Sexual Magic:

Magia Sexualis Hugh B. Urban, 2006-10-04 Sexuality and the occult arts have long been associated in the western imagination but it was not until the nineteenth century that a large and sophisticated body of literature on sexual magic the use of sex as a source of magical power emerged This book the first history of western sexual magic as a modern spiritual tradition places these practices in the context of the larger discourse surrounding sexuality in American and European society over the last 150 years to discover how sexual magic was transformed from a terrifying medieval nightmare of heresy and social subversion into a modern ideal of personal empowerment and social liberation Focusing on a series of key figures including American spiritualist Paschal Beverly Randolph Aleister Crowley Julius Evola Gerald Gardner and Anton LaVey Hugh Urban traces the emergence of sexual magic out of older western esoteric traditions including Gnosticism and Kabbalah which were progressively fused with recently discovered eastern traditions such as Hindu and Buddhist Tantra His study gives remarkable new insight into sexuality in the modern era specifically on issues such as the politics of birth control the classification of sexual deviance debates over homosexuality and feminism and the role of sexuality in our own new world of post modern spirituality consumer capitalism and the Internet

Sexual Magic Paschal Beverly Randolph, Hidden Intercourse Wouter J. Hanegraaff,Jeffrey Kripal,2008-12-31 From rumours about gnostic orgies in antiquity to the explicit erotic symbolism of alchemical texts from the subtly coded eroticism of medieval kabbalah to the sexual magic practiced by contemporary occultists and countercultural translations of Asian Tantra the history of Western esotericism is rich in references to the domains of eros and sexuality This volume which brings together an impressive array of top level specialists is the first to analyze the eroticism of the esoteric without sensationalism or cheap generalizations but on the basis of expert scholarship and attention to textual and historical detail While there are few other domains where the imagination may so easily run wild the various contributions seek to distinguish fact from fiction only to find that historical realities are sometimes even stranger than the fantasies In doing so they reveal the outlines of a largely unknown history spanning more than twenty centuries

Secrecy Hugh B. Urban, 2021-01-12 The powers of political secrecy and social spectacle have been taken to surreal extremes recently Witness the twin terrors of a president who refuses to disclose dealings with foreign powers while the private data of ordinary citizens is stolen and marketed in order to manipulate consumer preferences and voting outcomes We have become accustomed to thinking about secrecy in political terms and personal privacy terms In this bracing new work Hugh Urban

wants us to focus these same powers of observation on the role of secrecy in religion With Secrecy Urban investigates several revealing instances of the power of secrecy in religion including nineteenth century Scottish Rite Freemasonry the sexual magic of a Russian born Parisian mystic the white supremacist Br derSchweigen or Silent Brotherhood movement of the 1980s the Five Percenters and the Church of Scientology An electrifying read Secrecy is the culmination of decades of Urban s reflections on a vexed ever present subject

The Routledge

Handbook of Religion and Secrecy Hugh B. Urban,Paul Christopher Johnson,2022-03-29 Secrecy is a central and integral component of all religious traditions Not limited simply to religious groups that engage in clandestine activities such as hidden rites of initiation or terrorism secrecy is inherent in the very fabric of religion itself Its importance has perhaps never been more acutely relevant than in our own historical moment In the wake of 9 11 and other acts of religious violence we see the rise of invasive national security states that target religious minorities and pose profound challenges to the ideals of privacy and religious freedom accompanied by the resistance by many communities to such efforts As such questions of secrecy privacy surveillance and security are among the most central and contested issues of twenty first century religious life The Routledge Handbook of Religion and Secrecy is the definitive reference source for the key topics problems and debates in this crucial field and is the first collection of its kind Comprising twenty nine chapters by a team of international

contributors the Handbook is divided into five parts Configurations of Religious Secrecy Conceptual and Comparative Frameworks Secrecy as Religious Practice Secrecy and the Politics of the Present Secrecy and Social Resistance Secrecy Terrorism and Surveillance This cutting edge volume discusses secrecy in relation to major categories of religious experience and individual religious practices while also examining the transformations of secrecy in the modern period including the rise of fraternal orders the ongoing wars on terror the rise of far right white supremacist groups increasing concerns over religious freedom and privacy the role of the internet in the spread and surveillance of such groups and the resistance to surveillance by many indigenous and diasporic communities The Routledge Handbook of Religion and Secrecy is essential reading for students and researchers in religious studies comparative religion new religious movements and religion and politics It will be equally central to debates in the related disciplines of sociology anthropology political science security studies and cultural studies

The Eloquent Blood Manon Hedenborg White, 2020 The Eloquent Blood focuses on the changing construction of femininity and feminine sexuality in interpretations of the goddess Babalon A central deity in Thelema the religion founded by the notorious British occultist Aleister Crowley 1875 1947 Babalon is based on Crowley's favorable reinterpretation of the biblical Whore of Babylon and is associated with liberated female sexuality and the spiritual ideal of passionate union with existence Combining research on historical and contemporary Western esotericism with feminist and queer theory the book sheds light on the ways in which esoteric movements and systems of thought have developed over time in relation to political movements

Occultism in a Global Perspective Henrik Bogdan, Gordan Djurdjevic, 2014-09-11 The study of the ideas and practices associated with occultism is a rapidly growing branch of contemporary scholarship However most research has focused on English and French speaking areas and has not addressed the wider spread and significance of occultism Occultism in a Global Perspective presents a broad international overview Essays range across the German magical order of the Fraternitas Saturni esoteric Satanism in Denmark sexual magic in Colombia and the reception of occultism in modern Turkey India and the former Yugoslavia As any other form of cultural practice the occult is not isolated from its social discursive religious and political environment By studying occultism in its global context the book offers insights into the reciprocal relationships that colour and shape regional occultism

The Cambridge Handbook of Western Mysticism and Esotericism Glenn Alexander Magee, 2016-04-18 Mysticism and esotericism are two intimately related strands of the Western tradition Despite their close connections however scholars tend to treat them separately Whereas the study of Western mysticism enjoys a long and established history Western esotericism is a young field The Cambridge Handbook of Western Mysticism and Esotericism examines both of these traditions together The volume demonstrates that the roots of esotericism almost always lead back to mystical traditions while the work of mystics was bound up with esoteric or occult preoccupations It also shows why mysticism and esotericism must be examined together if either is to be understood fully Including contributions by leading scholars this volume features essays on such

topics as alchemy astrology magic Neoplatonism Kabbalism Renaissance Hermetism Freemasonry Rosicrucianism numerology Christian theosophy spiritualism and much more This Handbook serves as both a capstone of contemporary scholarship and a cornerstone of future research *Handbook of Contemporary Paganism* Murphy Pizza, James R. Lewis, 2009 Contemporary Paganism is a movement that is still young and establishing its identity and place on the global religious landscape The members of the movement are simultaneously growing unifying and maintaining its characteristic diversity of traditions identities and rituals The modern Pagan movement has had a restless formation period but has also been the catalyst for some of the most innovative religious expressions praxis theologies and communities As Contemporary Paganism continues to grow and mature new angles of inquiry about it have emerged and are explored in this collection This examination and study of contemporary Paganism contributes new ways to observe and examine other religions where innovations paradoxes and inconsistencies can be more accurately documented and explained
