has come to dominate our understanding of its literature while genres such as the short story which are just as vital to the
literary heritage of the era have largely been neglected In this study Ann Marie Einhaus challenges deeply embedded
cultural conceptions about the literature of the First World War using a corpus of several hundred short stories that until
now have not undergone any systematic critical analysis From early wartime stories to late twentieth century narratives and
spanning a wide spectrum of literary styles and movements Einhaus s work reveals a range of responses to the war through
fiction from pacifism to militarism Going beyond the household names of Owen Sassoon and Graves Einhaus offers scholars
and students unprecedented access to new frontiers in twentieth century literary studies **The Calendar** University of
