Pulp Vietnam Gregory A. Daddis, 2020-10-22 In this compelling evaluation of Cold War popular culture Pulp Vietnam explores how men's adventure magazines helped shape the attitudes of young working class Americans the same men who fought and served in the long and bitter war in Vietnam The macho pulps boasting titles like *Man's Conquest* *Battle Cry* and *Adventure Life* portrayed men courageously defeating their enemies in battle while women were reduced to sexual objects either trivialized as erotic trophies or depicted as sexualized villains using their bodies to prey on unsuspecting innocent men The result was the crafting and dissemination of a particular version of martial masculinity that helped establish GI's expectations and perceptions of war in Vietnam By examining the role that popular culture can play in normalizing wartime sexual violence and challenging readers to consider how American society should move beyond pulp conceptions of normal male behavior Daddis convincingly argues that how we construct popular tales of masculinity matters in both peace and war

understood While shelves of books examine the fall of the Alamo and the revolutionary victory at San Jacinto surprisingly little sustained attention has been given to the chaotic period from the early to late spring of 1836 when many settlers fled their homes in the face of Santa Anna's advancing forces In the final months of the rebellion turned revolution fear of defeat prompted larger questions of what it meant to be a man or woman in an environment of wartime retreat In *Run for Your Lives* historian Linda English opens a new window into the Runaway Scrape exploring the events and rhetoric through the lens of gender English identifies the central question looming over men and women alike Were you doing enough to support the rebellion Texas men faced the pressure to be manly not to turn away or retreat but to meet the enemy on the battlefield As demoralizing losses stacked up the rhetorical appeals of Anglo Texan authorities employed even more fervent language casting the enemy as depraved and a threat to the innocent women and children of the state Appeals to masculinity also intensified with fear mongering references to potential Indian attacks At the same time while many women ceded leadership decisions to their male counterparts an increasing number competed for power and more decisive leadership within refugee groups Accusations of authoritative or brazen women acting like men and weak or unmanly men acting like women abounded in an apparent scrambling of gender expectations But as English argues a closer examination of the heated gendered rhetoric indicates that it was delivered with a goal in mind recruiting converts and enlistments to the cause Nevertheless shifting of attitudes or expectations also proved short lived Postwar peace realigned the gender landscape underscoring the temporary nature of revolutionary gender roles
