Sexual Subjects Lesbians Gender And Psychoanalysis:

Sexual Subjects Adria E. Schwartz, 1998 First Published in 1998 Routledge is an imprint of Taylor Francis an informa company Sexual Subjects Adria E. Schwartz, 2013-08-21 Sexual Subjects a psychoanalytic book informed by gender theory queer theory and feminism addresses the tensions inherent in writing about lesbians and sexuality in the postmodern age Adria Schwartz masterfully intertwines clinical anecdotes with engaging theoretical questions that examine the construction of important categories of identity woman feminist mother lesbian and homo hetero bisexual Schwartz also addresses specific issues which are problematic but nonetheless meaningful to self identified lesbians such as roles in gender play lesbian bed death and raising non traditional families Written from a psychoanalytic and postmodern perspective this book is a significant contribution to the work done on the conceptualization of lesbian sexuality and identity **That Obscure Subject of Desire** Ronnie Lesser, Erica Schoenberg, 2013-11-12 An interdisciplinary collection of papers on Freud's sixth and final case psychogenesis of a case of homosexuality in a woman To date this case has received very little attention which can be seen as a sign of the marginalization of lesbians in both psychoanalytic theory and culture This text seeks to rectify this neglect providing a forum where questions surrounding this case can be discussed This edition first published in 1999 Routledge is an imprint of Taylor Francis an informa company **What Do Mothers Want?** Sheila F. Brown, 2013-05-13 What do mothers want and need from their parenting partners their extended families their friends colleagues and communities And what can mental health professionals do to help them meet their daunting responsibilities in the contemporary world The talented contributors to What Do Mothers Want address these questions from perspectives that encompass differences in marital status parental status gender and sexual orientation Traversing the biological psychological cultural and economic dimensions of mothering they provide a compelling brief on the perplexing choices confronting mothers in the contemporary world Of course mothers most basically want their children to be safe and healthy But to this end they want and need many things caring partners intergenerational and community support a responsive workplace public services and opportunities to share their experiences with other mothers And they want their feelings and actions as mothers to be understood and accepted by those around them and by society at large The role of psychotherapy in reaching these latter goals is taken up by many of the contributors They reflect on the special psychological challenges of pregnancy birth and the arrival of a newborn into a couple's whether hetero or homosexual life and they address new venues of therapeutic assistance such as brief low cost therapy for at risk mothers and infants and group interventions to help couples grow into the new role of parental couples **Sexualities** Alessandra Lemma, Paul E. Lynch, 2015-06-05 Sexualities Contemporary Psychoanalytic Perspectives presents a broad selection of contemporary psychoanalytic thinking on sexuality from a wide range of psychoanalytic traditions Sexuality remains at the heart of much psychoanalytic theory and practice but it is a complex and controversial subject Edited by Alessandra Lemma and Paul E Lynch this volume includes a range of

international contributions that examine contemporary issues and trace common themes needed to understand any sexuality including the basics of sexuality and the myriad ways in which sexuality is lived The clinical examples provided here demonstrate contemporary psychoanalytic techniques that uncover meanings that are both fresh and enlightening and address heterosexuality homosexuality gender and perversion from a psychoanalytic perspective Divided into four parts the book includes the following Historical context Foundational concepts Contemporary elaborations Homosexuality Perversion revisited Throughout Sexualities Contemporary Psychoanalytic Perspectives the reader will find psychoanalytic wisdom that is transferrable to work with patients of all sexualities and will see that the essentials of sexuality may be more similar than they are different for homo and hetero sexuality Psychoanalysts and psychoanalytic psychotherapists as well as academics interested in the subjects of psychoanalysis gender sexuality or homosexuality will find this book an invaluable resource

Alessandra Lemma PhD is Director of the Psychological Therapies Development Unit at the Tavistock and Portman NHS Foundation Trust She is a Fellow of the British Psychoanalytic Society and Visiting Professor in the Psychoanalysis Unit University College London She is a Consultant Adult Psychotherapist at the Portman Clinic where she specializes in working with transsexuals She has published extensively on psychoanalysis the body and trauma Paul E Lynch MD is on the faculty of the Boston Psychoanalytic Society and Institute the Massachusetts Institute for Psychoanalysis and the China American Psychoanalytic Alliance He teaches about psychoanalysis gender and sexuality and has been a popular speaker on issues of homosexuality and psychoanalysis He is also a Clinical Instructor of Psychiatry at the Tufts University School of Medicine

Understanding Adoption Diana Siskind, Kathleen Hushion, Susan B. Sherman, 2006-08-31 Adoption is a transformational process bringing parenthood to those who long for but cannot bear children and giving stranded children home family and their place in the world But every adoption is preceded and followed by its story and when these stories are told in the offices of psychotherapists we begin to understand the impact of adoption in all its complexity We learn from parents how their quest to have and raise a child has played out in real life and what shadows might have fallen between the dream and the reality And we learn from the children the many ways that being adopted shaped their development their sense of identity what went wrong along the way and how we may help Clinical work with parents and children as well as with adults who were adopted is the focus of *Understanding Adoption* Because adoption has become widely practiced accepted and accessible and because it has greatly changed the composition of families it is a timely subject for study The authors of this book undertake exploration of this important terrain of loss and connection and of the fragility and resilience of human bonds

Taking a Hard Look Amanda du Preez, 2009-05-27 It is the aim of this edited volume to take a hard look at gender and visual culture Gender and visual culture traverse in quite unique and often fascinating ways On the one hand gender functions as an interdisciplinary approach and critical tool to analyse and investigate several subject fields As such gender contributes to establishing a much needed theoretical and functional platform spanning across many fields of enquiry from where gender practices can effectively be critiqued and ideally changed On the other hand the growing popularity and ubiquity of visual culture in a global context create the increasing need to reflect on and interrogate this phenomenon in an academic manner Although Visual Culture Studies is an established subject at many Northern institutions it is fairly new and relatively under theorised in the South In response to the growing need to investigate issues dealing with gender and visual culture and particularly how they creatively intersect this selection

of chapters first presented as papers at the Taking a Hard Look Gender and Visual Culture international conference 20 21 June 2007 Institute for Gender and Women s Studies University of Pretoria South Africa are collected here in the hope to make a purposeful contribution to the burgeoning discourse However by addressing the creative intersection between gender and visual culture this edited volume is no novelty In fact the topic of gender and visual culture has been addressed over the past decade in several edited volumes It is in this proud tradition that this book aims to take its place and to create a dialogue with international theory on gender and visual culture studies from a South perspective Key questions that are explored in the volume What type of gendered visual culture is being presented and created in the South particularly but not exclusively How is visual culture gendered Can one refer to a move beyond gender in terms of a trans gendered visual culture or are we still caught up in the same debilitating role models How does one address the ever increasing alienation between gender studies and the younger generation of students and scholars moving into higher education What is the role of gender as interdisciplinary tool in the academic analysis of visual culture as it spans across several subjects such as science social work technology psychology medicine philosophy sociology engineering communication economics religious studies business management anthropology geography historical studies cultural and media studies visual studies art history and literature studies

Lesbian Love and Relationships Suzanna Rose,2013-09-13 Explore the broad range of healthy lesbian attitudes and behaviors in love friendship self image and society This pioneering book makes a revolutionary assumption that lesbian and bisexual women are normal if not average Instead of focusing on which family or genetic quirks might produce lesbians these studies turn attention to describing the healthy ways lesbians interact with each other with heterosexual women and with society The result is a significant exploration of uncharted territory Lesbian Love and Relationships examines the lives of lesbian and bisexual women from adolescence to old age addressing issues of class and race as well as sexual orientation It encompasses theory empirical research and memoir on such diverse topics as physical appearance cross generational friendships butch femme issues and lesbian sexuality It also looks at such difficult and painful issues as lesbian domestic violence and the impact of homophobia on lesbian couples Lesbian Love and Relationships asks personal political and psychological questions including how do young lesbians find each other what makes successful lesbian relationships last how does social class affect African American lesbian relationships what was it like growing up lesbian in the South during World War II does lesbian bed death exist This compendium offers exciting original research in a neglected field Lesbian Love and Relationships is an essential resource for anyone interested in women s lives and sexuality as well as scholars in the field

Midlife Lesbian Relationships Marcy R Adelman, 2020-09-23 What awaits lesbians at middle age *Midlife Lesbian Relationships* explores the rich world of lesbian relationships at midlife from dating through the loss of parents and describes the central relationship between who we are as adults and our connections with friends lovers parents and children *Midlife Lesbian Relationships* will help lesbians and the professionals who counsel them navigate and understand the midlife transition Offering both theoretical and descriptive

material this timely work discusses the difficulties of stigma and the strengths of female same sex relationships providing insight into the challenges lesbians find at middle age *Midlife Lesbian Relationships* provides insight into the challenges and solutions of middle age for lesbians discussing friendships dating and courtship couple relationships and the key ingredients that strengthen and deepen them parenting young children and the influence of lesbian midlife maturation on confidence and satisfaction in mothering substance abuse and the road to recovery the evolution of the bonds between these women and their biological families what many lesbians in middle age go through when their parents pass away including the easing of internalized homophobia *Midlife Lesbian Relationships* illustrates the commonalities and differences between lesbians and other women at midlife and illuminates how the interplay between middle age and relationships can contribute to midlife development Make this valuable volume part of your collection *Sexual Conversion Therapy* Jack Drescher, Ariel Shidlo, Michael Schroeder, 2018-10-08 Hear the other side of the story on sexual conversion therapy In their fervor to fix homosexuals practitioners of sexual conversion therapies have often overlooked or completely dismissed the possible psychological and social side effects of such treatments *Sexual Conversion Therapy Ethical Clinical and Research Perspectives* works to counterbalance the clinical and ethical omissions of overzealous therapists who have focused on efficacy and outcome at the expense of their patients self esteem *Sexual Conversion Therapy* features first person accounts of patients and clinicians including psychotherapists who themselves have undergone treatments ranging from psychoanalysis to religious faith healing to aversion behavior conditioning and even electroshock therapy In addition to examining the history and ethics of conversion therapy the book presents empirical data on current practice and recovery processes for survivors of failed conversion attempts *Sexual Conversion Therapy* presents current perspectives on the harmful impact of sexual orientation interventions including *Cures A Gay Man s Odyssey* *Becoming Gay A Psychologist s Journey Through the Ex Gay Movement* *Therapeutic Antidotes* *Gay and Bisexual Men Recover from Conversion Therapies* *I m Your Handyman* *A History of Reparative Therapies* Nearly 30 years after the American Psychiatric Association removed homosexuality from the *Diagnostic and Statistical Manual of Mental Disorders* a small but dedicated group of mental health practitioners continues to diagnose and treat homosexuality as a mental illness *Sexual Conversion Therapy* is an essential alternative to the bulk of published material that champions treatments that produce a handful of heterosexuals cured of their illness while inflicting emotional and psychological damage on countless gay and lesbian patients who failed to convert *Gay and Lesbian Parenting* Jack Drescher, Deborah Glazer, 2001-08-29 Find sources of support for raising a nontraditional family in a straight world The experience of parenting is commonly overlooked in psychological theory and lesbians and gay men are not typically considered as parents or parents to be *Gay and Lesbian Parenting* examines the psychological issues related to developing family and becoming parents for gay men and lesbians Instead of pathologizing gay and lesbian families it explores the emotional growth and development issues inherent in child rearing Traditionally coming out as gay or lesbian

meant abandoning any hope of becoming a parent or keeping your children if you already had them. But with the gayby boom in full swing, more and more gay and lesbian couples are having new babies, adopting children, and continuing to raise the offspring of previous heterosexual relationships. Although gay and lesbian parents still face unique challenges in building and rearing a family, as well as the usual problems heterosexual couples encounter, *Gay and Lesbian Parenting* unflinchingly examines these concerns and offers positive suggestions and ideas for dealing with the difficulties. This life-affirming book takes a look at the practical and emotional realities of raising children in nontraditional family structures, including issues of kinship, shared motherhood, and possessiveness in lesbian couples; legal issues entailed by the lack of marriage and legal kinship; parenthood as a powerful force for personal growth and development; fatherhood as a process of creating connectedness in the family community; and place of worship. Original empirical research on the mental health of lesbians, children, the history of the gay and lesbian movement as it relates to child rearing, *Gay and Lesbian Parenting* affirms the power of gay and lesbian couples to raise healthy, happy children and to change and grow through their experience of parenting. This book is also essential for mental health professionals, from psychiatric nurses to psychiatrists who are working with the gay and lesbian community.
