compelling account of the Christian hope for bodily resurrection The first half of the work focuses on Christian foundations for the notion of sex in heaven while the second goes on to discuss some of the implications of those convictions for sex on earth Jung concludes with discussions of how best to nurture sexual delight on earth and how and why internet pornography fails in that regard The book provides a valuable alternative reading of Christian eschatological thinking about resurrected bodies and a sensitive refreshing and candid discussion about sexual delight Adrian Thatcher author of *God Sex and Gender* An Introduction **More than a Monologue: Sexual Diversity and the Catholic Church** J. The Christianity Reader Mary Gerhart, Fabian Udoh, 2007-09 Christianity is the world's most populous religion with some two billion adherents. As a world religion, Christianity has flourished because it is capable of taking on new forms in new contexts. To understand both the religion's history and its present state, Mary Gerhart and Fabian Udoh gather original texts from early Christian writings to contemporary documents on church-related issues in *The Christianity Reader*. The most comprehensive anthology of Christian texts ever in English, this is a landmark sourcebook for the study of Christianity's historical diversity. With newly edited, annotated and translated primary texts along with supplemental analytical essays, the volume allows Christianity at long last to speak in its many voices. Focusing on Christianity as a religion, Gerhart and Udoh select texts that illuminate issues such as theology, mysticism and ritual, while also articulating the stories of previously marginalized groups as well as those in new and growing epicenters of the religion. With nearly three hundred selections, the texts encompass the entire history of Christian writings, excluding the New Testament, from Justin Martyr and Tertullian to Fabien Eboussi Boulaga and Teresa of Calcutta. Eight thematic sections cover biblical traditions and interpretations, early influences, nascent forms, patterns of worship, structures of community, philosophy, theology and mysticism, twentieth-century issues and challenges, and the contemporary relationship between Christianity and other world religions. The Reader's contents are arranged chronologically and are supported with introductions and source notes that explain the rationale for their inclusion and their context. Providing a far richer selection than ever before available in a single volume, *The Christianity Reader* will be welcomed as both a classroom resource and a work of reference for decades to come.

Living Out Sexuality and Faith Joseph N. Goh, 2017-12-15 Sexuality, religion and faith often have complex and conflicting interactions on both personal and societal levels. Numerous studies have been conducted on queer subjects, but they have predominantly focused on Western expressions of faith and queer identities. This book contributes to the wider scholarship on queer subjects by drawing on actual lived experiences of self-identifying gay and bisexual men in Malaysia. It discusses what we can learn from the realities of their lives that intersect with their religious, spiritual, theological or humanistic values in an Asian context. Analysed within the critical frameworks of queer theory and queer sexual theology, this study divulges the meanings ascribed to sexual identities and practices as well as conceptualisations of masculinity, sexual desire, love and intimate physical connections. It also lays bare the complex negotiations between gender, desire and spirit and how they can affect one another. Tying fascinating case studies and underexplored Asian theologies with wider conversations around sexuality and faith, this book will be of significant interest to scholars working in religious studies, theology, queer studies, sexuality studies and Asian studies.

Hearing God's Voice: Towards a Theology of Contemporary Pentecostal Revelatory Experience Tania M. Harris, 2023-09-25 The revelatory experience or, in common parlance, hearing God's voice, is prized by Pentecostal/Charismatic Christians for its contribution to spirituality, yet remains

one of the most problematic areas of church life Theological tensions and pastoral fallout have plagued the experience since the time of the New Testament Drawing on the tools of practical theology this book presents the findings of a unique and ground breaking study among Australian Pentecostals With a theological framework modelled on New Testament practice and undergirded by the accountability of the local church many of the problems associated with revelatory experience can be addressed and the experience fully harnessed for kingdom purpose
