluding regimes constructed women and how women interpreted this positioning and sought to resituate themselves

Truth and Governance William A. Galston, Tom G. Palmer, 2021-09-14 Taking the long view of conflicts between truth and political power What role does truth play in government In context of recent political discourse around the globe and especially in the United States it is easy to believe that truth in the form of indisputable facts is a matter of debate But it s also important to remember that since ancient times every religious and philosophical tradition has wrestled with this question In this volume scholars representing ten traditions Western and Eastern religious and secular address the nature of truth and its role in government Among the questions they address When is deception permissible or even a good thing What remedies are necessary and useful when governments fail in their responsibilities to be truthful The authors consider the relationship between truth and governance in democracies but also in non democratic regimes Although democracy is distinctive in requiring truth as a fundamental basis for governing non democratic forms of government also cannot do without truth entirely If ministers cannot give candid advice to rulers the government s policies are likely to proceed on false premises and therefore fail If rulers do not speak truthfully to their people trust will erode Each author in this book addresses a common set of issues the nature of truth the morality of truth telling the nature of government which shapes each tradition s understanding of the relationship between governance and truth the legitimacy and limits of regulating speech and remedies when truth becomes divorced from governance *Truth and Governance* will open readers eyes to the variety of possible approaches to the relationship between truth and governance Readers will find views they thought self evident challenged and will come away with a greater understanding of the importance of truth and truth telling and of how to counter deliberate deception

Atone Akanmu G. Adebayo, Sherrill Hayes, Brandon D. Lundy, 2018-02-26 The relationship between religion and conflict has generated considerable academic and political debate Although the majority of religions and spiritual traditions are replete with wisdom that propagates a broader unity among human beings these same examples have been used to legitimize hatred and fear While some studies claim that religion facilitates peacebuilding reconciliation and healing others argue that religion exacerbates hostility instigates vengeance seeking behaviors and heightens conflict But religion does not act by itself human beings are responsible for acts of peace or conflict of division or reconciliation in the name of religion This book addresses these rather complex issues from the perspective of reconciliation or atonement to advance both the frontiers of knowledge and the global search for alternative paths to peace The contributions in the volume focus in three areas 1 Reconciling Religious Conflicts 2 Reconciling Conflict through Religion and 3 Religious Reconciliations In each of these sections scholars practitioners and religious leaders address specific examples that highlight the complex intersections of religious practices with global conflict and reconciliation efforts This informative and provocative book is relevant for students and faculty in peace and conflict studies religious studies humanities social

sciences and provides insights useful to practitioners and professionals working in peacebuilding and international development seeking to promote effective resolution and reconciliation efforts
