## Abstract

Sexual expressions in the 21<sup>st</sup> century have become diverse to the extent that previously stereotyped expressions are gaining popularity within Christian ethical discourses. Most Christian denominations differentiate homosexual orientation from homosexual behaviors. This distinction allows these denominations to denounce homosexual behaviors and tolerate homosexual orientation. The underlying notion is that one is not guilty until they have acted on their sexual orientation. Thus experiencing homosexual orientation alone does not necessarily make one a homosexual. This article examines sexual orientation and sexual behavior as components of sexual expression. The examination links sexual orientation and sexual behavior to sexual identity. The fundamental question of the inquiry is: are sexual orientations and sexual behaviors mutually exclusive as far as sexual expression is concerned? Are Christian denominations justified in denouncing homosexual behaviors but tolerant of homosexual orientations? The article reveals that not all sexual orientations have corresponding sexual behaviors, but sexual orientations influence sexual behaviors and the choice of a sex partner. Individuals determine their sexual identity through their preferred sexual orientation and not through their sexual behaviors or choice of a sex partner. Consequently, it is incorrect to focus on sexual behaviors or the gender of sex partners to respond to issues on sexual identity. Jesus' statement in Matthew 5:28 shows that unhealthy sexual orientation is as toxic as unhealthy sexual behavior. It is, therefore, inconsistent for a Christian community to strictly condemn sexual behaviors in same-sex relations while tolerating homoneoticism.

**Keywords:** homosexual, sexual behavior, sexual expression, sexual identity, sexual orientation.

Sexuality and Medicine E.E. Shelp,2012-12-06 It may be unnecessary to some to publish a text on sexuality in 1986 since the popular press speaks of the sexual revolution as if it were over and was possibly a mistake Some people characterize society as too sexually obsessed and there is an undercurrent of desire for a return to a supposedly simpler and happier time when sex was not openly dis cussed displayed taught or even presumedly contemplated Indeed we are experiencing something of a backlash against open sexuality and sexual liberation For example during the 60s and 70s tolerance of homosexual persons and homosexuality increased Of late there has been a conservative backlash against gay rights laws Sexual intercourse before marriage which had been considered healthy and good has been of late characterized as promiscuous In fact numer ous articles have appeared about the growing popularity of sexual abstinence There is a renewed vigor in the fight against sex education in the schools and an anti pornography battle being waged by those on the right and those on the left who organize under the guise of such worthy goals as deterring child abuse and rape but who are

basically uncomfortable with diverse expressions of sexuality One would hope that such trends and the ignorance about sex and sexuality that they reflect would not touch medical professionals That Dr Reenvisioning Christian Ethics Darryl W. **Sexual and Reproductive Health** Paul Van Look,Kristian Heggenhougen,Stella R. Quah,2011-01-10 This volume presents the highlights of current global thinking about sexual and reproductive health Major changes have taken place in the last 15 years in the way decision makers think about the subject and the manner in which programmes deliver comprehensive sexual and reproductive health services The turning point was the International Conference on Population and Development ICPD held in Cairo Egypt in 1994 ICPD was a watershed for several reasons First more than in any of the preceding United Nations population conferences the issue of population was clearly placed as being central to sustainable development Second the narrow focus on population growth the population bomb which had been a neo Malthusian concern and preoccupation ever since the Club of Rome published its 1972 report Limits to Growth was replaced by the comprehensive concept of sexual and reproductive health Third and linked to the definition and introduction of the reproductive health concept was the strong call for a paradigm shift away from a policy environment driven by demographic considerations sometimes to the point of using coercion in family planning services in order to reach demographic targets to an environment that recognized the right of individuals to make their own choices And last but not least ICPD as well as the Fourth World Conference on Women FWCW held the following year in Beijing People s Republic of China strongly emphasized that the rights of women and men to good sexual and reproductive health are firmly grounded in universal human rights Provided by publisher *The Quest for Human Dignity in the Ethics of Pregnancy Termination* Tom Joel Obengo,2016-06-22 The Quest for Human Dignity in the Ethics of Pregnancy Termination describes and analyzes the problem of termination of pregnancy with special attention to its prevalence in Kenya where more than seven hundred abortions are performed daily on girls between fifteen and seventeen years of age Although pregnancy termination is illegal in Kenya its practice goes on in the rural villages in homes in urban streets and in private clinics The book focuses on the ethical quest for human dignity in the context of the church s response to the challenge of termination of pregnancy It examines the perceptions and attitudes of various cadres of Christians such as church ministers doctors and lawyers towards the problem The book proposes ways and means by which the church in Kenya can approach the challenge of termination of pregnancy including those pregnancies arising out of rape and incest Findings support the current legal framework that prohibits pregnancy termination but reveal a desire for change in the way the church deals with members who get unplanned pregnancies and those who terminate the same The book suggests in addition that the church s role should emphasize counseling teaching and pastoral care rather than ex communication and public rebuke **Moral Discernment in the**

**The Bond of Love: Catholic Teaching on Marriage & Sexual Ethics** Willem Jacobus Cardinal Eijk, 2025-09-10 Contemporary attitudes toward marriage family life and human sexuality have undergone profound changes since the mid twentieth century spurred by a host of social and cultural factors Large segments of the population in the West now hold views on marriage and sexual ethics that are very different from the values and norms taught by the Church Indeed Catholic teaching on the truth of marriage and human sexuality is open to strong criticism including among groups of Catholics and seems at best poorly understood In *The Bond of Love* Willem Jacobus Cardinal Eijk provides a comprehensive and unflinching account of the Church s teaching on marriage and sexual ethics dispelling misconceptions and elucidating its truth with grace and clarity As he demonstrates far from being a set of arbitrary rules that constrain human freedom this teaching is instead a deep wisdom for human flourishing anchored in the truth of God and man divinely revealed within Scripture Tradition and the Gospel Eijk first locates Catholic teaching on marriage and sexuality in relation to the currently dominant views in Western society He follows this with an exposition of the fundamental starting point of the Church s teaching on the nature of marriage and sexuality rooted in theological anthropology Next discussed is the virtue of chastity the integration of the sexual faculties into the personality and what it requires of both married and unmarried persons The volume concludes by addressing practices and circumstances that violate the essence of marriage This powerful witness to the truth and beauty of Catholic teaching on marriage and sexual ethics is a vital resource for pastors teachers and all of the Church s faithful striving to live in the love and communion that is grounded in Christ
