White,Owen Davies Tudor,1877 Grass Lark Elizabeth Stevenson,2020-03-12 It is remarkable how persistent a minor writer may be He may lack the large vision and universal message of the great writer but instead possess a clear true intense view of particular places peoples and situations that renders hi work unique and irreplaceable Lafcadio Hearn 1850 1904 is such a figure in American literature Best known as a scholar of Japanese culture Hearn was a remarkable journalist translator travel writer and perhaps second only to Poe in the literature of the macabre and supernatural Hearn s life as strange and colorful as his work is brilliantly recounted in Elizabeth Stevenson s sensitive and sympathetic biography The range of Hearn s writing is reflected in the peripatetic course of his life The son of an Irish father and a Greek mother he was born on the Ionian island of Leucadia was raised in Dublin and came to America at the age of nineteen His early career was spent as a journalist Without a trace of condescension or pity he entered into the lives of the dock workers of Cincinnati the Creoles of New Orleans and Martinique and later the common villagers of Japan describing how they lived and worked and what they believed Elizabeth Stevenson s book is as much about the writer as the man While giving an accurate measure of the scale of Hearn s achievement she makes a compelling case for its artistry Her reading demonstrates that his writings are not mere aids to the understanding of various cultures but ends in themselves Hearn did not just translate the folklore of other cultures he recreated it The Grass Lark will interest literary scholars American studies specialists and folklorists
