Maureen Baker,1995-01-01 With poverty unemployment and one parent families on the rise in most Western democracies government assistance presents an increasingly urgent and complex problem This is the first study to explore Canada s family policies in an international context Maureen Baker looks at the successes and failures of social programs in other countries in search of solutions that might work in Canada Baker has chosen seven industrialized countries for her comparative study Australia France Germany The Netherlands Sweden the United Kingdom and the United States These countries experience social and economic strains similar to those felt in Canada and though they share certain policy solutions major differences in policy remain Baker considers which of the policies in these countries are most effective in reducing poverty enhancing family life and improving the status of women then applies her findings to the Canadian situation Bringing together research and statistics from the fields of demography political science economics sociology women s studies and social policy this rich multidisciplinary study provides a unique resource for anyone interested in Canadian family policy *New Feminist Stories of Child Sexual Abuse* Paula Reavey,Sam Warner,2003 Child sexual abuse is a multifaceted event interpreted in many different ways in many different contexts In *New Feminist Stories of Child Sexual Abuse*

contributors try to untangle some of the complex ways in which stories of child sexual abuse are translated through and into personal professional and social politics The first section of the book explores the cultural and political landscape of child sexual abuse in Western and non Western contexts It examines the ways in which radical aspects of feminism can be undermined in Western cultures and how Westernised ideologies of childhood sex and gender have been used to structure discussions about child sexual abuse across the world The second section traces the effects of these wider cultural and political narratives through the various contexts in which child sexual abuse is theorised and around which interventions in the lives of women are structured It provides insights into how traditional approaches to understanding harm can be challenged and reworked in practice using alternative therapeutic models based on feminist post structuralist agendas Reworking earlier feminist analyses *New Feminist Stories of Child Sexual Abuse* asks pertinent questions about how child sexual abuse is produced rather than merely represented in the ways we speak about it *Children's Rights: Progress and Perspectives*

The Effect of Children on Parents Anne Marie Ambert, 2014-05-22. Recognize the hidden costs and rewards of childrearing. *The Effect of Children on Parents* Second Edition thoughtfully explores the interactions by which parents and children change develop and sometimes affect each other negatively. Everyone knows that parents influence their children but few people consider the ways in which children affect their parents. The love satisfaction and fulfillment children offer can change parents' lives. So can the stress worry and financial drain. *The Effect of Children on Parents* Second Edition honestly confronts these long neglected issues of family dynamics. Taking a unique interdisciplinary approach this book describes in great detail with jargon free language the various aspects of children's effects on their parents. This second edition contains an abundance of fresh information including nine entirely new chapters that deal with such complex topics as the effects on parents of children with emotional behavioral and delinquency problems. *The Effect of Children on Parents* Second Edition asks and answers essential questions on the parent-child dynamic including what role does genetic inheritance play in children's responses to their parents how do peers influence children and through them their parents what happens to parents when children are difficult or have emotional problems what special considerations apply to minority or adoptive parents how do adult children affect their aging parents how does society support or undermine parents what roadblocks prevent parents from being as effective as they would like to be. *The Effect of Children on Parents* Second Edition takes a brave look at this often ignored area of family dynamics giving a richer more complex and ultimately more healing view of how humans interact in families. Professors students and experts in the fields of child development family studies and sociology of childhood and family will find this book a sophisticated tool in their desire to better understand and help families and children.

Due Process and Victims' Rights Kent Roach,1999-01-01 A critical examination of the dramatic changes in criminal justice over the last two decades and the first full length study of the law and politics of criminal justice in the era of the Charter and victims rights

Rethinking Criminal Law Theory Francois Tanguay-Renaud,James Stribopoulos,2012-01-10

In the last two decades the philosophy of criminal law has undergone a vibrant revival in Canada. The adoption of the Charter of Rights and Freedoms has given the Supreme Court of Canada unprecedented latitude to engage with principles of legal moral and political philosophy when elaborating its criminal law jurisprudence. Canadian scholars have followed suit by paying increased attention to the philosophical foundations of domestic criminal law. Because of Canada's leadership in international criminal law both at the level of the International Criminal Court and of specific war crimes tribunals they have also begun to turn their attention to international criminal law per se. This collection seeks to bring all these Canadian voices together for the first time and evidence the fact that criminal law theory is no longer to be associated exclusively with the older British, German and American traditions. The topics covered include questions of philosophical methodology, the legitimate scope of domestic and international criminalization, rationales for criminal law defences in both domestic and international law, the philosophical underpinnings of specific crimes and forms of joint responsibility as well as the theorization of criminal procedure and evidence law.

ENDORSEMENTS

In continental Europe academic commentary on the criminal law has long manifested large philosophical ambitions. Less so in common law countries where the dominance of jury trial and the piecemeal development of case law together with the famously robust attitudes of common lawyers have militated against detailed philosophical engagement with doctrine. Over the last 20 years or so however new generations of philosophically literate lawyers and legally informed philosophers have overcome the historic resistance. Nowhere more so it seems than in Canada where the common law and civilian traditions meet. In *Rethinking Criminal Law Theory* François Tanguay Renaud and James Stribopoulos have joined with 14 talented Canadian colleagues to showcase the tremendous breadth and depth of their contemporary national contribution to the subject. Ranging across topics as diverse as emergency, obscenity and insanity these essays without exception insightful and penetrating set a high standard for the rest of us to aspire to. John Gardner, University of Oxford.

Rethinking Criminal Law Theory is an excellent collection of essays demonstrating the vigour, creativity and range of Canadian criminal justice scholarship. It covers a wide range of problems and issues both in the domestic and the international context. Core questions are examined in depth and new questions are brought to the fore. I recommend it very highly to criminal lawyers and philosophers of the criminal law. Professor Victor Tadros, University of Warwick.

Rethinking Criminal Law Theory is packed with outstanding contributions from criminal law theorists who are among the best not only in Canada but in the whole English speaking world. Broad and deep in its coverage the collection offers fresh approaches to a wide range of cutting edge issues in the field. It provides a resource readers will come back to repeatedly. Stuart Green, Professor of Law and Justice, Nathan L. Jacobs Scholar, Rutgers University.
