Sexculture Modernity In China:

Sex, Culture, and Modernity in China Frank Dikötter, 1995-01-01 With the disintegration of Confucian cosmology after the fall of the imperial system in China medical science was introduced as an epistemological foundation for social order The construction of sexuality as a dangerous drive which was thought to form the very core of the individual led to the emergence of a wide range of identities like the menstruating girl the hysterical housewife the masturbating adolescent and the syphilitic husband The naturalization of desire also introduced a tension between the sexual responsibilities of the individual and the coercive intervention of civil society in the name of the collective health of future generations Although new categories of analysis such as population race sex woman and youth were introduced to early Republican China from abroad their reception and adaptation were founded on cultural reorientations which may have taken place as long before as the 17th and 18th centuries Instead of describing the rise of normative naturalism as a derivative discourse from the West this book recognizes that the roots of modernizing representations may have had to be sought in a rich and diverse past in China itself The author's analysis is based on medical and lay texts such as handbooks marriage guides and introductions to physiology and sexual hygiene The epilogue demonstrates how the sexual identities invented early this century are still in place in China today

Sex and Sexuality in China Elaine Jeffreys, 2007-01-24 Elaine Jeffreys explores the issues of sex and sexuality in a non Western context by examining debates surrounding the emergence of new sexual behaviours and the appropriate nature of their regulation in the People's Republic of China Commissioned from Western and mainland Chinese scholars of sex and sexuality in China the chapters in this volume are marked by a diversity of subject material and theoretical perspectives but turn on three related concerns First the book situates China's changing sexual culture and the nature of its governance in the socio political history of the PRC Second it shows how China's shift to a rule of law has generated conflicting conceptions of citizenship and the associated rights of individuals as sexual citizens Finally the book demonstrates that the Chinese state does not operate strictly to repress sex it also is implicated in the creation of new spaces for sexual entrepreneurship expertise and consumption This comprehensive study is a valuable resource for scholars in the fields of sexuality studies and post socialist societies and culture directly appealing to both East Asia and China specialists

Sex, Science and Morality in China Joanna McMillan, 2014-07-30 After decades of near silence on the matter sex is being talked about in China But what is being said Who is allowed to speak And whose purposes are being served This ground breaking book takes a critical look at how sex in China is thought and talked about Drawing on the work of the country's foremost sex experts and years of research in the field it gives an overview of the sexual landscape in China today Including new material on transsexuals fetishism sex aids and pornography the book shows that the dominant ways of thinking about sex are neither innocent nor inconsequential and that amid catalogues of prescriptions linking self management to the collective good people are making decisions about how to live their sexual lives The most lively and

accessible critique of sexual discourse this book will be essential reading for scholars in Chinese studies cultural studies and sexuality and gender studies Sex, Law, and Society in Late Imperial China Matthew Harvey Sommer,2000 This study of the regulation of sexuality in the Qing dynasty explores the social context for sexual behavior criminalized by the state showing how regulation shifted away from status to a new regime of gender that mandated a uniform standard of sexual morality and criminal liability for all people regardless of their social status **China, Sex and Prostitution** Elaine Jeffreys,2004-02-24 China Sex and Prostitution is a topical and important critique of recent scholarship in China studies concerning sexuality prostitution and policing Jeffrey s arguments are constructed in the form of detailed analysis of a wide range of primary texts including documents press reports police report and policy and legal pronouncements and secondary literature in both English and Chinese The work engages with some key debates in the fields of cultural and gender studies and will be welcomed by scholars in these areas as well as by China specialists sociologists and anthropologists **Queer Politics and Sexual Modernity in Taiwan** Hans Tao-Ming Huang,2011-08-01 This book analyses the critical reception of Pai Hsien yung sCrystal Boys one of Taiwan s first recognized gay novels and one which has played an important role in redefining sexual modernity and linking this to ongoing cultural dialogues on state building It examines the deployment of sexuality over the past five decades in Taiwan by paying particular attention to male homosexuality and prostitution In addition to literary and film material the study engages a number of relevant legal cases and media reports Through Hans Huang s primary research and historical investigations the book not only illuminates the construction of gendered sexual identities in Taiwanese culture but also in a reflexive fashion critiques the culture that produces them Hans Tao Ming Huangis assistant professor in the English Department National Central University Taiwan Reproductive Realities in Modern China Sarah Mellors Rodriguez,2023-01-19 Lasting from 1979 to 2015 China s One Child Policy is often remembered as one of the most ambitious social engineering projects to date and considered emblematic of global efforts to regulate population growth during the twentieth century Drawing on a rich combination of archival research and oral history Sarah Mellors Rodriguez analyses how ordinary people particularly women navigated China s shifting fertility policies before and during the One Child Policy era She examines the implementation and reception of these policies and reveals that they were often contradictory and unevenly enforced as men and women challenged reworked and co opted state policies to suit their own needs By situating the One Child Policy within the longer history of birth control and abortion in China Reproductive Realities in Modern China exposes important historical continuities such as the enduring reliance on abortion as contraception and the precariousness of state control over reproduction **Red is Not the Only Color** Patricia Angela Sieber,2001 After World War II some 12 million Germans 3 million Poles and Ukrainians and tens of thousands of Hungarians were expelled from their homes and forced to migrate to their supposed countries of origin Using freshly available materials from Polish Ukrainian Russian Czechoslovak German British and American archives the contributors to this book provide a

sweeping detailed account of the turmoil caused by the huge wave of forced migration during the nascent Cold War The book also documents the deep and lasting political social and economic consequences of this traumatic time raising difficult questions about the effect of forced migration on postwar reconstruction the rise of Communism and the growing tensions between Western Europe and the Eastern bloc Those interested in European Cold War history will find this book indispensable for understanding the profound but hitherto little known upheavals caused by the massive ethnic cleansing that took place from 1944 to 1948 Amazon com viewed November 12 2020 *Sex and Desire in Hong Kong* Petula Sik Ying Ho 何鳳儀, A. Ka Tat Tsang 何鳳儀, 2012-08-01 Provides an exemplary model of community based research on sexual and erotic attitudes and practices of gay men and middle aged women in Hong Kong over a span of over fifteen years **Obsession** Wenqing Kang, 2009-03-01 This is the most serious study to date on the topic of male same sex relations in China during the early twentieth century illuminating male same sex relations in many sites language translated sexological writings literary works tabloid newspapers and opera Documenting how nationalism and colonial modernity reconfigured Chinese discourses on sex between men in the early twentieth century Wenqing Kang has amassed a wealth of material previously overlooked by scholars such as the entertainment news and opinion pieces related to same sex relations published in the tabloid press He sheds new light on several puzzles such as the process whereby sex between men became increasingly stigmatized in China between the 1910s and 1940s and shows that the rich vocabulary and concepts that existed for male male relations in premodern China continued to be used by journalists and writers throughout the Republican era creating the conditions for receiving Western sexology *Out Spoken* Jean Roberta Hillabold, Wes D. Pearce, 2013 How is identity formed If you were born in Canada that makes you Canadian if you were raised Jewish that makes you a Jew right But what about a teenage boy from small town Saskatchewan who has a secret crush on the guy who sits next to him in homeroom What does that make him And how would his identity change if he grew up to become an out of the closet gay man In *Out Spoken Perspectives on Queer Identities* questions like these are addressed by an eclectic range of authors in disciplines that range from sociology and education to cultural studies and literature as well as playwrights artists and writers to reveal the fluid and sometimes confounding nature of identity when sexuality is part of the mix *Outspoken* marks the coming of age of queer studies in Canada covering topics from the analysis of literary classics to the history of sexology to hands on community work The range and quality of its contents will be a welcome addition for scholars and an inspiration to younger LGBTQ people Ross Higgins Concordia University and UQAM author of *Peter Flinsch and De la clandestinité l'affirmation* *Understanding Chinese Society* Xiaowei Zang, 2015-07-14 This second edition of *Understanding Chinese Society* provides a comprehensive readable and well grounded introduction to the key issues affecting contemporary China A thorough analysis is undertaken not only of China's family patterns education system status hierarchy and ethnic diversity but also of China's mass media legal system and social control work and cultural expression As well as being thoroughly updated and revised throughout this

edition offers new chapters on urbanization the environment and civil society in China A team of international experts guide students through social issues including What are the key features of the family and marriage institutions in China How are women and men faring differently in Chinese society today How are minorities faring in China How does the education system differentiate Chinese society How are religion and cultural traditions expressed Including handy pedagogical features such as a chronology of the People s Republic of China further reading suggestions and related novels and films

Understanding Chinese Society is suitable for anyone studying Chinese Culture and Society Chinese Studies and Asian sociology **Between Sex and Power** Göran Therborn,2004 The institution of the family changed hugely during the course of the twentieth century In this major new work G ran Therborn provides a global history and sociology of the family as an institution and of politics within the family focusing on three dimensions of family relations on the rights and powers of fathers and husbands on marriage cohabitation and extra marital sexuality and on population policy Therborn s empirical analysis uses a multi disciplinary approach to show how the major family systems of the world have been formed and developed Therborn concludes by assessing what changes the family might see during the next century This book will be essential reading for anybody with an interest in either the sociology or the history of the family **Women and China's**

Revolutions Gail Hershatte,2018-09-04 If we place women at the center of our account of China s last two centuries how does this change our understanding of what happened This deeply knowledgeable book illuminates the places where the Big History of recognizable events intersects with the daily lives of ordinary people using gender as its analytic lens Leading scholar Gail Hershatte asks how these events affected women in particular and how women affected the course of these events For instance did women have a 1911 revolution A socialist revolution If so what did those revolutions look like Which women had them Hershatte uses two key themes to frame her analysis The first is the importance of women s visible and invisible labor The labor of women in domestic and public spaces shaped China s move from empire to republic to socialist nation to rising capitalist power The second is the symbolic work performed by gender itself What women should do and be was a constant topic of debate during China s transformation from empire to weak state to partially occupied territory to nascent socialist republic to reform era powerhouse What sorts of concerns did people express through the language of gender How did that language work and why was it so powerful Drawing on decades of Hershatte s groundbreaking scholarship and mastery of a range of literatures this beautifully written book will be essential reading for all students of China s modern history **Gender, Health, and History in Modern East Asia** Angela Ki Che Leung,Izumi

Nakayama,2017-11-22 This groundbreaking volume captures and analyzes the exhilarating and at times disorienting experience when scientists government officials educators and the general public in East Asia tried to come to terms with the introduction of Western biological and medical sciences to the region The nexus of gender and health is a compelling theme for this is an area in which private lives and personal characteristics encounter the interventions of public policies The nine

empirically based studies by scholars of history of medicine sociology anthropology and STS science technology and society spanning Japan Korea China Taiwan and Hong Kong from the 1870s to the present demonstrate just how tightly concerns with gender and health have been woven into the enterprise of modernization and nation building throughout the long twentieth century The concepts of gender and health have become so commonly used that one might overlook that they are actually complicated notions with vexed histories even in their native contexts Transposing such terminologies into another historical or geographical dimension is fraught with problems and what makes the East Asian cases in this volume particularly illuminating is that they present concepts of gender and health in motion The studies show how individuals and societies made sense of modern scientific discourses on diseases body sex and reproduction redefining existing terms in the process and adopting novel ideas to face new challenges and demands Whether reviewing the comparative national histories of birth control debating early cases of transsexual surgery or highlighting the resurgence of traditional Asian medical commodities this volume provides accessible and productive studies on these intriguing topics in Asia Scholars of modern East Asia and indeed anyone concerned with the analysis of gender and health in light of intersecting postcolonial studies will find the book rewarding Rayna Rapp New York University A bold and important volume that explores the interweaving of gender body and modernity throughout East Asia With vivid articles on sexuality reproductive technologies and sexual identities the book opens multiple possibilities for how Asia as method can shine new light on persistent theoretical questions from biopower to biocitizenship Ruth Rogaski Vanderbilt University

HIV/AIDS in China Zunyou Wu, Yu Wang, Roger Detels, Marc Bulterys, Jennifer M. McGoogan, 2019-10-10 With HIV becoming the leading cause of infectious disease mortality in Mainland China this book focuses on tackling HIV AIDS in the face of rapid political and economic change in China Featuring contributions by over a dozen leading figures in the field this book is the go to text for any student or reader interested in how national and international organizations are attempting to control this epidemic The book includes chapters on the epidemiology treatment and prevention of HIV as well as several chapters that discuss in detail specific provincial and national level programs to control and treat HIV It chronicles the Chinese government's amazing about face as it replaced underfunded non evidence based policy decisions with successful science based approaches to disease control and prevention including the adoption of once controversial needle exchange programs and the establishment of a national HIV AIDS data registry It measures the success of national policy decisions the implementation of treatment policies and discusses the difficulty of accessing high risk communities including people who inject drugs sex workers and men who have sex with men groups not easy to reach study engage in prevention programs or treatment for fear of stigmatization and loss of social status Further it documents the spread of HIV to other provinces and the tragedy that befell repeat plasma donors in Henan and other poor provinces where reused or improperly sterilized lab equipment caused some villages to have epidemic level incidence rates This book represents a positive contribution to the field of AIDS research making vital new

Cultural Politics of Gender and Sexuality in Contemporary Asia

Tiantian Zheng, 2017-07-31 In globalizing Asia sexual mores and gender roles are in constant flux How have economic shifts and social changes altered and reconfigured the cultural meanings of gender and sexuality in the region How have the changing political economy and social milieu influenced and shaped the inner workings and micro politics of family structure gender relationships intimate romance transactional sex and sexual behaviors This volume offers up to date grounded critical analysis of the complex intersections of gender sexuality and political economy across a diverse array of Asian societies China Japan Cambodia Vietnam India Pakistan Hong Kong Thailand and Taiwan Based on intense ethnographic fieldwork the chapters disentangle the ways in which gendered and sexual experiences are impinged upon by state policies economic realities cultural ideologies and social hierarchies Whether highlighting intimate relationships between elite businessmen and their mistresses in China nightclub performances by Thai men in Bangkok single women's views of romance motherhood and marriage in Hong Kong Shanghai and Tokyo or male same sex relationships in Pakistan each chapter centers around the stories of the gendered subjects themselves and how they are shaped by outside forces Taken together they provide a provocative entrance into the cultural politics of gender and sexuality in Asia By foregrounding cross cultural ethnographic research this volume sheds light on how configurations of gender and sexuality are constituted negotiated contested transformed and at times perpetuated and reproduced in private intimate experiences It will be of particular interest to students and scholars in anthropology sociology political science and women's and LGBTQ studies

Routledge Handbook of Chinese Medicine Vivienne Lo, Michael Stanley-Baker, 2022-06-20 The Routledge Handbook of Chinese Medicine is an extensive interdisciplinary guide to the nature of traditional medicine and healing in the Chinese cultural region and its plural epistemologies Established experts and the next generation of scholars interpret the ways in which Chinese medicine has been understood and portrayed from the beginning of the empire third century BCE to the globalisation of Chinese products and practices in the present day taking in subjects from ancient medical writings to therapeutic movement to talismans for healing and traditional medicines that have inspired global solutions to contemporary epidemics The volume is divided into seven parts Longue Durée and Formation of Institutions and Traditions Sickness and Healing Food and Sex Spiritual and Orthodox Religious Practices The World of Sinographic Medicine Wider Diasporas Negotiating Modernity This handbook therefore introduces the broad range of ideas and techniques that comprise pre modern medicine in China and the historiographical and ethnographic approaches that have illuminated them It will prove a useful resource to students and scholars of Chinese studies and the history of medicine and anthropology It will also be of interest to practitioners patients and specialists wishing to refresh their knowledge with the latest developments in the field The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non

Historicising Gender and Sexuality Kevin P. Murphy, Jennifer M.

Spear, 2011-09-07 *Historicising Gender and Sexuality* features a diverse collection of essays that shed new light on the historical intersections between gender and sexuality across time and space. Demonstrates both the particularities of specific formulations of gender and sexuality and the nature of the relationship between the categories themselves. Presents evidence that careful and contextualised analysis of the shifting relationship of gender and sexuality illuminates broader historical processes.

Tokens of Exchange Lydia H. Liu, 2000-01-19 The problem of translation has become increasingly central to critical reflections on modernity and its universalizing processes. Approaching translation as a symbolic and material exchange among peoples and civilizations and not as a purely linguistic or literary matter, the essays in *Tokens of Exchange* focus on China and its interactions with the West to historicize an economy of translation. Rejecting the familiar regional approach to non-Western societies, contributors contend that national histories and world history must be read with absolute attention to the types of epistemological translatability that have been constructed among the various languages and cultures in modern times. By studying the production and circulation of meaning as value in areas including history, religion, language, law, visual art, music, and pedagogy, essays consider exchanges between Jesuit and Protestant missionaries and the Chinese between the seventeenth and nineteenth centuries and focus on the interchanges occasioned by the spread of capitalism and imperialism. Concentrating on ideological reciprocity and nonreciprocity in science, medicine, and cultural pathologies, contributors also posit that such exchanges often lead to racialized and essentialized ideas about culture, sexuality, and nation. The collection turns to the role of language itself as a site of the universalization of knowledge in its contemplation of such processes as the invention of Basic English and the global teaching of the English language. By focusing on the moments wherein meaning, value is exchanged in the translation from one language to another, the essays highlight the circulation of the global in the local as they address the role played by historical translation in the universalizing processes of modernity and globalization. The collection will engage students and scholars of global cultural processes, Chinese studies, world history, literary studies, history of science, and anthropology, as well as cultural and postcolonial studies.
