teacher healer and author Michael Mirdad *An Introduction to Tantra and Sacred Sexuality* reassures readers that despite the rising number of relationship breakups and increase in issues around intimacy there are ways to solve these dilemmas and return sexuality to its rightful place as a means of expressing love A growing number of people are seeking a solution to their intimacy issues and have turned to books and seminars on relationships only to find them lacking a thorough comprehension and or coverage of the topic of intimacy Some counselors and teachers even treat intimacy as a taboo subject as if to fear treading on cursed grounds Nevertheless the public is refusing to be turned away They want to know more about how to capture or re capture intimacy passion and a greater sense of sacredness in their sexual experience This new book which blends several ancient and modern concepts of sacred sexuality covers these topics like no other Even the most respected teachers of Tantra Taoist Sexuality and modern Sex Therapy are praising this book as one of the most profound and important books on the subject

Journey Into Consciousness Charles Breaux, 1998 In the present book the author introduces the Tantric methods of Tibetan Buddhism and draws correlations between this practice and the teachings of Carl Jung In a clear concise style Breaux points out how many psychological truths are woven into the fabric of the Tantric doctrine The language of the Tantra is visionary abounding in symbols and metaphors produced spontaneously in the meditations of ancient yogis At the heart of tantra is the experience of a divine power within the human being that can be awakened The format of the book begins in the root chakra and follows the path of your psychological and spiritual continuum up through the chakras Each chapter includes a meditation practice employing Tibetan Tantric Deities and procedures Although not a substitute for a genuine Tantric teacher the book will enable readers to experience the tantra through suggested meditation You enter the light within when you step outside of your own shadow The basic drive to remember your essential nature surges beneath all your fears desires and preconceptions Although they approach this process from opposite sides of the world both Tantra and Jungian psychology aspire to fathom this mysterious process and create the necessary conditions so spiritual transformation can occur
