Lai,197?** **A Corpus-based Analysis of Vocabulary Translation in Teaching Chinese as a Foreign Language** Saihong Li,Yifei Hao,2025-10-20 This monograph investigates the landscape of vocabulary translation challenges within Teaching Chinese as a Foreign Language T C F L textbooks In the era of globalisation where the demand for Chinese language proficiency has escalated due to cultural exchanges economic collaborations tourism and overseas learning this study examines the accuracy and effectiveness of vocabulary translations in T C F L textbooks The authors adopt an innovative approach centring on analysing audience responses including feedback from teaching practitioners and learners of Chinese languages and utilising corpus based data to evaluate the consistency and appropriateness of vocabulary translations This book is an essential resource for scholars and educators as well as students in education Chinese studies translation studies and language learning Select Phrases in the Canton Dialect John G. Kerr,1888 *Select Phrases in the Canton Dialect* John Glasgow Kerr,1889 **A History of Western Appreciation of English-translated Tang Poetry** Lan Jiang,2018-03-08 This book examines the development of English translated Tang poetry and its propagation to the Western world It consists of two parts the first of which addresses the initial stage of English translated Tang poetry s propagation and the second exploring its further development By analyzing the historical background and characteristics of these two stages the book traces the trend back to its roots discusses some well known early sinologists and their contributions and familiarizes readers with the general course of Tang poetry s development In addition it presents the translated versions of many Tang poems The dissemination of Tang poetry to the Western world is a significant event in the history of cross cultural communication From the simple imitation of poetic techniques to the acceptance and identification of key poetic concepts the Tang poetry translators gradually constructed a classic Chinese style in modern American poetry Hence the traditional Chinese culture represented by Tang poetry spread more widely in the English speaking world producing a more lasting impact on societies and cultures outside China and demonstrating the poetry s ability to transcend the boundaries of time region nationality and culture Due to different cultural backgrounds the Tang poets or poems admired most by Western readers may not necessarily receive high acclaim in China Sometimes language barriers and cultural differences make it impossible to represent certain allusions or cultural and ethnic concepts correctly during the translation process However in recent decades the translation of Tang poetry has evolved considerably in both quantity and quality As culture is manifested in language and language is part of culture the translation of Tang poetry has allowed Western scholars to gain an unprecedented understanding of China and Chinese culture **Contrastive Analysis of Chinese and English Syntax** Ruixi Ressayi,2024-02-27 This book

introduces a contrastive analysis of Chinese and English syntax based on generative grammar. It covers major syntactic domains including but not limited to noun phrases, verb phrases, the inflectional domain, the discourse-related domain, and ellipsis. Based on the empirical data drawn from both Chinese and English and recast in modern linguistic terminology, the book introduces various rules and theoretical modules from the generative framework to analyze the similarities and differences between Chinese and English syntax. The chapters are arranged such that the book moves from the easiest syntactic topics gradually towards the more complex and advanced ones. Each chapter includes a short summary of major points and references for further reading. Readers are not required to have background knowledge in syntax. The book can serve as a textbook or a reference book for scholars of Chinese studies, Teaching Chinese as a Foreign Language (TCFL), Chinese linguistics, comparative linguistics, and theoretical linguistics.

Proceedings of the 2024 2nd International Conference on Language, Innovative Education and Cultural Communication (CLEC 2024) Intakhab Alam Khan, Zhonggen Yu, Mehmet Cüneyt Birkök, Abu Yazid Abu Bakar, 2024-07-02. A Multiple-Corpora Approach to Chinese-English Contrastive Analysis Hongwu Qin, Lei Kong, 2025-09-30. This innovative work combines traditional analysis with modern corpus-based methods to explore macro and micro-level linguistic patterns in English and Chinese, offering new insights into comparative studies of the two languages. Through detailed analysis of part-of-speech sequences, prepositional functions, pragmatic markers, and several other aspects, this volume uncovers key similarities and differences between English and Chinese. By integrating quantitative and qualitative methods with large-scale linguistic data, the book pushes the boundaries of contrastive linguistics, bridges cultural and linguistic divides, and deepens our understanding of how the two languages function and interact. This book will serve as a valuable resource for researchers and students interested in contrastive linguistics and the intersection of language, technology, and culture. It will also be essential reading for educators and practitioners in language teaching and translation.

Proceedings of the 2023 2nd International Conference on Social Sciences and Humanities and Arts (SSHA 2023) Mohd Fauzi bin Sedon, Intakhab Alam Khan, Mehmet CÜNEYT BİRKÖK, KinSun Chan, 2023-06-29. This is an open access book. With the progress of social civilization, social science and its research are becoming more and more important. Theoretically and practically, the study of social phenomena and social problems and the development of prosperous social sciences are the eternal themes of human beings. At present, social science research and its results can hardly meet the needs of social development, especially the unscientific evaluation of social science results which has aroused

great concern from all walks of life and has produced dirt and questions on social science thus affecting the proper development of social science Max Weber once said that the most important function of social science in modern times is to keep people clear headed and to resist the delusions of prophetic legislators Humanities and arts are the process of perceiving realizing thinking manipulating and expressing objective or subjective objects through capturing and excavating feeling and analyzing integrating and applying or displaying the stage results in the form obtained through feeling seeing hearing smelling touching The social sciences and humanities and arts contain content that will directly affect our lives and the way society functions And by reacting to today s increasingly intricate problems and situations through systematic and professional discussions they will further contribute to the improvement of institutions and the development of society By thinking about issues and looking at problems and the world from different perspectives by putting the two together it may be possible to have more comprehensive appropriate and better responses for example the development of laws requires a deeper understanding of the environment in which they are implemented international trade requires a certain understanding of the customs of different countries and the development of tax and economic policies requires a certain understanding of the population consumer demand etc
