

as seen through sex roles in an urban senior citizens center has historical depth, theoretical sophistication, and humanity.

Part Three: "Dual Aspects of Women: Archetypic Destruction" contains two articles, both dealing with negative aspects of women's images. "Radical Yoruba Female Sexuality: The Witch and Prostitute" analyzes the portrayal of women in contemporary Yoruba theater. It is a most unusual account of modern literature of a tribal people, an aspect of culture change seldom described by anthropologists. "Jive Dope Fiend Whores: In the Street and in Rehabilitation" is a provocative analysis of the psychological and historical image of the black drug-addicted prostitute. Both articles are excellent.

This book suffers from the typical shortcomings of a collection of symposium papers. The articles included in the collection fail to encompass the scope of the subject matter; some areas are overrepresented, and others are neglected. The articles vary in quality. Each of the three sections could easily be expanded into a book.

The editorial introduction summarizes the material to be presented but does not go much beyond that task. The book lacks a comprehensive theoretical orientation, probably because one does not exist at present. The addition of a concluding section summarizing the state of the science in this field would have been a valuable addition to the book. However, the book contains an interesting collection of articles on a neglected aspect of women's roles. Scholars will find it interesting and teachers will find it a valuable source for lectures and readings in a variety of women's studies courses.

SEXUAL EXCITEMENT/SEXUAL PEACE: THE PLACE OF MASTURBATION IN ADULT RELATIONSHIPS. Suzanne Sarnoff and Irving Sarnoff. New York: M. Evans & Co., 1979 (319 pages, \$12.50).

The Sarnoffs have two goals for their provocative book: first to provide "a systematic and comprehensive formulation of the implications of masturbation for two basic sources of human realization—love and creativity," and second, "to understand the effects of our own masturbatory urges, inhibitions and conflicts on our individual lives and on our marriage."

Unfortunately for all concerned, their theoretical formulations are wordy, imprecise and weighted with popular humanistic and depth-psychology jargon. Their first-person self-disclosures, by contrast, are detailed, clear and extraordinarily honest, and seem indeed to have helped the Sarnoffs better understand themselves and each other. Too often, however, they generalize their own "urges, inhibitions and conflicts" to the rest of us.

The book's first chapters discuss motives for masturbation, fantasy and orgasm. Subsequent chapters present a developmental analysis of the uses and

Hobbes on Sex Susanne Sreedhar, 2025-07-16 Why care what Hobbes thought about sex Contemporary scholars have largely dismissed Hobbes's brief and somewhat scattered remarks about gender and sexuality as peripheral to his central concerns In *Hobbes on Sex* the first book length study of Hobbes's writings on these topics Susanne Sreedhar challenges this dismissal Far from being haphazard or tangential Hobbes's views on sex are integral to his broader philosophical political project Drawing out the underlying logic of his claims this volume reconstructs a coherent substantive and distinctive account of sexual normativity from Hobbes's various remarks It argues that in stark contrast to many of his contemporaries and the traditions from which he emerges Hobbes is logically committed to a view it calls sexual positivism According to Hobbes the nature and status of gender and sexuality from the proper organization of marriage and the family to prohibitions on sexual behaviors to the differences between men and women to the legitimacy of female rule are entirely a matter of positive i.e. civil law Because matters of

gender and sexuality are the result of human action for Hobbes they are fundamentally contingent and revisable This contingency stands in contrast with the pervasive and entrenched ways both natural patriarchalism and sexual moralism were enthroned in much of early modern political theorizing The volume argues that Hobbes s sexual positivism dethrones sex from its usual prominent position in the history of philosophy By systematically stripping gender and sexuality of their privileged status whether as a source of normativity or as a topic of inquiry this dethroning of sex strikes at the heart of beliefs about human nature moral knowledge and social and political institutions that are widely accepted even today This novel interpretation of Hobbes s views on sexual normativity not only challenges traditional understandings of the trajectory of early modern political thought but it also suggests a new understanding of his place in the intellectual history of sex

Sex and Love in the Home, Second Edition David M. McCarthy, 2011-01-01 This book inaugurates a completely new way of thinking about the ethics of marriage and sex I know of no book on the subject more promising than what McCarthy has achieved here Stanley Hauerwas Gilbert T Rowe Professor of Theological Ethics Duke University Much has been written in Christian theology about sex love and procreation but their social meanings and contributions are much more rarely addressed McCarthy now takes this greatly neglected task eloquently connecting the Christian household to the common good All those who want to realize the social vocation of the Christian family will find in this work a rich and challenging resource for understanding and for life Lisa Sowle Cahill J Donald Monan Professor of Theology Boston College Drawing on his own experience of learning how to be a husband and father David Matzko McCarthy offers wonderfully incisive and readable reflections on the habits of the household a neighborly space which resists consumerism and enables sexual relationships to be ordinary meaningful and passionate If you think that all that Christian theology has to say about sex and relationships is twaddle about complementarity and family values then this is the book for you Gerard Loughlin Senior Lecturer in Religious Studies University of Newcastle upon Tyne *The 6th correct tradition of the Prophetic Sunna*
