Seeking Sanctuary:

The Mystery of the Cross Judith Couchman, 2010-03-05 Christianity is a religion founded on the mystery of the cross of Christ. At the center of Christianity sits the cross of Christ. From the beginning, Christ's followers celebrated the cross as a symbol of their faith. It was honored in church worship, carved into rough tombstones, pressed onto loaves of bread, and set out as a sign of sanctuary. The cross represented what Christians believed, who they hoped for, and how they approached life. In this thoughtful book, Judith Couchman takes up forty images of the cross from early Christianity. As we discover the meaning and significance of each of these uses, we learn a little more about the early church. More than that, she helps us focus on the meaning of the cross and the Savior's sacrifice. Ideal for Lenten devotional reading and appropriate for any season of the church calendar, this book includes original illustrations of each cross image. *The Mystery of the Cross* will enrich your understanding of Christian tradition and draw you into Christ's presence. *Activist Feminist Geographies* Kate

Boyer, LaToya E. Eaves, Jennifer Fluri, 2025-01-21 Exploring what it means to enact feminist geography, this book brings together contemporary cutting-edge cases of social justice activism and collaborative research with activists. From Black feminist organizing in the American South to the stories of feminist geography collectives in Latin America, the editors present contemporary case studies from the global north and south. The chapters showcase the strength and vibrancy of activist-engaged scholarship taking place in the field and serve as a call to action, exploring how this work advances real-world efforts to fight injustice and re-make the world as a fairer, more equitable and more accepting place.

Asylum-Seeking, Migration and Church Susanna Snyder, 2016-04-15 *Asylum Seeking Migration and Church* addresses one of the most pressing issues confronting contemporary society: How are we to engage with migrants? Drawing on studies of church engagement with asylum seekers in the UK and critical immigration and refugee issues in North America, Snyder presents an extended theological reflection on both the issue of asylum seeking and the fears of established populations surrounding immigration. This book outlines ways in which churches are currently supporting asylum seekers, encouraging closer engagement with people seen as 'other' and more thoughtful responses to newcomers. Creatively exploring biblical and theological traditions surrounding the stranger, Snyder argues that, as well as practising a vision of inclusive community, churches would do well to engage with established population fears. Trends in global migration and the dynamics of fear and hostility surrounding immigration are critically and creatively explored throughout the book. Inviting more complex, nuanced responses to asylum seekers and immigrants, this book offers invaluable insights to those interested in Christian ethics, practical theology, social work, mission and faith, and social action, as well as those working in the field of migration. **A Just Church** Chris Howson, 2011-02-17 What does liberation theology actually look like in 21st-century Britain? How can the Church respond faithfully to issues like war, climate change, and vast global inequalities? A fresh expression church in the centre of Bradford has explored these questions through radical forms of worship, non-violent direct action, for example.

The Ludicrous Laws of Old London Nigel Cawthorne, 2016-06-02 London abounds with all manner of ludicrous laws and not all of these curious statutes have been relegated to the past Despite the efforts of the Law Commission there are medieval laws that are still in force and the City of London and its livery companies have their own legal oddities Laws are made in the capital because parliament is here so are the Old Bailey the Law Courts the House of Lords and now the Supreme Court The privy council which sometimes has to decide cases also sits in London and there were other courts that used to sit in London from prize courts concerning war booty to ecclesiastical courts Having maintained its ancient rights and freedoms under Magna Carta the City felt free to enact its own laws many of which seem to have had to do with what people could wear Until quite recently for example a man could be arrested for walking down the street wearing a wig a robe and silk stockings unless he was a judge And all human folly has been paraded through the law courts of London to the extent that it is difficult to know where the serious business of administering justice ends and where farce begins As law is made in the courtroom as well as in parliament and elsewhere judges like to keep a firm hand but sometimes so called jibbing juries will simply not do what they are told All sorts of oddities get swept up into the law Legislators particularly love to pass Acts about sex If sexual services are being offered in a London massage parlour for example a police officer must then search the premises for school children

According to The Children and Young Persons Act of 1933 it is against the law for children and young persons between the age of four and sixteen to frequent a brothel. A writ was introduced under both Edward III and Henry IV to ban lawyers from parliament as there were too many of them the reason being that it was easier for a lawyer to spend his time in London attending parliament than it was for a knight of the shires. But because parliament was already packed with lawyers it was difficult to make any such rule stick. Then an effective way of excluding them was found. They were denied the wages paid to members in those days. Sadly these days parliament and the government are packed with lawyers once again and they are being paid. A law passed in 1540 and still in force today makes it illegal for barbers in the City of London to practise surgery with impeccable impartiality the Act also forbids surgeons to cut hair. Finally never forget that under the Vagrancy Act of 1824 you can be convicted of being an idle and disorderly person or a rogue vagabond or incorrigible rogue. The same act also outlaws people professing to tell fortunes including palmistry. Under the Act it is an offence merely to be suspected.
