Gerhard, 2013-06-01 Judy Chicago's monumental art installation *The Dinner Party* was an immediate sensation when it debuted in 1979 and today it is considered the most popular work of art to emerge from the second wave feminist movement Jane F. Gerhard examines the piece's popularity to understand how ideas about feminism migrated from activist and intellectual circles into the American mainstream in the last three decades of the twentieth century More than most social movements feminism was transmitted and understood through culture art installations *Ms Magazine* *All in the Family* and thousands of other cultural artifacts But the phenomenon of cultural feminism came under extraordinary criticism in the late 1970s and 1980s Gerhard analyzes these divisions over

whether cultural feminism was sufficiently activist in light of the shifting line separating liberalism from radicalism in post 1970s America She concludes with a chapter on the 1990s when The Dinner Party emerged as a target in political struggles over public funding for the arts even as academic feminists denounced the piece for its alleged essentialism The path that The Dinner Party traveled from inception 1973 to completion 1979 to tour 1979 1989 to the permanent collection of the Brooklyn Museum 2007 sheds light on the history of American feminism since 1970 and on the ways popular feminism in particular can illuminate important trends and transformations in the broader culture

Interrogating the Sources conceptualizes contextualizes and maps a new kind of burgeoning scholarship that has grown up in recent decades This scholarship emerged in the margins of Feminist Studies and Biblical Studies and has yet to find a foothold in either one of these more established contexts In this book Esther Fuchs argues that in order to find an enduring stable place in the academe this scholarship requires a theoretical perspective Biblical Studies as a whole has not yet been sufficiently theorized as an academic field and currently consists of multiple disciplines relying for the most part on traditional scholarly discourses In this regard Feminist Biblical Studies is both a departure from and an important supplement to both Feminist Studies and Biblical Studies **Feminine Sentences** Janet Wolff, 2013-05-08 This new book integrates material drawn from a variety of sources feminist theory cultural and literary analysis sociology and art history in an original discussion of women's relationship to modern and post modern culture The essays in the book challenge the continuing separation of sociological from textual analysis in cultural and feminist theory and enquiry They address critically the question of women's writing exploring the idea that women may begin to define their own lives and construct their identities in a patriarchal culture through the very process of writing They also present a cogent defence of a feminist cultural politics including a politics of the body Beyond Feminist Aesthetics Rita Felski, 1989 Beyond Feminist Aesthetics has a dual focus First Rita Felski gives a critical account of current American and European feminist literary theory and second she offers an analysis of contemporary fiction by women drawing in particular on the genres of the autobiographical confession and the novel of self discovery in order to show that this literature raises questions for feminism that cannot be answered in terms of a purely gender based analysis Felski argues that the idea of a feminist aesthetic is a nonissue that feminists have needlessly pursued she suggests in contrast that it is impossible to speak of masculine and feminine subversive and reactionary literary forms in isolation from the social conditions of their production and reception The political value of such works of literature from the standpoint of feminism can be determined only by an investigation of their social functions and effects in relation to the interests of women in a particular historical context This leads her to argue for an interdisciplinary approach to the analysis of literature which can integrate literary and social theory and to develop such an approach by drawing upon the model of a feminist counter public sphere Rita Felski has produced a closely reasoned stimulating book that creates a new framework for discussing the relationship between literature and feminist politics It will interest students and teachers of women's studies comparative literature cultural studies and fiction **Feminist Literary and Cultural Criticism** Java Singh, 2022-06-19 Feminist Literary and Cultural Criticism explores inter disciplinary connections across Cultural Anthropology Geography Psychology and feminist literary criticism to develop a theoretical
