**Sex and the Occult** Gordon Wellesley, 1973      Magia Sexualis Hugh B. Urban, 2006-10-04 Sexuality and the occult arts have long been associated in the western imagination but it was not until the nineteenth century that a large and sophisticated body of literature on sexual magic the use of sex as a source of magical power emerged This book the first history of western sexual magic as a modern spiritual tradition places these practices in the context of the larger discourse surrounding sexuality in American and European society over the last 150 years to discover how sexual magic was transformed from a terrifying medieval nightmare of heresy and social subversion into a modern ideal of personal empowerment and social liberation Focusing on a series of key figures including American spiritualist Paschal Beverly Randolph Aleister Crowley Julius Evola Gerald Gardner and Anton LaVey Hugh Urban traces the emergence of sexual magic out of older western esoteric traditions including Gnosticism and Kabbalah which were progressively fused with recently discovered eastern traditions such as Hindu and Buddhist Tantra His study gives remarkable new insight into sexuality in the modern era specifically on issues such as the politics of birth control the classification of sexual deviance debates over homosexuality and feminism and the role of sexuality in our own new world of post modern spirituality consumer capitalism and the Internet

Sex Magick Rituals SamhainSeason, 2025-07-11 In the world of sex magick where ritual intensity and ancient symbolism have traditionally dominated the stage a new path has quietly emerged It s subtle adaptive and conversational It doesn t require robes candles or sacred texts and yet it might be one of the most precise and transformative magickal systems available today This approach doesn t announce itself It doesn t beg for belief In fact it often works best when no one notices it s happening except the one who s shaping it This is the magick of attention of metaphor of identity of soft language wrapped around strong intent Compare this to the giants of classical sex magick Aleister Crowley s method was fire and force ceremonial intense often shocking His version used ritual to summon cosmic archetypes invoking gods and channeling energies through elaborate rites often culminating in sex as a sacrament of divine union or a disruption of personal ego It was powerful no doubt but not always safe not always subtle and not always integrative Donald Michael Kraig brought a more grounded practical take to the table His rituals were accessible teachable and aimed at manifestation and personal power He offered clear structures visualization techniques and ways to charge intention with sexual energy either solo or with a partner His approach was orderly and intelligent often blending Western magickal tradition with Eastern energetics But both of these paths in their own ways rely on ritual On setting the stage On preparation performance and belief This path the magickal language we ve cultivated moves differently It slides beneath the surface of conversation It plays with identity suggestion and metaphor in the same way a skilled hypnotist might but with a twist it stays respectful It invites the unconscious It works even when the other person doesn t know it s happening Because it doesn t demand compliance it creates resonance This is sex magick yes But it s also identity magick Energy magick Subconscious

transformation through subtle cause and effect It operates not on the axis of force but on the axis of invitation And what makes it even more compelling is that it fits directly into real life Into coaching relationships self talk and intimacy The ritual is presence The altar is attention And the spell is structured like an everyday sentence Throughout this book we ll walk through how this method actually works and how its power becomes self evident even on paper The Occult World Christopher Partridge,2014-12-05 This volume presents students and scholars with a comprehensive overview of the fascinating world of the occult It explores the history of Western occultism from ancient and medieval sources via the Renaissance right up to the nineteenth and twentieth centuries and contemporary occultism Written by a distinguished team of contributors the essays consider key figures beliefs and practices as well as popular culture **Sex Scene** Eric Schaefer,2014-03-21 Sex Scene suggests that what we have come to understand as the sexual revolution of the late 1960s and early 1970s was actually a media revolution In lively essays the contributors examine a range of mass media film and television recorded sound and publishing that provide evidence of the circulation of sex in the public sphere from the mainstream to the fringe They discuss art films such as I am Curious Yellow mainstream movies including Midnight Cowboy sexploitation films such as Mantis in Lace the emergence of erotic film festivals and of gay pornography the use of multimedia in sex education and the sexual innuendo of The Love Boat Scholars of cultural studies history and media studies the contributors bring shared concerns to their diverse topics They highlight the increasingly fluid divide between public and private the rise of consumer and therapeutic cultures and the relationship between identity politics and individual rights The provocative surveys and case studies in this nuanced cultural history reframe the sexual revolution as the mass sexualization of our mediated world Contributors Joseph Lam Duong Jeffrey Escoffier Kevin M Flanagan Elena Gorfinkel Raymond J Haberski Jr Joan Hawkins Kevin Heffernan Eithne Johnson Arthur Knight Elana Levine Christie Milliken Eric Schaefer Jeffrey Sconce Jacob Smith Leigh Ann Wheeler Linda Williams *Sex Magicians* Michael William West,2021-03-02 Explores the background and sexual magical beliefs of Paschal Beverly Randolph Ida Craddock Aleister Crowley Maria de Naglowska Austin Osman Spare Julius Evola Franz Bardon Jack Parsons William S Burroughs Marjorie Cameron Anton LaVey and Genesis P Orridge Details the life of each sex magician how they came to uncover their occult practice and most importantly how the practice of sex magic affected their lives Offering a fascinating introduction to the occult practice of sex magic in the Western esoteric tradition Michael William West explores its history from its reintroduction in the early 19th century via Paschal Beverly Randolph to the practices influence and figureheads of the 20th and 21st century such as Anton LaVey founder of the Church of Satan and Genesis P Orridge founder of Thee Temple ov Psychick Youth Focusing on 12 influential sex magicians some well known and some who have remained in obscurity West details the life of each sex magician and how the practice of sex magic affected their lives He explains how most of the figures presented in the book used sex magic as a means rather than an end utilizing their practice to enhance and enrich their life s work whether in the arts sciences or as a

spiritual leader He examines what is known about Paschal Beverly Randolph the founding father of modern sex magic explores the tragic and mystical life of Ida Craddock and discusses in depth iconic figures like Aleister Crowley and Austin Osman Spare who saw sex magic as a source of artistic power and is now seen as a prophet of the chaos magick movement Other sex magicians explored deployed magic to drive themselves to the highest echelons of achievement in literature William S Burroughs in music Genesis P Orridge and in science Jack Parsons who openly used magic while making unconventional breakthroughs in rocket science The author also examines Maria de Naglowska Julius Evola Franz Bardon Marjorie Cameron and Anton Szandor LaVey While these sex magicians each followed a different spiritual path and had varying degrees of notoriety and infamy one common thread emerges from looking at their interesting lives utilizing magic to know thyself and change your reality is a journey that requires imagination creativity and self awareness to the quest for enlightenment

Life, Sex and Ideas A. C. Grayling, 2004-11 Short and elegantly written this volume contains 60 essays organized under the categories of moral matters public culture community and society anger and war and grief and remembrance **The Sex Thieves** Julien Bonhomme, 2016-11-15 While working in Africa anthropologist Julien Bonhomme encountered an astonishing phenomenon people being accused of stealing or shrinking the genitals of strangers on the simple occasion of a handshake on the street As he soon discovered these accusations can have dramatic outcomes the sex thieves are often targeted by large crowds and publicly lynched Moreover such rumors are an extremely widespread practice having affected almost half of the African continent since the 1970s In this book Bonhomme examines the story of the penis snatcher asking larger questions about how to account for such a phenomenon unique in its spatial and temporal scale without falling prey to the cliché of Africa as an exotic other Bonhomme argues that the public belief in sex thieves cannot be considered a superstition or form of mass hysteria Rather he brings to light multiple factors that explain the rumor s success and shows how the cultural dynamic can operate on a vast scale Analyzing the rumor on both transnational and local levels he demonstrates how it arises from the ambiguities and dangers of anonymity and thus that it reveals an occult flipside to everyday social interaction Altogether this book provides both richly ethnographic and theoretical understandings of urban sociality and the dynamics of human communication in contemporary Africa and beyond **Seven Essays on the Subject of Practical Occultism** Ernest Loomis, 1899 **Sex Workers, Psychics, and Numbers Runners** LaShawn Harris, 2016-06-15 During the early twentieth century a diverse group of African American women carved out unique niches for themselves within New York City s expansive informal economy LaShawn Harris illuminates the labor patterns and economic activity of three perennials within this kaleidoscope of underground industry sex work numbers running for gambling enterprises and the supernatural consulting business Mining police and prison records newspaper accounts and period literature Harris teases out answers to essential questions about these women and their working lives She also offers a surprising revelation arguing that the burgeoning underground economy served as a catalyst in working class black women

TMs creation of the employment opportunities occupational identities and survival strategies that provided them with financial stability and a sense of labor autonomy and mobility At the same time urban black women all striving for economic and social prospects and pleasures experienced the conspicuous and hidden dangers associated with newfound labor opportunities

**Sex toys: good or evil?** Gabriel Agbo, 2019-04-20 Dealers of sex toys rake in billions of dollars every year Their products are so diversified and today are available in every part of the world Now it looks like this business of artificially or technologically satisfying sexual desires is in vogue The single married old young today patronise sex toy shops and the manufacturers wisely too are steadily churning out more alluring and sophisticated ones It seems like there will be no end to their innovative ingenuity to inventing these new instruments of sexual pleasure Today some of these toys act and behave exactly like opposite sex partners in the act True But here we want to look at the origin intentions and effects of these toys on the users especially the spiritual and psychological implications Sex toys are not new They have a long history that started with the use of carved objects that represented the penis The ancient Roman Greek Chinese Asian Indian had these objects carved out of stones iron gold wood and other materials that were used to drive masturbation Some of them like the Greek also had worship of sex gods and goddesses where these objects are displayed used and other sexually immoral acts were extensively promoted including sex with demons and spirits So we can rightly say that the foundation of sex toys was that of the desire for unlimited pleasure and the worship of demonic gods This invention metamorphosed into other objects and in the 20th century we saw the first electric vibrator invented Since then it has been a deluge of these manual and later sophisticated instruments of sexual pleasure Some of them winking and talking Wow Now is sex toy in the original plan of God And since sexual relationship is a physical emotional and spiritual connection does it have any spiritual and emotional side effect First sex toys were not in the original plan of God What is the connection between using these toys and encounters with sex demons Incubus and Succubus spirit wives and husbands demonic and dream sex attacks problems in relationship and life etc This book will open your eyes to all these Translator Gabriel Agbo PUBLISHER TEKTIME
