Northern Renaissance Art Susie Nash,2008-11-27 This book offers a wide ranging introduction to the way that art was made valued and viewed in northern Europe in the age of the Renaissance from the late fourteenth to the early years of the sixteenth century Drawing on a rich range of sources from inventories and guild regulations to poetry and chronicles it examines everything from panel paintings to carved altarpieces While many little known works are foregrounded Susie Nash also presents new ways of viewing and understanding the more familiar such as the paintings of Jan van Eyck Rogier van der Weyden and Hans Memling by considering the social and economic context of their creation and reception Throughout Nash challenges the perception that Italy was the European leader in artistic innovation at this time demonstrating forcefully that Northern art and particularly that of the Southern Netherlands dominated visual culture throughout Europe in this crucial period

The Expert versus the Object Ronald D. Spencer,2004-04-01 The authenticity of visual art has always commanded the attention of experts dealers collectors and the art minded public Is it real or original is a way of asking what am I buying What do I own What am I looking at And today more sophisticated questions are being asked How is authenticity determined and what weight does this determination have in court This book of essays proposes to answer those questions Three lines of inquiry are basic to determining authenticity a connoisseur s evaluation historical documentation or provenance and scientific testing A connoisseur is an expert who evaluates the rightness of a work based on much careful scrutiny of many works by an artist and familiarity with that artist s usual manner of working with materials In determining provenance a researcher traces the physical object from the artist through a chain of ownership to the present owner simple enough in concept though it assumes that the documentation is not faked or inaccurate The goal is to ensure that the object is the same one that left the artist s hand Scientific testing although

sometimes useful is often longer on promise than result Dating paint or wood samples for instance can show that a painting was made in Rembrandt's lifetime but it cannot prove that it is by Rembrandt's hand If expert opinion is divided and large sums of money are involved a dispute over authenticity may end up in a court of law where evaluation of expert opinion evidence can be problematic The essays in this book clarify the nature of the methods outlined above and explain based on case law the present status of authentication issues in court Contributors include experts from Christie's London Sotheby's New York and the former director of the Frick Collection as well as leading art historians and art dealers an art conservator a forensic graphologist a philanthropist and collector and a specialist in French art law Their collective knowledge on issues of authenticity will be invaluable for anyone interested in the world of visual art
