The Victors and the Vanquished Brian A. Catlos,2004-08-05 This is a revisionary study of Muslims living under Christian rule during the Spanish reconquest It looks beyond the obvious religious distinctions and delves into the subtleties of identity in the thirteenth century Crown of Aragon uncovering a social dynamic in which sectarian differences comprise only one of the many factors in the causal complex of political economic and cultural reactions Beginning with the final stage of independent Muslim rule in the Ebro valley region the book traces the transformation of Islamic society into mud jar society under Christian domination This was a case of social evolution in which Muslims far from being passive victims of foreign colonisation took an active part in shaping their institutions and experiences as subjects of the Infidel Using a diverse range of methodological approaches this book challenges widely held assumptions concerning Christian Muslim relations in the Middle Ages and minority majority relations in general

Jaufre (Routledge Revivals) Ross G. Arthur,2014-04-08 This translation first published in 1992 presents one of the most memorable medieval ballads largely because it contains a number of surprises and falsified expectations Jaufre the hero arrives at the court of King Arthur with a total and na ve faith in the King and his ability to effect a total transformation in his followers by inducting them into the order of knighthood As his quest proceeds he learns the mistake in his idealised view of chivalry and his uncompromising view of pure justice untempered by mercy By charting the choices Jaufre makes in military and amorous encounters and the

effectiveness of his responses to social trials and temptations the audience discerns the route to independent adulthood prestige and virtue as the poet conceives of them This fascinating reissue will be of particular value to students and academics researching the concepts typically explored within medieval ballads and romances **Status Warriors** Hans van Wees,2023-01-16 Originally presented as the author s thesis Leiden 1992 *The Original Gospel of Thomas in Translation* April D. Brenneis,2014-05-15 Although the boom in historical fiction and historiography about Spain s recent past has found an eager readership these texts are rarely studied as two halves of the same story With *Genre Fusion A New Approach to History Fiction and Memory in Contemporary Spain* Sara J Brenneis argues that fiction and nonfiction written by a single author and focused on the same historical moment deserve to be read side by side By proposing a literary model that examines these genres together *Genre Fusion* gives equal importance to fiction and historiography in Spain In her book Brenneis develops a new theory of genre fusion to show how authors who write both historiography and fiction produce a more accurate representation of the lived experience of Spanish history than would be possible in a single genre *Genre Fusion* opens with a straightforward overview of the relationships among history fiction and memory in contemporary culture While providing an up to date context for scholarly debates about Spain s historical memory *Genre Fusion* also expands the contours of the discussion beyond the specialized territory of Hispanic studies To demonstrate the theoretical necessity of genre fusion Brenneis analyzes pairs of interconnected texts one a work of literature the other a work of historiography written by a single author She explores how fictional and nonfictional works by Montserrat Roig Carmen Mart n Gait e Carlos Blanco Aguinaga

and Javier Mar as unearth the collective memories of Spain's past Through these four authors Genre Fusion traces the transformation of a country once enveloped in a postwar silence to one currently consumed by its own history and memory Brenneis demonstrates that when read through the lens of genre fusion these Spanish authors shelve the country's stagnant official record of its past and unlock the collective and personal accounts of the people who constitute Spanish history

The Mercenary Mediterranean Hussein Fancy, 2016-03-22 Sometime in April 1285 five Muslim horsemen crossed from the Islamic kingdom of Granada into the realms of the Christian Crown of Aragon to meet with the king of Aragon who showered them with gifts including sumptuous cloth and decorative saddles for agreeing to enter the Crown's service They were not the first or only Muslim soldiers to do so Over the course of the thirteenth and fourteenth centuries the Christian kings of Aragon recruited thousands of foreign Muslim soldiers to serve in their armies and as members of their royal courts Based on extensive research in Arabic Latin and Romance sources *The Mercenary Mediterranean* explores this little known and misunderstood history Far from marking the triumph of toleration Hussein Fancy argues the alliance of Christian kings and Muslim soldiers depended on and reproduced ideas of religious difference Their shared history represents a unique opportunity to reconsider the relation of medieval religion to politics and to demonstrate how modern assumptions about this relationship have impeded our understanding of both past and present

Authoring the Past Jaume Aurell i Cardona, 2012-04-11 *Authoring the Past* surveys medieval Catalan historiography shedding light on the emergence and evolution of historical writing and autobiography in the Middle Ages on questions of authority and authorship and on the links between history and politics during the period Jaume Aurell examines texts from the late twelfth to the late fourteenth century including the Latin *Gesta comitum Barcinonensium* and four texts in medieval Catalan James I's *Llibre dels fets* the *Crònica* of Bernat Desclot the *Crònica* of Ramon Muntaner and the *Crònica* of Peter the Ceremonious and outlines the different motivations for the writing of each For Aurell these chronicles are not mere archaeological artifacts but rather

documents that speak to their writers specific contemporary social and political purposes He argues that these Catalanian counts and Aragonese kings were attempting to use their role as authors to legitimize their monarchical status their growing political and economic power and their aggressive expansionist policies in the Mediterranean By analyzing these texts alongside one another Aurell demonstrates the shifting contexts in which chronicles were conceived written and read throughout the Middle Ages The first study of its kind to make medieval Catalanian writings available to English speaking audiences Authoring the Past will be of interest to scholars of history and comparative literature students of Hispanic and Romance medieval studies and medievalists who study the chronicle tradition in other languages **Contributions to**
