**Sexual Underworlds of the Enlightenment** George Sebastian Rousseau, Roy Porter, 1987 De onderkant van Verlichting en tolerantie homo sexualiteit pornografie e d o a over Fanny Hill in de sociaal politieke context van de Britse 18e eeuw De relevante artikelen zijn afzonderlijk ontsloten **Sexual Underworlds of the Enlightenment** George S. Rousseau, 1988

**Sexual Outcasts, 1750-1850: Sexual anatomies** Ian McCormick, 2000 Sexual Outcasts presents a wide range of texts selected to illustrate the diversity of responses to the concealed body and to the secret or forbidden sexual practices of 1750 1850 Each volume follows the means by which prohibitions and taboos were produced and circulated The reader can therefore explore the processes that disciplined the representation of the body and the constuction of sexual outcasts This four volume set presents a wide range of textual material criminal reports scientific and medical publications newspaper items sex manuals guidebooks speculative accounts and case histories The variety of sources permits a multiple perspective on the body sexual drives gendered psychologies and perverse behaviour across the century **Sexual Perversions, 1670-1890** J. Peakman, 2009-07-30 A fascinating glimpse into the history of sexual perversions and diversions including fetishism cross dressing effeminate men and masculinized women sodomy tribadism masturbation necrophilia rape paedophilia flagellation and sado masochism asking how these sexual inclinations were viewed at a particular time in history

**Reading Sex in the Eighteenth Century** Karen Harvey, 2004 Publisher Description **Sex and Sexuality in Early America** Merril D. Smith, 1998-09 Sex and sexuality have always been the subject of much attention both scholarly and popular Yet accounts of the early years of the United States tend to overlook the importance of their influence on the shaping of American culture This book addresses this neglected topic with original research covering a wide spectrum from sexual behavior to sexual perceptions and imagery and more **Solitary Pleasures** Paula Bennett, Vernon Rosario, 2020-04-23 Solitary Pleasures is the first anthology to address masturbation exploring both the history and artistic representation of autoeroticism Masturbation today enjoys a highly equivocal and contradictory status among cultural discourses relating to sexuality On the one hand it is the subject of much popular treatment especially in sexual self help books advice columns and in pop culture for example Madonna s Like a Virgin performance a recent Roseanne episode and David Russell s movie Spanking the Monkey On the other hand masturbation is still a taboo subject for most people in everyday conversation Perhaps more surprising it has been largely dismissed by academics as a trivial humorous topic and the history of a delusion It was not until the eighteenth century that onanism was portrayed as a morbid act of epidemic proportions that produced pox hair loss blindness insanity impotence and a horrible Its prevention and treatment warranted diverse and often cruel measures surveillance diets drugs corsets electrical alarms urethral cauterization clitoridectomy and labial sewing This literature s apocalyptic warnings about the personal and social morbidity of pollution by the hand are largely unknown to most people today but the ghostly echoes of these admonitions still inform and preserve the present taboo of the subject Why

did this apparently innocuous activity become so overpoweringly stigmatized Why was the eradication of masturbation one of the most important goals of 19th century public hygiene Why even after the sexual revolution is masturbation still shrouded in shame

**The Penguin Social History of Britain** Roy Porter, 2001-11-01 A portrait of 18th century England from its princes to its paupers from its metropolis to its smallest hamlet The topics covered include diet housing prisons rural festivals bordellos plays paintings and work and wages

**What Pornography Knows** Kathleen Lubey, 2022-09-13 What Pornography Knows offers a new history of pornography based on forgotten bawdy fiction of the eighteenth century its nineteenth century republication and its appearance in 1960s paperbacks Through close textual study Lubey shows how these texts were edited across time to become what we think pornography is a genre focused primarily on sex Originally they were far more variable joining speculative philosophy and feminist theory to sexual description Lubey's readings show that pornography always had a social consciousness that it knew long before anti pornography feminists said it that women and nonbinary people are disadvantaged by a society that grants sexual privilege to men Rather than glorify this inequity Lubey argues the genre's central task has historically been to expose its artifice and envision social reform Centering women's bodies pornography refuses to divert its focus from genital action forcing readers to connect sex with its social outcomes Lubey offers a surprising take on a deeply misunderstood cultural form pornography transforms sexual description into feminist commentary revealing the genre's deep knowledge of how social inequities are perpetuated as well as its plans for how to rectify them

**From Physico-theology to Bio-technology** Kurt Bayertz, Roy Porter, 1998 For the last half century Mikul's Teich has made many eminent contributions to the histories of science technology medicine and society This book examines European developments since the sixteenth century the book is divided into sections on Questions of History Scientific Lives Disciplines Natural History and Science and Disease

Literature & Medicine During the Eighteenth Century Marie Mulvey Roberts, Roy Porter, 2022-10-10 First published in 1993 Literature Medicine During the Eighteenth Century analyses the close interplay of medicine and literature by paying special attention to questions of body language and the representation of inner life Although today medicine and literature are widely seen as falling on different sides of the two cultures divide this was not so in the eighteenth century when doctors scientists writers and artists formed a well integrated educated elite Locke Smollett and Goldsmith were doctors and physicians such as Erasmus Darwin doubled as poets Written by leading historians of medicine and eighteenth century literary critics this book uncovers the interconnections between medical and psychological theory and ideas of taste beauty and genius Its contributors explore the rich cultural milieu of the period and investigate the ways in which medicine itself contributed to informing a gendered discourse of the world This book will be of interest to historians literary scholars and medical historians

Men Desiring Men Susan E. Gustafson, 2002 Gustafson goes beyond the medical psychoanalytical and legal discourses that Foucault viewed as the initiators of modern sexual identities to explore the literature and discourse of male male desire a century earlier within the tradition of German
