Sexual Life in Sweden Hans Zetterberg, 2021-10-14 Now available in English *Sexual Life in Sweden* is a classic piece of sex research by one of Sweden's most distinguished social scientists Sponsored by the Royal Commission on Sex Education more than thirty years ago it remains the only study of sexual behavior in a randomly selected adult population sample ever funded by a government Because an astonishing response rate was achieved 91 percent during the course of Zetterberg's research the claim that Sweden is one of the few countries where generalizations about national sexual behavior can be made may be stated with confidence Zetterberg's study matches the gender of interviewers to that of subjects From a theoretical perspective Zetterberg analyzes the change in Sweden from a restrictive to a contraceptive society The study makes it clear that with over 1 000 acts of intercourse for every live birth 90 percent of sexual activity between consenting adults in modern Sweden does not result simply for procreation Nevertheless the research yields a picture of a highly responsible society Zetterberg explores the emergence of two powerful new norms when having sex you must use contraception and when in an existing sexual relationship you must not start another one He also examines the issue of abortion as part of a concept of social justice The author compares the behavior of those who experience an unwanted pregnancy with those who do not and explains that abortion is seen by Swedes as part of the provision of the welfare and social justice system Included is an examination of the sexual behavior of young people the age of their first sexual experience the circumstances surrounding it whether positive parental involvement in their children's lives has any influence on their sexual conduct and sex education programs in the schools This translation of Zetterberg's study has been prepared by British sociologist Graham Fennell who also authored a new introduction positioning Zetterberg's work in the history of sex research and comparing its findings with contemporary studies in Scandinavia Western Europe and North America In light of the ongoing controversies about sex education its conclusions remain relevant to policy discussions today The Sexual Life Charles William Malchow, 1914 Sexual Life In Ancient Greece Hans Licht, 2013-10-28 First published in 2001 From Ancient Greece modern Western civilisation has derived many of its artistic philosophical and political ideas But in certain areas of sexual tolerance and inventiveness we still have much to learn from the land and age which produced the most flourishing and creative culture of the ancient world Professor Hans Licht in this erudite and fascinating book discusses in full every aspect of the Ancient Greek's sexual life *Sexual Life In Ancient Rome* Otto Kiefer, 2012-11-12 First published in 2001 The psychological basis of the Roman Empire was a ruthless frequently sadistic will to power This impulse is highly manifest in Ancient Roman attitudes towards sex After describing women's position in Roman society Kiefer skilfully surveys

the crypto sexual satisfaction derived by Romans from a range of activities Meyer,1971 **Sexual Life in Ancient China en India** Gulik,2023-07-24 *Sexual Life in Ancient India* Johann Jakob

to Modern Civilization Iwan Bloch,2023-08-11 **The Sexual Life of English** Shefali *The Sexual Life of Our Time in Its Relations*

Chandra,2012-05-02 Chandra explores how English became an Indian language during the colonial period of 1850 1930

Using archival and literary sources she focuses on elite language education for girls and women *The Sexual Life of the Child* Albert Moll,2019-11-22

In *The Sexual Life of the Child* Albert Moll presents a pioneering exploration of childhood sexuality that challenges contemporary perceptions of sexual development in children Using a blend of psychoanalysis and empirical observation Moll delves into the natural sexual behaviors and instincts of children placing these within a broader framework of psychological growth His literary style is characterized by a methodical analysis employing case studies that underpin his arguments and situating his work within the burgeoning fields of child psychology and sexual education during the early 20th century This book stands out not only for its controversial subject matter but also for its ethical approach in examining the psycho sexual dynamics of children against the backdrop of Victorian and early modern attitudes toward sexuality and innocence Albert Moll 1862 1939 was a German psychiatrist and one of the early figures in sexology who sought to illuminate aspects of human sexuality that society often wished to repress or ignore His background in medicine and his interest in psychoanalytical theories led him to confront taboo topics including the sexual perceptions of children making him a controversial yet significant figure in the study of psycho sexual development Moll s work is informed by his experiences treating patients and his desire to educate society about the realities of childhood sexual development Readers interested in child psychology sexuality and the historical context of sexual education will find Moll s insights not only enlightening but also essential for understanding the complexities of human development

Avatar Adi Da Samraj,2008-10-16 The core practices of the emotionally and sexually balanced teachings on love intimacy and

sexual relationships from the Realized Master Avatar Adi Da Samraj Teaches how to overcome the emotional patterning that hinders healthy sexual relationships Presents a solitary yogic discipline to restore the bipolar integrity of the individual Shows how to entirely transcend emotional sexual patterns In all the domains of human life we now understand the need for an integration of body mind and spirit But despite this comprehension of the holistic nature of existence much of the teaching offered on sexuality even sacred sexuality concentrates on the physical practice to the detriment of emotional intimacy Avatar Adi Da Samraj explains that our emotional sexual life can only be made right through the process of restoring the bipolar balance of the body and by transcending the ego the illusory sense of separate existence He advocates that sexual practice initially become a solitary yogic discipline an embracing and reclaiming of one's own body to restore the bipolar integrity that is at the core of every human being Once this bipolar integrity is established he shows how a sexual practice of true intimacy free of clinging attachment is possible He also teaches that an unconscious early childhood reaction to the mother and father governs the emotional sexual life a reaction that must be understood and transcended The emotional sexual practices taught by Avatar Adi Da are centered in the understanding that love breaks the heart and show that learning how to have intimacy without ego based attachment is where profound practice begins *The Sexual Life of Our Time in Its Relations to Modern Civilization* Ivan Bloch, 2021-04-22 The author's aim in writing this book was to write a complete Encyclop dia on the sexual sciences and it will probably be acknowledged by all who study its pages that the author has accomplished his intention in a very scholarly manner and in such form as to be of great value to the professions for whom this translation is intended The subject is no doubt one which appeals to and affects the interests of all adult persons but the publishers have after very serious and careful consideration come to the conclusion that the sale of the English translation of the book shall be limited to members of the legal and medical professions To both these professions it is essential that a knowledge of the science of Sex and the various causes for the existence of abnormals should be ascertained so that they may be guided in the future in their investigations into and the practice of attempts to mitigate the evil which undoubtedly exists and to bring about a more healthy class of beings It is the first time that the subject has been so carefully and fully gone into in the English language and it is believed that the very exhaustive examination which the author has made into the matter and the various cases to which he has called attention will be of considerable use to the medical practitioner and also to the lawyer in criminal and quasi criminal matters and probably in matrimonial disputes and cases of insanity *Sexual Life In Ancient India V2* Johann Jakob Meyer, 2013-10-15 First Published in 2005 This is book attempts to give a true and vivid account of the life of woman in ancient India based upon the immense masses of material imbedded in the two great Epics the Mahabharata and the Ramayana **The Sexual Life of Savages in North-western Melanesia** Bronislaw Malinowski, 1929 **Blocks and Freedoms in Sexual Life** Ruth Skrine, 1997 Doctors increasingly recognize that sexual unhappiness has serious effects on the health of individuals and families Sexual function depends on our bodies and our
