Arnaudo,2025-08-05 This book describes the development of the literary riddle in Renaissance Italy when poets appropriated riddles from oral tradition combined them with the conventions of literature and paired them with solutions that could be checked after reading This book includes an original theoretical framework for the investigation of riddles dividing riddles into categories based on their enigmatic link A section about the social uses of riddles in early modern Italy shows how riddles were routinely exchanged at soirees and in the activities of academies and congreghe all environments where the folk qualities of the riddle could be playfully appreciated The riddle became a key element in narrative works by Giovanni Francesco Straparola and Ascanio de Mori and for the first time it fueled enough collections of poems to trigger an entire genre Examples will come from Angelo Cenni Daphne di Piazza Girolamo Musici Tommaso Stigliani Giulio Cesare Croce Antonio Malatesti and many others *Library Journal* ,1983 **The Poetics of Empowerment in David Mitchell's**

Novels Eva-Maria Windberger, 2023-07-17 *The Poetics of Empowerment in David Mitchell's Novels* combines the investigation of David Mitchell's novels with the introduction of a new critical concept to literary studies: empowerment. Aiming to situate and establish empowerment firmly within the context of literary studies, it offers the first framework and definition for reading fictional texts with the lens of empowerment and applies it in the analysis of discourse, the fictional characters, and the role of the reader in Mitchell's novels. Drawing on narratological analysis, cognitive approaches to literature, and reader response theory, it features close readings of *Cloud Atlas* (2004), *Black Swan Green* (2006), and *The Thousand Autumns of Jacob de Zoet* (2010) and dissects the author's strategies, poetics, and agenda of empowering fiction. This book argues for an inherent indissoluble connection between empowerment and the telling of stories and demonstrates how literary studies can benefit from a serious engagement with empowerment and how such an engagement can stimulate new responses to fiction and put literary studies in conversation with other disciplines.
