Secrets of Western Sex Magic U. D. Frater, U. D. (Frater), 2001 **HARNESS THE MOST POWERFUL ENERGIES YOU HAVE EVER EXPERIENCED** Unlock the powerful energies raised during the sex act and use them to manifest your deepest desires During the sex act your attention becomes focused into a laser beam of concentration This power of concentrated thought is the foundation of all magical systems Sex Magic's secret is that it's a tremendously powerful and easily learned way to consciously direct sexual energy and accomplish material and personal goals Male and female energies are often entirely different and it would be folly to deny this but experience shows that female magicians can be particularly successful in using and developing Sex Magic Consequently this book is aimed at both male and female readers unlike more traditional teachings written for men Of all secret lore Sex Magic has been reputed through the centuries to be the most dangerous Today we know that this attitude was largely a reflection of the hostility held towards the flesh held by repressive religions If we learn one thing from the shamanic cultures it is the strong emphasis upon the role of the body in magic Mind and Body are two facets of the One Thing in which Will Imagination and Gnostic Trance are the three pillars of success Contrary to the principles of Eastern Tantra Western Sex Magic emphasizes the importance of actual orgasm both male and female Orgasm is the moment when the walls between consciousness and

subconsciousness are sundered and direct access to the deeper levels of the psyche become possible freeing up possible paranormal powers Orgasm itself is sufficient to achieve gnostic trance provided that control is maintained and one does not simply lose consciousness as most people do at the moment of ecstasy Secrets Western Sex Magic teaches one of the oldest disciplines of this secret lore It is a complete system of Sex Magic in theory and practice with exercises to develop related abilities for visualization concentration breath control psychic energy arousal and flow along with full instructions on the projection of sexual energies for healing and manifestation their use in Sigil Magic and the charging of Amulets Talismans Group Ritual and the assumption of god forms when working as a priestly couple and the divine Chymical Marriage of ultimate union This book is also an introduction to the entire field of practical magic using our natural interest and involvement in sexual pleasure to illustrate and develop magical abilities and techniques

Magia Sexualis Hugh B. Urban, 2006-10-04 Sexuality and the occult arts have long been associated in the western imagination but it was not until the nineteenth century that a large and sophisticated body of literature on sexual magic the use of sex as a source of magical power emerged This book the first history of western sexual magic as a modern spiritual tradition places these practices in the context of the larger discourse surrounding sexuality in American and European society over the last 150 years to discover how sexual magic was transformed from a terrifying medieval nightmare of heresy and social subversion into a modern ideal of personal empowerment and social liberation Focusing on a series of key figures including American spiritualist Paschal Beverly Randolph Aleister Crowley Julius Evola Gerald Gardner and Anton LaVey Hugh Urban traces the emergence of sexual magic out of older western esoteric traditions including Gnosticism and Kabbalah which were progressively fused with recently discovered eastern traditions such as Hindu and Buddhist Tantra His study gives

remarkable new insight into sexuality in the modern era specifically on issues such as the politics of birth control the classification of sexual deviance debates over homosexuality and feminism and the role of sexuality in our own new world of post modern spirituality consumer capitalism and the Internet

Hidden Intercourse Wouter J. Hanegraaff, Jeffrey Kripal, 2008-12-31 From rumours about gnostic orgies in antiquity to the explicit erotic symbolism of alchemical texts from the subtly coded eroticism of medieval kabbalah to the sexual magic practiced by contemporary occultists and countercultural translations of Asian Tantra the history of Western esotericism is rich in references to the domains of eros and sexuality This volume which brings together an impressive array of top level specialists is the first to analyze the eroticism of the esoteric without sensationalism or cheap generalizations but on the basis of expert scholarship and attention to textual and historical detail While there are few other domains where the imagination may so easily run wild the various contributions seek to distinguish fact from fiction only to find that historical realities are sometimes even stranger than the fantasies In doing so they reveal the outlines of a largely unknown history spanning more than twenty centuries

The Gnostic Faustus Ramona Fradon, 2007-11-12 The Faust legend seen as a transmission of core Gnostic teachings disguised as a morality tale Shows the 16th century Faust text to be a coded composite Gnostic creation myth Identifies the many Hermetic alchemical and Tantric symbols found in Faust that signify worship of the divine feminine through sacramental sexual practices Reveals a mystical process of spiritual salvation as distilled from esoteric traditions In *The Gnostic Faustus* Ramona Fradon shows the legend of Doctor Faustus to be a composite Gnostic creation myth that reveals the process of spiritual salvation Nearly every element of the original 16th century text is a metaphor containing profound spiritual messages based on passages of Coptic and Syrian Gnostic manuscripts including the Pistis Sophia and The Hymn of the Pearl Fradon identifies many Hermetic alchemical and Tantric symbols in the Faust Book that accompany the story of Sophia the goddess of wisdom whose troubled journey to salvation is a model for human spiritual development Extensive line by line text comparisons with these Gnostic manuscripts show that Faustus s corruption by the Devil and his despair parallel Sophia s transgression and fall and that his tragic death is a simple reversal of her joyful rebirth so written in order to make an otherwise heretical story palatable to Church authorities at that time Fradon demonstrates that the Faust legend is a vehicle for transmitting antiquity s secret wisdom It provides an account of spiritual initiation whose goal is ecstatic revelation and union with the divine The elements of alchemy sacramental sex and worship of the divine feminine that are encoded in the Faust Book reveal the same hidden goddess worshipping tradition whose practices are hinted at by the writings of Renaissance magi such as Cornelius Agrippa

themselves as well as on the author's personal investigations and interviews often conducted under dangerous conditions. The book attracted the attention of historians and journalists the world over and has been translated into six languages. A later edition boasts the famous foreword by Norman Mailer. How did occultism come to play such an important role in the development of Nazi political ideology? What influence did such German and Austrian occult leaders as Lanz von Liebenfels and Guido von List have over the fledgling Nazi party? What was the Thule Gesellschaft and who was its creator Baron von Sebottendorf? Did the Nazi high command really believe in occultism? In astrology? In magic and reincarnation? This is a new and expanded edition of the original text with much additional information on the rise of extremist groups in Europe, Latin America, Asia and the United States and the esoteric beliefs that are at their foundations. It is the first book in a trilogy that includes *Ratline* and *The Hitler Legacy*. This is where it all began. — *Spear of Destiny* Trevor Ravenscroft, 1982-06-01. An account of the legendary spear which pierced the side of Christ which has been invested with occult powers. Illustrating the possibilities of a life infused with magic, Abrahamsson reflects on his decades spent in the company of some of the most unconventional thinkers of the late 20th and early 21st centuries. He reveals his involvement with psychedelic culture, the punk subculture and numerous occult figures and organizations including Genesis P. Orridge and Thee Temple Ov Psychick Youth Anton LaVey's Church of Satan, the Ordo Templi Orientis and a branch of the American Golden Dawn. Interwoven with his occult experiences and meetings with infamous practitioners of magic, Abrahamsson describes his evolution as a multidisciplinary artist always imbuing his diverse artistic practice with a developing occult philosophy. He also details his ongoing efforts to disseminate the occult arts via publishing companies like Psychick Release, Looking Glass Press, Edda Publishing, Trapart Books and the occultural journal *The Fenris Wolf* as well as fieldwork in Tibet, Nepal and India through the Institute of Comparative Magico-anthropology. Through each encounter and reflection on the magical, shamanic and mystical practices that structured his own life, Abrahamsson illuminates how it's possible to experience a life of wisdom and miracles. — **Dictionary of the Supernatural** Petre Underwood, 1978-10.
