Forensic Management of Sexual Offenders Robert Alan Prentky, Ann Wolbert Burgess, 2012-12-06

Over the past several decades the seeming escalation of crimes involving sexually deviant coercive and aggressive behavior has become an increasingly serious problem manifested in costs to both victims and society at large The long term psychological impact of sexual assault on adult and child victims has been documented numerous times The costs incurred by society include a network of medical and psychological services provided to aid victim recovery the investigation trial and incarceration of offenders often in segregated units or special facilities and the invisible but tangible blanket of fear that forces potential victims to schedule normal daily activities around issues of safety Despite the gravity of the problem there has been a paucity of empirical research directed at the etiology course remediation and management of sexually deviant and coercive behavior In treating these disorders and in making crucial decisions about how to manage these offenders clinicians have been forced to rely on their personal experience Such experience by its nature is unsystematic and lacks the validation that empirical research provides The lack of sound empirical data addressing the problem is certainly noteworthy though not surprising The paucity of research in this area may well be attributable to historical scientific timidity about most aspects of sexual behavior In 1922 Dr Robert L *Handbook of Sexual Assault* William Lamont Marshall, D.R. Laws, Howard E. Barbaree, 2013-11-21

A useful tool for practitioners researchers theorists and advanced students Handbook

of Sexual Assault analyzes the nature and extent of the problem of sexual offending and classifies the types of offenders according to an empirically developed system In addition contributors present the theories of the etiology and maintenance of sexual offending offer various perspectives and factors relevant to accurate assessment and detail contemporary treatment procedures

Sexual Deviance D. Richard Laws, William T. O'Donohue, 2012-04-16 Now in a fully revised and updated second edition this important work provides authoritative scientific and applied perspectives on the full range of paraphilias and other sexual behavior problems For each major clinical syndrome a chapter on psychopathology and theory is followed by a chapter on assessment and treatment Challenges in working with sex offenders are considered in depth Thoroughly rewritten to reflect a decade of advances in the field the second edition features many new chapters and new authors New topics include an integrated etiological model sexual deviance across the lifespan Internet offenders multiple paraphilias neurobiological processes the clinician as expert witness and public health approaches

SHOCKING VIOLENCE Rosemarie Scolaro Moser, Corinne E. Frantz, 2000-01-01 Shocking Violence Youth Perpetrators and Victims A Multidisciplinary Perspective is written by contributors in the diverse fields of psychology social work education law enforcement ministry and the judicial system The chapters cover the topic of youth violence with emphasis on recommendations for educators parents and treatment professionals to help children at risk Many factors that contribute to youth violence are explored including an examination of personality development by Corrine Frantz and Rosemarie Scolaro Moser who cite the incidents at Pearl Mississippi Jonesboro Arkansas Littleton Colorado and other events looking for answers to explain what triggered these violent episodes Michael Greene explores bullying and harassment in schools and its connection to violence Lt Colonel Dave Grossman examines the role of the media in promoting youth violence through an analysis of the Paducah Kentucky school shootings Developmental models for intervention and suggestions for educators psychologists and parents are discussed in Celene Domitrovich and Janet Welsh's chapter on ways to foresee and prevent conduct problems Other chapters examine causes and possible solutions to the epidemic of youth violence and offer help for parents and educators who are coping with traumatic death

How Sexual Desire Works Frederick Toates, 2014-09-18 Shows how the diversity of sexual desires both normal and unusual emerge from the interactions between underlying brain processes

Pathways to Sexual Aggression Jean Proulx, Eric Beauregard, Patrick Lussier, Benoit Leclerc, 2014-03-14 Most people who read an article in the newspaper about the brutal rape of a woman by a stranger or the long standing sexual abuse of a young boy by his step father have a strong visceral reaction which is a mix of anger fear and incomprehension Apart from these aversive reactions several questions also come to people's minds Was this offender crazy or sexually obsessed What is the purpose of such outrageous acts To answer these questions the authors of this book review theoretical and empirical models of the processes that lead men to sexually assault children or women whilst also presenting new results and models on this topic In particular this book focuses on empirical analyses of the pathways of six types of sexual

aggressors three of which marital rapists hebephilic sexual aggressors and polymorphic sexual aggressors have never been investigated before Drawing on a large dataset on the offending processes of sexual aggressors this book analyzes the influence of personality factors and lifestyle factors on offending pathways and brings together key researchers in the field of sexual aggression This book will be of interest to psychologists psychiatrists criminologists and social workers involved in the study assessment and treatment of sexual aggressors In addition this information will be crucial for practitioners involved in the follow up of these offenders in the community and will interest researchers and graduate students in the field of sexual aggression

Serial Offenders Louis B. Schlesinger, 2000-07-31 Although serial offenders have been a recognized problem in society for centuries only recently have the complexities of these individuals come to light *Serial Offenders Current Thought Recent Findings* presents current and inclusive information on serial offending in a clear and straightforward manner Citing numerous case examples this book will provide forensic psychologists and psychologists as well as criminologists social workers and corrections officials with relevant and informative data Author Louis B Schlesinger presents current thinking on serial offenders in the first of three parts contained in the text In Part I he covers serial homicide child molestation rape arson and the nonviolent serial offender while offering new information and perspectives on these traditional problems Part II reverses thought and takes a look at recent clinical and research findings From profiling by law enforcement and health care workers to the neurobiological approach to understanding why people continually commit these crimes Part II delves beyond right and wrong to illuminate and identify the many shades of gray Part III focuses on the unusual aspects of serial offending and on special populations of offenders From infantophilia to serial offending by females adolescents and members of the clergy Schlesinger provides insight into a world that few have witnessed in such a comprehensive manner

Correctional Mental Health Thomas J. Fagan, Robert K. Ax, 2010-11-03 *Correctional Mental Health* is a broad based balanced guide for students who are learning to treat criminal offenders in a correctional mental health practice Featuring a wide selection of readings this edited text offers a thorough grounding in theory current research professional practice and clinical experience It emphasizes a biopsychosocial approach to caring for the estimated 20% of all U S prisoners who have a serious mental disorder Providing a balance between theoretical and practical perspectives throughout the text also provides readers with a big picture framework for assessing current correctional mental health and criminal justice issues offering clear strategies for addressing these challenges

Inside the Minds of Sexual Predators Katherine Ramsland, Patrick N. McGrain, 2009-12-21 This revealing look inside the minds of sexual predators from cyber stalkers to rapists to teachers who exploit underage children explains why they commit their heinous crimes They are among the most frightening of all criminals yet few have attempted to document the complex mindset of the sexual predator through intimate case details *Inside the Minds of Sexual Predators* reexamines this intentional criminal behavior describing the different types of sexual predators and explaining why they choose to commit their specific type of predatory acts Each

chapter of the book addresses a different category of predator or a specific complex issue related to predatory behavior Distinctions are drawn between types of offenders from the casual offender to the depraved rapist and serial lust killer and the variables that play a part in an individual s sexual predation are explored Like Ramsland s *Inside the Minds of Mass Murderers* this book is essential reading for professionals in law enforcement and psychology as well as for everyone seeking to go beyond the headlines to understand this difficult and controversial topic

Rehabilitating Criminal Sexual Psychopaths Nathaniel J. Pallone,1990-01-01 More than half the states in this country have legislation on sex offenders that distinguishes between those whose offense is incidental to other offenses felony sexual offenders and those who engage in repetitive habitual or compulsive sex offenses criminal sexual psychopaths This second category is the subject of this book The legislation specifies that criminal sexual psychopaths must be treated not punished But treatment is problematic the literature on various approaches finds uncertainty about the effectiveness of treatment Pallone asks the difficult question of whether there is a prospective right to effective treatment and notes the political and ethical questions involved in potentially more effective Clockwork Orange approaches The ethical burden on mental health clinicians is heavy despite the fact that the category sexual psychopath is essentially a legal not a psychiatric category judges tend to follow professional recommendations as to categorization Pallone emerges with some surprising but convincing conclusions If the distinction between felony and psychopathic sexual offender is essentially empty as the profession feels it is it should be abandoned All criminal sexual offenders should be punished except those who opt for treatment and who are certified by mental health professionals as likely to benefit And for those few so identified society should be prepared to commit significant resources to their treatment This speculation on the past present and future of criminal sexual deviation comes from a psychologist with a broad command of the literature and deep professional experience in the area Combining a broad ranging overview of the legal criminological and psychiatric literature on these questions *Rehabilitating Criminal Sexual Psychopaths* raises important questions Legal experts criminologists mental health professionals and all those concerned with public policy will find it significant

Forensic CBT Raymond Chip Tafrate,Damon Mitchell,2013-11-11 *Forensic CBT A Handbook for Clinical Practice* is an edited collection that represents the first authoritative resource on the utilization of CBT strategies and techniques for offender clients Features contributions from leaders of the major schools of CBT on the treatment of antisocial personality patterns as well as anger interpersonal violence substance abuse and sexual aggression Addresses modified CBT approaches for female juvenile and culturally diverse forensic populations Covers emerging areas of forensic practices including the integration of motivational interviewing and strength based approaches Includes an assortment of worksheets handouts and exercises for practitioners to use with their clients

Social Psychology Australian & New Zealand Edition Saul Kassin,Steven Fein,Hazel Rose Markus,Kerry Anne McBain,Lisa Williams,2019-08-01 Using a balanced approach *Social Psychology 2e* connects social psychology theories research methods and basic findings to real world

applications with a current events emphasis Coverage of culture and diversity is integrated into every chapter in addition to strong representation throughout of regionally relevant topics such as Indigenous perspectives environmental psychology and conservation community psychology gender identity and attraction and close relationships including same sex marriage in different cultures gendered behaviours when dating and updated data on online dating making this visually engaging textbook useful for all social psychology students

The SAGE Encyclopedia of Criminal Psychology Robert D. Morgan, 2019-04-25 The SAGE Encyclopedia of Criminal Psychology will be a modern interdisciplinary resource aimed at students and professionals interested in the intersection of psychology e.g. social forensic clinical criminal justice sociology and criminology The interdisciplinary study of human behavior in legal contexts includes numerous topics on criminal behavior criminal justice policies and legal process crime detection and prevention eyewitness identification prison life offender assessment and rehabilitation risk assessment and management offender mental health community reintegration and juvenile offending The study of these topics has been increasing continually since the late 1800s with people trained in many legal professions such as policing social work law academia mental health and corrections This will be a comprehensive work that will provide the most current empirical information on those topics of greatest concern to students who desire to work in these fields This encyclopedia is a unique reference work that looks at criminal behavior primarily through a scientific lens With over 500 entries the book brings together top empirically driven researchers and clinicians across multiple fields psychology criminology social work and sociology to explore the field

Handbook of Violence Risk Assessment Kevin S. Douglas, Randy K. Otto, 2020-12-29 The Handbook of Violence Risk Assessment Second Edition builds on the first edition's comprehensive discussion of violence risk assessment instruments with an update of research on established tools and the addition of new chapters devoted to recently developed risk assessment tools Featuring chapters written by the instrument developers themselves this handbook reviews the most frequently used violence risk assessment instruments both actuarial and structured professional judgment that professionals use to inform and structure their judgments about violence risk Also included are broader chapters that address matters such as the consideration of psychopathy and how the law shapes violence risk assessment Already the primary reference for practitioners researchers and legal professionals in this area this second edition's easy to access comprehensive and current information will make it an indispensable reference for those in the field
