My Lion's Heart Gareth Patterson,2014-09-15 Environmentalist independent researcher and author Gareth Patterson has spent his entire adult life working tirelessly for the greater protection of African wildlife and more particularly for that of the lion Born in England in 1963 Gareth grew up in Nigeria and Malawi From an early age he knew where his life s path would take him it would be in Africa and his life s work would be for the cause of the African wilderness and its wild inhabitants His is an all encompassing African story From his childhood in West and East Africa to his study of a threatened lion population in a private reserve in Botswana to his work with George Adamson celebrated as the Lion Man of Africa we witness Gareth s growing commitment to his life s mission This is nowhere more evident than in his account of his life as a human member of a lion pride experiencing life and death through its eyes as he successfully rehabilitated three famous orphaned lion cubs back into a life in the wilds At considerable risk to his own personal safety he exposed the sordid canned lion industry in South Africa bringing this shameful practice to international attention After moving to the Western Cape he took up the fight for the African elephant notably the unique endangered Knysna population and published his astonishing findings in his 2009 book *The Secret Elephants* Perhaps unsurprisingly given the stressful nature of his work Gareth suffered a massive physical and mental breakdown in his forties which he discusses here for the first time with an openness that underlines his courage Lesser men might have been broken but his lion s heart fought back and he ultimately overcame his illness Gareth Patterson s long awaited autobiography is a moving account of one man s single minded dedication to the preservation of Africa s wildlife It is also a stark reminder that if the human race does not want to lose Africa s priceless wild heritage there is no time to waste The lion is my totem animal and this is the story of my life in Africa for the lion

[INTO THE EYES OF LIONS](#) Graham Mercer, 2019-12-03 The adventures described in this book represent the realisation of a dream that in the author's boyhood seemed unthinkable His first safari in Kenya in 1962 was certainly low budget 12 for 2 days Later when working as a teacher in Dar es Salaam

Tanzania he often spent weeks in some of the world's most celebrated national parks and reserves camping in tiny tents in the middle of the African bush. The sometimes hazardous adventures and the good humoured camaraderie of those with whom the author travelled make this book an entertaining as well as interesting read. Incidents with lions, elephants, rhinos, buffaloes and other big game abound but safaris are not just about wild animals. The author also describes the landscape of Africa as well as many of the other adventures that occurred to him during this time. The general tone of the book is far from gung ho male chauvinism. Like the bush itself it is predominantly one of tranquillity of being at one with the moment enhanced by the author's obvious love for life on safari and for wild life, wild places and their conservation, enlightened by a self-deprecating sense of humour and sensitive, deeply felt and lyrically expressed reflections.
